5.7. BENCHMARKING DATA

(Pages 1 - 96)

PARKING SERVICE RESPONSES to Questions of 16/12/13 Meeting.

- Q1) The number of online respondents to the resident consultation regarding on-street parking that was undertaken in 2010;
- A1) The residents parking survey undertaken in 2010 was sent out only to PCC Permit Holders via Royal Mail, no online consultation took place. See attached 'On Street Parking Survey' and Parking Review Summary Feedback Report' for further information.

- Q2) If it was legal to disallow residents from student housing, who don't pay council tax, to obtain resident parking permits;
- A2) We can find no evidence of any Council that excludes students from obtaining a residents parking permit in an eligible property; nor can we find any Council who restricts students from obtaining permits in residential student properties that do not pay Council Tax. The majority of Councils that were benchmarked have a planning restriction in place similar to PCC, whereby all new and refurbished developments and change of use developments are excluded from the issue of parking permits. The majority of Universities request or instruct students not to bring their vehicles to the City in which they study, however the Universities can take no action against those students who choose to ignore this instruction.

The consensus of opinion historically is that it would not be illegal to disallow residents from student housing who don't pay council tax to obtain residents parking permits, however it may be deemed as discriminatory.

For information Nottingham City Council has restricted permits to students as below:-

“Student permits are available to tenants residing at a property within a scheme area whilst they are studying. Some properties where previous single dwellings have been converted into flats may not be eligible due to planning restrictions.

The maximum allocation of student permits per household is 3 and this is made up of any combination of residents or visitors permits. Student residential and visitor permits are valid for 1 academic year (i.e. 1 August to 31 July) and are subject to a charge of £70.00 per permit.

- Q3) Benchmarking exercise to be undertaken with other Local Authorities to find synergies with how Plymouth's CPZ structured and controlled;
- A3) It is evident from the benchmarking results below that the majority of Councils now operate permit schemes during working and commuter hours ie: predominately starting at 8am and ending between 5pm and 6:30pm. Several Councils restrict the number of permits, vehicle weight and length to each permit zone; Southampton City Council permit parking fact sheet is attached for general information.

	Council	No of Zones	Hours of Operation								
1	Derby City Council	12	Monday to Saturday 8am to 6pm x 9 Zones 1 Zone x has two separate restrictions, the area closest to the hospital operates Monday to Sunday 8am - 6pm, Monday to Friday 8am to 6pm for the other areas. Monday to Friday 8am to 4pm (1 September to 30 June) x 2 Zones								
2	Portsmouth City Council	34	Parking schemes operate at all times								
3	Bristol City Council	3	Monday to Saturday 8am to 6pm (part of the Outer Zone) or Monday to Saturday 8am to Midnight (all of the Central and Inner Zone and some of the Outer Zone).								
4	Dover	12	Permit scheme operational hours are a mixture of 8.30am to 5.30pm or 10.30 to 5.30pm.								
5	Bournemouth	9	All permit schemes operational hours at all times.								
6	Southampton City Council	22	All permit schemes operational 8am to 6pm Monday to Saturday.								
7	Cardiff Council	2	Central - 8am – 10pm Monday to Sunday 50% of the street Outer Central Areas 8am – 10pm Monday to Sunday 100% of the street								
8	Oxford Council	30	Permit schemes are a mixture of 'at all times', 9am to 5pm, 8am to 6.30pm etc to cover all day working and commuter hours. Specific restrictions apply in the area of Kassam Stadium as below; permit schemes are also in operation on football match days. Kassam Stadium controlled parking zones <table border="1" style="width: 100%; border-collapse: collapse;"> <tr> <td style="width: 50%;">Blackbird Leys West (BW)</td> <td>Sunday 8:30am-1:30pm, and event days</td> </tr> <tr> <td>Brake Hill (BH)</td> <td>Sunday 8:30am-1:30pm, and event days</td> </tr> <tr> <td>Fry's Hill (FH)</td> <td>Sunday 8:30am-1:30pm, and event days</td> </tr> <tr> <td>Minchery Farm (MF)</td> <td>Sunday 8:30am-1:30pm, and event days</td> </tr> </table>	Blackbird Leys West (BW)	Sunday 8:30am-1:30pm, and event days	Brake Hill (BH)	Sunday 8:30am-1:30pm, and event days	Fry's Hill (FH)	Sunday 8:30am-1:30pm, and event days	Minchery Farm (MF)	Sunday 8:30am-1:30pm, and event days

Minchery Farm (MF)	Sunday 8:30am-1:30pm, and event days										
9	Cambridge Council	15	Permit schemes are similar to Oxford – a mixture of schemes to cover all day working and commuter hours. Schemes operational predominately between 8am to 8pm and up to 9pm daily.								
10	Croydon	16	Permit schemes operate 9am to 5pm Monday to Friday in all but the Central Croydon area which operates 8am to 12 midnight on all days.								

- Q4) More information regarding the requirement for parking permits to be linked to length and the weight of the vehicle to be provided;
- A4) PCC currently have a weight restriction of 3,500 kilo's in the Traffic Regulation Order. The TRO can include whatever restrictions PCC feel appropriate to restrict the weight and length of vehicles eligible for the issue of parking permit. Vehicles are now also much higher than they used to be and prone to blocking light from residential windows therefore it would be prudent at this time to perhaps think about including a vehicle height restriction also.
- Q5) More information would be provided upon the oversubscription of CPZ parking permits, specifically with regards to the 300% oversubscription;
- Q6) The feasibility of getting data on Controlled Parking Zones from PCNs issued would be investigated;

A5) and A6) Appendix I attached shows

- the approximate number of residents parking bays available in each permit zone. Residents parking bays are laid on the road in lengths, not as individual bays therefore the measurement of 5.5mtrs per bay has been applied to the lengths of the bays.
- the number of permits by permit zone currently in issue
- the number of PCN's issued within the permit zones between 01/04/2013 and 27/01/2014.

NB: PCN's issued in residents permit bays may be to persistent offenders. Ie: Wyndham Square indicates **XX** PCN's were issued, however 70 of these were issued to one vehicle.

ON-STREET PARKING SURVEY

Dear Permit holder,

We are currently carrying out a review of all on-street parking restrictions in the city...

As part of the review we are gathering information on what does and doesn't work well, from both a user's perspective and through managing the network, including the enforcement of highway restrictions.

We are keen to get the views of our resident parking permit holders and have put together a short satisfaction survey to help inform the review.

We would be very grateful if you could complete and return the enclosed satisfaction survey to us by **Thursday 30 September**.

As an incentive we will be entering all completed surveys into a prize draw, with four

six-month parking passes and one 12-month parking ticket for the Theatre Royal car park up for grabs. All of these permits will start on 1 January 2011.

We are also running a separate online survey for anyone who uses on-street parking in the city. This includes parking in residential parking zones, on single yellow lines, in limited waiting bays and in any of the on-street pay and display areas.

To take part please go to www.plymouth.gov.uk Once the survey is complete the information you and others have provided will help Plymouth City Council identify where improvements to the on-street parking can be made, for both residents and the wider users of our transport network.

If you would like to be entered into the prize draw, please return the enclosed address slip with your survey in the envelope provided. Please note, only one entry per person will be applicable for entry into the prize draw.

1 Background

1.1 Introduction

The purpose of this project is to carry out a comprehensive review of on-street parking. Concentrating on the following issues;

- Parking within residential parking zones
- Parking on and the use of single yellow lines
- The use of limited waiting parking
- Pay and Display Parking

The Feasibility stage of this project has been split into three phases and this document records and summarises the findings of phase 1.

1.2 Phase 1 – Data Collection & Information Gathering

We have collated and mapped the entire database of traffic regulation orders relating to on street parking restrictions.

This has enabled us to visualise the current system in place and see the irregularities that have occurred from multiple piecemeal changes over the years.

Through the summer until the 6 October 2010 we engaged with the following users to seek their opinions and feedback on the current parking systems, what works well and what doesn't work well.

- Residents of Plymouth via press releases and an online survey.
- Residential Permit Holders of Plymouth via a direct mailed satisfaction survey
- Parking Supervisors and management, Civil Enforcement Officers and Parking back office administration team
- Neighbourhood Liaison Officers
- Ward Members

This document summarises the feedback we have received, gives a platform for further discussion and analysis and also contains a hot spot list identifying specific pieces of work which may be undertaken.

2 Feedback Summary

2.1 Time Restrictions in Residents Parking Zones

The residential parking schemes that we currently have in place are aimed at stopping workers, shoppers and other non residents from parking in the designated areas, enabling a resident to park close to their property.

We control this by having time restrictions in place throughout the day which ensures only permit holders are allowed to park during the designated times. A permit holder has to provide proof that they are a resident within the zone and are eligible to apply for a permit.

We currently have 22 different types of day and time restrictions and 53 different zones. The time restrictions for example are like this;

Permit Parking only between these times

- Monday - Saturday: 2pm-3pm
- Monday - Friday: 3pm-4pm
- Monday - Friday: 10am-11am
- Monday - Friday: 11am-12pm
- Monday - Saturday: 9am-7pm

The current time restrictions in the majority of residential parking zones do not achieve their stated purpose. This being, the ability for a resident to park close to their property at any point of the day. Only 22% of residents in permit zones are satisfied with the availability of parking in their street, and only 27% satisfied with the number of spaces in the whole zone.

The current time restrictions are targeted at stopping commuters parking their vehicles and walking to their destination. I.e. shop or workplace. I assume the 1 or 2 hour restricted time slots are staggered to allow the CEOs the ability to manage their beat and get from one zone to another.

Many residents have identified the main issue of not being able to park when they come home from work. Only 8 of our 22 different time restrictions run until 6pm, which is when many people identified as the time they arrive home from work. By this time, most spaces are full and they cannot park. Only 38% of residents are satisfied with the time restrictions in their zones.

The feedback from CEOs and parking supervisors also highlight time restrictions as one of the main issues.

CEOs have indicated that due to the current restrictions in place they struggle to get around to all of the zones within the allocated 1 hour of permit only times. It also becomes very predictable for motorists who know they can park practically all day and then move their vehicles for an hour, the same time every day, when they know a CEO would be visiting.

Only two restrictions cover permit parking on a Sunday. Historically this would have been acceptable, however, Sunday is almost a normal working day for many and therefore any restrictions in place during the week and on a Saturday should also be applied to a Sunday.

Feedback from all sources indicates a preference for a standardised approach to time restrictions. This could be either 24 hour, 7 days a week or at least 8am – 8pm.

The working week has changed through the years. What once was a 9am-5pm; Monday to Friday 40 hour week is now a much more flexible working week. Many employers offer much more flexible working arrangements and there are more shift and part time workers. With the increased number of bars, restaurants and clubs in and around the city centre many more people are parking close by, within residential parking zones, at any time during the day.

Where applicable a residential parking scheme should focus on allowing residents to park when required and not focus on stopping other road users from parking. These are of course linked but the first approach would be seen as a more positive way of thinking. A controlled parking zone has the opposite approach and would focus on when and where we want motorists to park.

2.2 Number of vehicles / permits per property in Resident Parking Zones

The residential permit scheme currently does not limit the number of permits available to any property.

The only restriction on permits issued is when a private property applies for planning permission and is granted a change of use. At this point the property becomes ineligible to apply for a permit.

Below is the number of permits owned by individual properties. e.g. 149 Properties each have purchased 4 permits.

Number of permits each property own	Total number of properties	Percentage Share
1	3313	39.73%
2	1302	31.23%
3	461	16.59%
4	149	7.15%
5	56	3.36%
6	13	0.94%
7	6	0.5%
8	3	0.29%
9	2	0.22%
Total	8338	

The feedback from residents indicates that a huge issue is that too many permits are issued to properties. Particularly multi occupancy properties that are occupied by students. Many residents indicate how the parking problems are not as bad during the holidays when students have returned home.

30% of residents highlighted the fact there are too many permits issued per property and the increase in students parking their cars as the **main** reason for their dissatisfaction. This is the largest total.

Residents indicate an acceptance to the need to limit the number of permits on offer to properties but also indicate that they would like to see resident permits issued to permanent residents only.

It has **not** been an occurring theme from residents to suggest they would be happy to see a price increase in permits, even if this provided a better service.

As a separate issue, many residents have indicated via the general online survey their dissatisfaction at the property they occupy being excluded from the scheme where they live.

In May 1997 as an attempt to limit the number of parking permits in the system a report was taken to the Plymouth Joint Highways Committee recommending that properties situated within a Permit Parking Zone that are obtaining planning permission to:

- (a) be demolished or re-developed,
 - (b) be changed from a single occupancy to multiple occupancy or
 - (c) be subject to any other change that would involve an increased parking demand,
- should be automatically removed from the list of properties eligible to apply for any form of parking permit.

The main scenario example is as follows

Two, four bedroom houses next to each other, one house gets turned into two, two bedroom flats, after a granted planning application. This house then becomes ineligible for parking permits. The other house is rented out as four separate rooms and no planning application is submitted or required. This house is then still eligible for permits to be issued.

2.3 Inconsiderate / Unsafe Parking

Residents have identified that the current bay markings gives car users the opportunity to park in such a way that can reduce the number of available spaces. 18% of residents gave this reason to explain their dissatisfaction.

It seems to be also practice that motorists park 'in the middle' of a double space so when their partner returns from work they move their car and both are able to park. This was reported quite a few times.

Unsafe parking can also occur, it happens when there is literally nowhere to park. Whilst there is no excuse, motorists are being forced into parking right up to the edges of streets or actually on corners.

2.4 Other Key Feedback – This is general across all information gathered

#4 The number of commercial vehicles being brought home and parked in residential zones – taking up more than one vehicles worth of space.

#5 The abuse of the business permits system. Many business permits are in place but vehicles are remaining in the same place all day – therefore taking up spaces.

#6 The number of multi occupancy properties being shared by several taxi drivers and the subsequent parking of the taxis in the street.

#7 Commuter parking relating to the time restrictions. If someone works mornings then a 2pm-3pm permit only zone is perfect for the commuter.

#8 Confusing restrictions. P&D, single yellow lines, residential zone, and residential zone with visitor only bays that other permits are not eligible for. Some roads have permit only on 1 side of the road and P&D on the other side of the road.

#9 Limited Waiting Bays. The difficulty of enforcing cars parked in limited waiting bays. Need to have in place system to effectively patrol, manage & enforce if necessary. Ticket Machines, P&D and no returns could resolve this.

#10 Disabled parking around yellow lines (non bar marked) around car parks cause problems.

#11 Single yellow line restrictions not restricted on Sundays – people going into the City Centre on a Sunday can park for free.

#12 Too many controlled parking zones, too many restrictions within these zones.

#13 Natural boundaries of parking zones are not in place, therefore dispersal parking to the streets immediately outside of the zones have huge problems.

#14 Permit systems in place for Football & Rugby matches. To be enforced on match days only.

#15 Loading and unloading of vehicles for local district centres. Rationalise and standardise, when it is appropriate to load and where this is done, not in limited waiting bays, bus bays or Pay & display preferably.

2.5 Hot Spot List

The following is a list of specific areas which has come forward in the review more times than others.

- Requests for restricted parking in Whittington Street
- Requests for restricted parking in Amherst Road
- Requests for restricted parking in Salcombe Road
- Parking in Peverell, particularly when Plymouth Argyle plays at home.

3 Next Stage

Following on from this summary document, there will be two further phases.

3.1 Phase 2

Will focus specifically on the key findings by consulting with nominated officers to seek their feedback, comments, history and deliverability of possible outcomes. This phase will also seek feedback on the Hot Spots for resident parking issues and establish the reasons for these areas which may inform future policy criteria. The proposed completion date for phase 2 is week ending 29 October.

3.2 Phase 3

Will take into consideration the work achieved in phase 1 and phase 2. It will review feedback and issues and consider this with the proposed parking strategy. Options analysis for future criteria and their impact will be developed for the project board to consider. Further consultation will follow after this phase. The proposed completion date for phase 3 is week ending 19 November.

4.2 Online General Survey Results

408 People responded to the online survey. The key results are summarised below

Parking within a RPS (Residential Parking Scheme)

- 63% never park in a RPS, with 22% not realising that there were times you could park.
- The main reason for parking here is visiting nearby shops or visiting friends.
- 36% park here because it is convenient, 40% because they have no alternative and only 12% because they don't have to pay
- 75% park for less than 2 hours

Parking on Single Yellow Lines

- 61% never park on single yellow lines, with 17% not realising that there were times you could park on them.
- The main reason for parking here is dropping off or picking someone up or visiting nearby shops.
- 44% park here because it is convenient, 36% because they have no alternative and only 6% because they don't have to pay
- 92% park for less than 2 hours and 60% for less than 30 minutes.

Parking on Limited Waiting Bays

- 60% never park in limited waiting bays, with 17% not realising that there were times you could park on them.
- The main reason for parking here is visiting nearby shops.
- 48% park here because it is convenient, 20% because they have no alternative and only 23% because they don't have to pay
- 99% park for less than 2 hours, 86% for less than 1 hour and 54% for less than 30 minutes

Parking in Pay and Display Bays

- 79% park in pay and display with 21% not.
- 24% of people do not use pay & display because it is too expensive and 23% not using it because it is not in the area they park.
- The main reason for the use of pay and display is visiting businesses or shops (70%)
- 48% park here because it is convenient, 50% because they have no alternative
- 78% park for less than 2 hours and 30% for less than 1 hour.
- 61% of people asked think the current prices are too expensive with 12% unsure of the current prices
- Only 2% of people said they were happy with the current parking situation in Plymouth with 41% claiming their quality of life is severely affected due to the parking situation.

Southampton City Council fact sheet

Zone 1 (Polygon)

Guidance on entitlement

1) Who Is Entitled To A Resident's Parking Permit?

- a) Subject to other conditions, any resident who keeps and uses a passenger vehicle, adapted to carry not more than 8 passengers excluding the driver (not drawing a trailer) and no more than 5 metres in length.
- b) Any resident who keeps and uses a goods vehicle of up to 3.5 tonnes maximum gross weight, not drawing a trailer.
- c) Any resident who keeps and uses a Motor Cycle with fewer than 3 wheels of which the weight unladen does not exceed 410 kilograms.

2) Flats and shared accommodation

Occupiers of flats and shared accommodation may have to check to establish whether or not they have an official and separate address.

Our contact details can be found at the end of this sheet.

3) Properties built or subdivided since March 2001

Any properties built or subdivided under planning permissions granted since March 2001 are affected by policies restricting the level of parking and do not qualify for permits of any sort under the scheme.

4) If I have off street parking, will I be entitled to a permit?

You are not entitled to a resident's parking permit in this zone if you have off street parking.

5) How many permits can I have?

Permits are restricted to a maximum of 1 per official postal address. A resident may only have one permit in their name at any time with the exception of residents who keep and use both a car and motorcycle, where a permit may be issued for each.

There are 100 second residents' permits available to qualifying addresses in this zone. These will be issued on a first come, first served basis. Any resident wishing to apply for an extra permit will need to place their name on a waiting list (see 'where do I apply?' part 22).

Guidance for parking in a resident's parking zone

6) Where can I park?

The illustrations below are examples only. Always check the signs in the local area for information about parking restrictions.

a) **Permit holder bays.** Residents' vehicles correctly displaying a valid resident's permit or valid visitor's permit can park in permit holder bays.

b) **Limited waiting bays with permit parking.** Residents' vehicles correctly displaying a valid resident's permit or valid visitor's permit can park in limited waiting bays/permit holder bays for longer than the maximum time.

c) **Limited waiting bays.** Please be aware that some limited waiting bays do not allow parking for vehicles displaying a resident's permit.

d) **A permit is not valid on yellow lines,** in disabled persons' bays or in zones other than indicated on the permit. The resident's parking scheme does not guarantee you a space in front of your property.

Important: Always check the signs for information about parking restrictions.

7) When do restrictions apply in this zone?

The parking restrictions apply between 8.00am and 6.00pm Monday to Saturday.

(Other zones may vary, check the local plates when parking)

8) When don't restrictions apply in this zone?

Outside the above hours, on a Sunday and on public and bank holidays the resident's parking is not controlled.

(Other zones may vary, check the local plates when parking)

9) Can I park with a disabled person's Blue Badge?

If you are a valid blue badge holder and your badge is displayed correctly, you can park in the limited waiting bays or the pay and display bays for as long as you wish.

Guidance for visitor's parking

10) Visitor's parking permits (scratch cards)

Visitors' permits (scratch cards) are limited and the maximum number that will be issued to an address in any 12 month period (from the date of issue) is 60 permits (6 books of 10 permits). Residents may apply for any number of books up to the maximum of 6 per residential property.

For shorter visits your visitors can make use of the limited waiting bays if available.

11) The Annual Visitor's parking permit

An Annual Visitor's permit is limited to one per residential property in any 12 month period (from the date of issue). The permit may only be used for parking vehicles within a distance of 250m of the permit holding household.

The permit may only be used for a maximum stay of 8 hours including limited waiting periods, if the stay is longer than 8 hours, scratch card visitors' permits should be used.

For visits of more than six consecutive days, applicants should notify the Council in writing of this requirement, confirming that the permit is only being used for purpose of visiting the household.

The issue and re-issue of Annual Visitor permits is entirely at the Council's discretion and may be limited in zones where there is a shortage of available on-street parking for residents.

12) How do I obtain Visitors' permits?

You need to complete the Resident's permit Zones 1 to 12 and 16 application form and produce one of the documents as detailed below.

Guidance on applying for permits

All permits will be dated from the 1st of the Month in which they are issued except for temporary permits which are valid from the date of issue for the stated period.

13) How do I apply for a permit?

You need to complete the Resident's permit Zones 1 to 12 and 16 application form, and produce the documents as detailed below.

14) What documents do I need to obtain a permit?

a. Annual Visitors' permits and scratch cards:

1) A proof of residence in your name and showing the address for which you are applying for the permit, dated within the last three months.

b. Three month Temporary Resident's Permit:

1) A proof of residence in your name and showing the address for which you are applying for the permit, dated within the last three months if available.

- 2) A valid certificate of motor insurance or cover note
- 3) Proof of ownership of vehicle (Normally issued whilst awaiting return of vehicle registration document from the DVLA following change of keeper/ address details)

c. 12 month Resident's Permit:

If you are the registered keeper:

- 1) A proof of residence in your name and showing the address for which you are applying for the permit, dated within the last three months
- 2) A valid certificate of motor insurance which must also be in your name and show the address for which you are applying for the permit.
- 3) Vehicle Registration Document V5 (V5C) which must also be in your name and show the address for which you are applying for the permit

If you are not the registered keeper:

- 1) A proof of residence in your name and showing the address for which you are applying for the permit, dated within the last three months
- 2) A legible copy of a valid certificate of motor insurance
- 3) A legible copy of the vehicle registration document V5 (V5C)

And:

• For Company or lease Vehicles (including Taxis)

A letter of authorisation from your employer, on company headed paper, confirming that you are the main driver. This letter must also give details of the vehicle make, model, colour and registration mark.

• For Student Applicants

A letter from the registered keeper, authorising you to use the vehicle. This letter must also give details of the vehicle make, model, colour and registration mark. (A letter of acknowledgement will be sent to the registered keeper of the vehicle confirming that a Resident's Permit has been issued.)

Further information for students can be found on our website at:

http://www.southampton.gov.uk/parking/student_parking

15) Examples of Proof of Residence documents which are acceptable:

- The document must relate to the address at which you are applying for the permit
- Council tax bill (this must be addressed and relate to the property at which you are applying for the permit)
 - Council / Housing association rent books
 - Solicitor's completion letter
 - Tenancy agreement from letting agency
 - Dated bank correspondence
 - Building society statement / letter
 - Utility bill (electric, gas, telephone (not mobile phone), water rates)
 - Credit card statements
 - Catalogue statements
 - DWP correspondence

16) Is there a charge for permits?

Charges apply for both resident permits and visitors' permits please see the Resident's permit Zones 1 to 12 and 16 application form.

Guidance on other types of permits

17) What if I have Builders, Plumbers etc who want to park?

You can allow trades people, such as builders, plumbers, electricians etc. carrying out work at your address to use your visitors' permits or they can purchase a 2 week business permit. This will allow them to park in a permit holder parking bay (see Where can I park?).

If they do not display a permit on their vehicle they must comply with the parking regulations.

They will need to complete the Business parking permit application form.

18) If I have a Business in the area, where can I park?

Unfortunately we are unable to grant business permits in this zone.

19) Essential Visitors' permits

An Essential Visitor's permit may be issued to an eligible resident in need of regular essential visits to provide care in the home.

You need to complete an Essential Visitor's permit application form.

Question 4

More information regarding the requirement for parking permits to be linked to length and weight to the vehicle to be provided.

Currently Plymouth City Council's Traffic Regulation Order states:

VEHICLES FOR WHICH PERMITS AND TICKETS CAN BE USED

63. No vehicle other than a vehicle of the following class that is to say a passenger vehicle, a goods vehicle having a gross weight not exceeding 3500 kilograms, or a motor cycle with or without a sidecar may use any permit or ticket issued under the following provisions to this Part to this Order.

"passenger vehicle" means a motor vehicle (other than a motor cycle or invalid carriage) constructed solely for the carriage of passengers and their effects and adapted to carry not more than seventeen passengers exclusive of the driver, and not drawing a trailer;

"goods vehicle" means a motor vehicle not exceeding 3500 Kilograms laden weight constructed or adapted for use for the carriage of goods or burden of any description and not drawing a trailer;

"motor cycle" means a mechanically propelled vehicle (not being an invalid carriage) with fewer than 4 wheels, of which the weight un-laden does not exceed 410 kilograms;

Below are examples of other Council permit restrictions for your consideration:

- **Bradford Metropolitan District Council**
You will qualify for a resident's permit if you keep and use full time: a car, a van with an unladen weight under 35cwt (1,778kg) or a motorcycle.
- **Bedford Borough Council**
The vehicle must not exceed 2.8 metres in height or 5.3 metres in length.
- **Brent Council**
Permits are only for vehicles with a maximum length of 6.5m, maximum height of 2.5m and a maximum weight of 5 tonnes.
- **Brighton and Hove City Council**
Residents with vehicles which weigh more than 2,540kg, are over 2.25 metres high or are over 6 metres long cannot apply for a permit.
- **Cornwall County Council**
Resident permits must not be used in vehicles over 7.5T

- **Coventry**
Passenger motor vehicle, goods vehicle under 5.3 metres in length or 2.25 metres in height and with a maximum of 12 passenger seats and is not drawing a trailer.
- **Dartford Borough Council**
Permits may be obtained for passenger motor vehicles and goods vehicles having a gross weight not exceeding 3500kg. Permits are not required for motorcycles and scooters.
- **Eastleigh Council**
Residents who live within controlled zones who keep a passenger vehicle adapted to carry not more than twelve passengers or a goods vehicle with an unladen weight not exceeding 3.5 tonnes. Motorcycles will require a permit to be parked within the marked zones.
- **Liverpool City Council**
You are entitled to a residents permit if you have sole use of a vehicle. This vehicle can be a passenger vehicle (car), an invalid carriage or a goods vehicle (the overall height of which does not exceed 3.2 metres, length exceed 6.5 metres or maximum gross weight exceed 5 tonnes).
- **Newham Council**
The vehicle against which a resident parking permit is applied for must not exceed 2.3 metres in height and/or 5.3 metres in length. Any resident parking permit displayed in a vehicle which exceeds this height and/or length restriction will be invalid.
- **Peterborough Council**
If you use or keep a motor vehicle, invalid carriage (with an unladen weight not exceeding 30cwt) or a motorcycle at your permanent residence and if the scheme includes your street you are eligible for a permit.
- **Portsmouth City Council**
Only vehicles weighing under 3,500kg can obtain a permit.
- **Test Valley Borough Council**
The term 'motor vehicle' includes all motor vehicles except: a) goods vehicle exceeding 1524 kg unladen weight and b) passenger vehicles adapted to carry more than 8 persons (excluding the driver).
- **Wandsworth Council**
The vehicle can be either a passenger vehicle (car) or a goods vehicle, provided the overall height does not exceed 3.2 metres (10ft 6ins), the length does not

exceed 6.5 metres (21ft 4ins) and the maximum gross weight does not exceed 5 tonnes.

- Westminster City Council
Your vehicle must be able to fit within the markings of the parking place and be: a passenger vehicle that does not exceed 6 metres in length and can carry no more than 13 people including the driver; or a goods carrying vehicle that is no more than 2.44 metres (8ft) high; or a motorcycle; or an invalid carriage.
- Winchester City Council
Permits cannot be used for parking a vehicle of over six meters in length
