Purpose of Report

This report seeks to set the process for the issuing and terms and conditions of consents for the 2020/2021 trading year.

Recommendations and Reasons

1. The Consent dates for 2020 / 2021 are approved of 1 April 2020 – 31 March 2021.
2. The Consent fees set out in Appendix A, for 2020 / 2021 are approved.
3. The Service Director for Economic Development has delegated authority to approve, within Committee policy the issuing of Consents to existing city centre traders seeking to continue trading.
4. The Service Director for Economic Development has delegated authority to approve within Committee policy the issuing of Consents to new traders or contested sites for city centre sites in consultation with the chair of the licensing committee and lead opposition member.
5. The Service Director for Economic Development has delegated authority to approve within Committee policy short-term street trading consents in association with other city centre events and commercial activity.
6. The Service Director for Economic Development has delegated authority to approve and set fees for ad hoc street trading applications, within Committee policy.
7. The Service Director for Economic Development has delegated authority to approve, within Committee policy the issuing of Consents to existing ice cream traders seeking to continue trading.
8. The Service Director for Economic Development has delegated authority to approve within Committee policy the issuing of Consents to new traders or contested sites for vacant ice cream sites in consultation with the chair of the licensing committee and lead opposition member.
9. The Service Director for Economic Development has delegated authority to approve within Committee policy the issuing of Consents to existing Hoe and Madeira Road Waterfront trading sites seeking to continue trading.

10. For Hoe and Madeira Road Waterfront trading sites the licensing committee delegate approval to the licensing sub-committee for all new applications.
11. To approve the recommendation to investigate cost implications and validity of electricity connection points for all ice cream street trading sites and report findings back to the Committee.
12. To approve investigation of new street trading sites and possible roaming sites in the light of the upcoming public realm and British Land works to New George Street and Old Town Street and report findings back to the Committee.

Alternative options considered and rejected

The authority to renew annual Consents and set Consent fees by referral to the Licensing Committee for approval. This would take up Committee time on routine renewals and due to Committee timetables would slow down renewal process which could result in a loss of income.

Relevance to the Corporate Plan and/or the Plymouth Plan

This report links to the delivery of the corporate priorities defined in the Corporate Plan. In particular: A Growing City contributes by supporting local businesses and benefiting as many people as possible within the Waterfront and City Centre areas. Street Trading is also fair and treats everyone with respect to champion fairness and create opportunities.

Implications for the Medium Term Financial Plan and Resource Implications:

Street Trading is operated under the Local Government (Miscellaneous Provisions) Act 1982. The Council's policy is to administer street trading as a trading account and to finance all expenditure from the Consent fees. All activities including enforcement, administration, parking costs, business rates and improvements are all financed from the Street Trading account. Progress now needs to be made to generate applications and issue Consents to maintain this income stream for the 2020 / 2021 financial year.

Consent fees for both City Centre and Ice Cream sites were increased by 1.5% for the period 2019 / 2020.

For 2020/2021 I propose a 1.5% increase in street trading consent fees with the exception of the waterfront pitches which will stay at £3,000 per year.

Total budgeted income from the consents shown in the Appendix, assuming 100% occupancy, would be £135,587. Additional income arising from this proposed 1.5% increase, with the exception of the waterfront pitches, with fees rounded to the nearest pound, would be £137,262.

Carbon Footprint (Environmental) Implications:

n/a

Other Implications: e.g. Health and Safety, Risk Management, Child Poverty:

* When considering these proposals members have a responsibility to ensure they give due regard to the Council's duty to promote equality of opportunity, eliminate unlawful discrimination and promote good relations between people who share protected characteristics under the Equalities Act and those who do not.

The issuing of the Street Trading Consents under the Council's street trading policy ensures that all Consent holders are properly licensed and operate in a hygienic and safe manner within the street trading policy guidelines. It also finances the management of Street Trading enforcement

1.0 Introduction

1.1 The Council operates a scheme under the provisions of the Local Government (Miscellaneous Provisions) Act 1982 for the control of Street Trading in the City Centre, the Hoe and Barbican areas.

1.2 Under the scheme certain streets have been designated 'Prohibited Streets' where Street Trading (with limited exceptions such as news vendors) is totally prohibited and other 'Consent Streets' where Street Trading is permitted only with the consent of the Council. Within the designated areas the monitoring and enforcement of the Terms and Conditions of Street Trading licenses and the prevention of unauthorised Street Trading is undertaken by enforcement staff, funded in part from the Street Trading Consent fees.

1.3 The council has identified 30 sites or locations within the designated Consented Streets where it will grant Street Trading Consents comprising:

14 sites, in the pedestrianized City Centre

7 Sites in the Hoe and Waterfront area for the sale of ice cream from mobile vans.

1 site in the City Centre from a mobile unit for the sale of ice cream.

8 sites in Hoe and Madeira Road for sale of food and non-food items.

1.4 The purpose of the report is:

a) To set the consent dates and fees for 2020/ 2021.

b) To ask that the Service Director for Economic development be given delegated powers to approve the issuing of consents.

c) To ask for approval for a feasibility study for the validity of electrical connections for ice cream traders across the waterfront.

d) To ask for approval to the investigation of new street trading sites and possible roaming sites in the light of the upcoming public realm and British Land works to New George Street and Old Town Street

2.0 Duration of Consents for 2020 / 2021

2.1 It is proposed that all City Centre Consents commence on 1 April 2020 and end on 31 March 2021.

2.2 It is proposed that all Hoe ice cream sites (vans) commence on 1 April 2020 and end on 31 March 2021.

2.3 It is proposed that all Hoe Road and Madeira Road food and non-food sites commence on 1 April 2020 – 31 March 2021

3.0 Consent fees for 2020/ 2021 Background

3.1 The Local Government (miscellaneous Provisions) Act 1982 (Sch 4 para 9) provides that a Council may charge fees as it considers reasonable for the granting or renewal of Street Trading consents. In particular, it may take account of the duration of the Consent, the street in which it authorises trading and the description of articles in which the holder is authorised to trade.

3.2 The Council's policy is to administer its street trading scheme as a trading account and to finance all of its expenditure on street trading from the consent fees. The council cannot, however, budget to make a profit on its street trading activities. Therefore the overall budgeted level of consent fee income must not exceed the amount that the Council reasonably consider will be required to cover the total cost of operating the scheme, including the cost of taking criminal and/or civil proceedings against those who trade without consent.

Consent fees were adjusted for 2019 / 2020 by 1.5% and for the year 2020 / 2021 it is proposed that the Consent fees are increased for the City Centre Street Trader pitches and ice cream consent sites by 1.5% to cover the increased costs of Non Domestic Rates, repairs, maintenance and increased salary and support costs. Although inflation has risen by approximately 1.8% I have also take into consideration the lessened footfall in the city centre and the closed shops in the vicinity of street trading consent sites. This has led to even more of a need to keep street trading to keep vibrancy and life to the high street and also to allow our mostly local traders to keep their prices affordable to visitors to the city. The street traders have incurred their own increase in charges for items such as stock and fuel so the 1.5% increase for 2020/2021 to try and support street traders in our city, especially in the light of the 2020 celebrations that are planned.

I have proposed another freeze on the cost of the waterfront pitches to try and encourage new traders to the area in 2020/2021.

Total annual income for 2019/2020 for these consents if all consents were let at full capacity was budgeted at £135,587. A proposed increase of 1.5% on this budget, with fees rounded to the nearest pound, with the exception of the waterfront pitches, is expected to result in additional annual income of £1675 if the consents were let at full capacity.

The proposed consent fees are set out in Appendix A to this report. This schedule does not propose increases to the current fees charged for outdoor seating and board advertising; this would not be governed by Street Trading but by the Highways Department.

4.0 Allocation Procedure

4.1 Existing Consent holders in the City Centre are granted a degree of preference in the re-allocation of their consents unless applications are received for alternative trades that are sufficiently attractive to possibly warrant displacing an existing consent holder.

4.2 Existing Ice Cream Consent holders are granted a degree of preference in the re-allocation of their consents. Any contested consents or new applications would be considered in consultation with the chair of the licensing committee and the lead opposition member.

4.3 In 2013 the Committee approved the creation of trading sites on Hoe Road and Madeira Road and delegated approval of new applications to the Licensing Sub Committee. As only one site has been let it proposed that all new applications would continue to be considered by the Licensing Sub Committee, and that any renewals are given delegated authority to the Service director for Economic Development.

5.0 Street Trading during City Centre Events

The City Centre Company and Plymouth City Council organise a number of events and entertainment each year in the City Centre, City Centre space is also used commercially for promotional activity. Opportunities for short-term street trading during these periods are often requested. This type of short-term street trading can add to the attractiveness of the City Centre making the City Centre a more desirable place to visit. It is proposed that in these instances the Service Director for Economic Development may approve short-term licenses for street trading associated with events or promotional activity. During events in the City Centre, full time Street Traders are not asked to move out of the City Centre.

6.0 Ad Hoc Street Trading

6.1 From time to time applications are received from entrepreneurs with propositions who wish to trade in the City Centre for a period less than 12 months. They are self-sufficient and do not require a street trading stall. An example of these may be an artist wishing to draw and sell their personal caricatures and another person seeking to sell his poetry on scrolls. Neither of these activities has the potential to clash with permanent shops or traders but would add to the vibrancy of the City Centre and help maintain the income stream. This type of trading does not require a fixed site and could be located comfortably and safely within the City Centre.

7.0 Terms and Conditions.

7.1 Following on from the success of Pier Street ice cream pitch having an electricity hook up added to the site in 2018, the ice cream traders have this year asked street trading to look into the other ice cream pitches having electricity hook ups being installed on the sites. Each year street trading receives some complaints / comments about the ice cream vans having their engines running all day in a conservation area and whilst people are trying to enjoy the fresh air.

This year the street traders themselves have approached street trading and are lobbying for electricity hook ups. This would bring all pitches into line with the city centre, would enable ice cream vans to run on the electricity and therefore quieter and more environmentally friendly.

7.2 The terms and conditions for all ice cream pitches would be updated once the work had been completed and the terms and conditions would be:

-Once an electricity hook up point is installed on the site, any ice cream van trading from that site must operate from the electricity point and not have the engine running on the site.

-Traders are responsible for registering with an electricity supplier of their choice. Traders should carry out daily visual checks to electrical cabling to ensure that nothing has been tampered with and that cables are not damaged. Should any visual damage be evident, this should be reported to the Street Trading Manager immediately and the consent holder should refrain from using cables until they have been checked by a qualified electrician. The trader will be responsible for payment of the electricity consumed and the standard charge. Traders must inform their chosen supplier when they vacate a site to avoid complications with final invoice.

-All other terms and conditions on the site remain as per the 2019/2020 trading year application and offering of consent.

7.3 Cost – although there would be a cost implication to Street Trading in installing the electricity supply, it is the duty of street trading to address the constant engine running and set an example to traders that engines running constantly is not acceptable. A full, detailed, cost analysis would be carried out to look at how the connections would be funded.

8.0 New Street Trading Sites and Roaming Sites

8.1 During the 2020/2021 trading year the work on New George Street and Old Town Street will be started by both Plymouth City Council on the public realm and by British Land on the buildings. This will mean probable temporary displacement for two of the current street traders and possible impact on others. During this trading year the Street Trading Manager is proposing an investigation into temporary sites for displaced traders and also for new static and roaming pitches within the city centre to add vibrancy and new traders to the High Street through this difficult time. These proposed pitches would be put to the Committee in the early part of 2020 when the plans for the public realm work are confirmed and therefore the impact of the site will be known.

GUIDANCE NOTES

APPLICATIONS FOR CONSENTS

Each trading location must be applied for individually, but applicants can submit applications for as many locations as they are willing to trade from. If the number of acceptable applications received is greater than the number of consent locations only one consent location will be allowed per applicant.

The consents to trade from the sites will be allocated at the sole discretion of the Council. Existing traders will be given a degree of priority when allocating the sites so new applicants may not get their first or subsequent choices. In that event you will be contacted and offered an alternative site.

The consent fee is payable by equal monthly instalments, the first payment being payable at the beginning of the consent period before the consent is issued. The fee is inclusive of business rates.

The allocation of consent will be directed at obtaining a wide range of acceptable trades and a high quality style of trading. Applicants are required to provide full details of their trading style including photographs where possible.

Applications are being invited for the period until 31 March 2021 and successful applicants will be expected to trade throughout the whole of this period.

Any persons aged seventeen years or over may apply for a consent but in the event of competition for sites between local and non-local traders a minimum of 50 per cent of the consents will be allocated to local traders.

Applicants must ensure that their proposed trade is compatible with the location(s) being applied for as the Council will have regard to the interests of nearby permanent traders. Similar trades will not be allocated to different consent sites in the same street.

TERMS AND CONDITIONS OF CONSENTS

The full terms and conditions that will apply to the grant of a consent under the Local Government (Miscellaneous Provisions) Act 1982 are set out below. These terms and conditions must be strictly complied with as any breach could result in a trader's consent being immediately withdrawn. Applicants are strongly advised to carefully read the terms and conditions before making an application. The following paragraphs highlight some points of particular note not covered elsewhere in these details.

TRADING

Traders will be only permitted to trade from the specific site allocated and in the merchandise or services for which consent has been granted. No other commodities whether or not ancillary to the permitted trade may be sold. Advertisements describing the commodities sold must not mislead the consumer. It is illegal to falsely describe food and drink.

A trader may trade at his discretion within the permitted hours of 8.30am to 9pm throughout the week. Good business ethics, good quality merchandise/services and value for money are expected and required from traders.

Traders must run their business and attend the stall in person unless the Council has given written permission for the appointment of an employee to run the business on the trader's behalf. Permission to appoint employees will not be granted without good reason. The requirement is not intended to prohibit traders from being assisted by employees provided traders are in a regular and substantial attendance at the stall in person.

Traders will not be able to share the benefit of a consent or transfer it outright to another trader.

Traders and approved employees will be supplied with identification consent permits, which must be displayed inside the stall at all times when trading. The consent fee includes the cost of providing a total

of four identification permits during the consent period. With reasonable notice Plymouth City Council endeavour to issue additional permits for which there will be a charge of £15 for each permit requested. The Council will endeavour to issue any additional permits required on receipt of payment, two passport size photographs and, if appropriate, evidence of attendance at an approved food handling course.

The sales unit must not be left unattended at any time. A fully insured driver must remain with any motorised vehicle. Consent holders must attend the sales unit in person unless the Council has given written permission for the appointment of an employee to operate the sales unit on their behalf. Requests for employees to run sales units on behalf of the consent holders will be considered on merit. This requirement is not intended to completely prohibit traders from being assisted by employees provided the consent holder is in regular attendance at the sales unit in person for most of the time. A consent holder will not be able to share the benefits of a consent or transfer it outright to another trader.

Good business ethics, good quality merchandise and value for money are expected and required from the consent holders.

The use of free standing external generators is not permitted.

UNITS

Any sales unit used by the trader must be of a design and standard acceptable to the Council and approved in writing. Details must be provided with the application. Applicants are required to submit full details of their trading unit with the application form, including two colour photographs. Prior to the confirmation of the grant of a trading consent, any sales unit providing food must have received an inspection by an authorised officer of the local authority where they are registered and must meet at least the minimum standards of the relevant food and health and safety legislation. A minimum food hygiene rating of 3 (satisfactory) must be achieved. If the council proposes to grant a consent to applicants who have not received a food hygiene inspection or rating at the time of the application, a rating of 3 or above must be achieved within a month of trading. Should you be given a food hygiene rating of less than 3 during the consent period you will be in breach of these terms and conditions which could result in a consent being withdrawn.

Consent holders will be required to provide and operate from their own purpose built or specially adapted, completely self-contained sales unit (eg a motorised van, towed road trailer or hand trolley) of a design and appearance acceptable to the Council.

Motorised vehicles or towed trailers may NOT be driven or parked on the pavement or any other pedestrian area. Trading will take place from a sales unit parked on the vehicle carriageway. All goods, packaging, refuse and other articles must remain in the sales unit during trading.

For waterfront pitches, units will need to be moved on and off site every day. A unit left on site full time is not acceptable on these sites.

ACCESS TO THE SITE

All of the City Centre sites are in pedestrianised areas. Access to sites must be before 8.30am and after 6pm. Traders must apply for and be granted a permit from Plymouth City Council's parking department. If it is necessary to re-stock or remove refuse between these times, access will only be available by foot with, if necessary, pedestrian controlled trolleys, which should be removed as soon as the task is completed. Vehicles must not remain on site throughout the day; any breach could result in a consent being withdrawn.

For Hoe and Madeira Road Waterfront traders, the structure proposed must be temporary and be able to be removed from site at the end of the day. Trading from motorised mobile vehicles is not acceptable. The provision of gazebos and tents will not be accepted as they are not safe during high wind conditions, on exposed areas of Hoe Road and Madeira Road.

Ice cream traders will only be authorised to trade from the allocated permit bay. Traders must NOT stray outside their allocated consent area.

The ability to trade is subject to any road closure, temporary or otherwise, that may prevent access to the consent location or the permit bay.

Trading must always take place in a safe manner. The service of customers must be onto a pavement.

The sales unit must NOT be parked within 15 metres of a road junction on the same side of the street as the sales position

For Ice Cream vans and Waterfront traders, applicants should be aware that it is possible that the trading location MAY be affected by temporary road closures or suspension of parking facilities in connection with events such as Lord Mayors Day, Firework Competition, MTV Crashes Plymouth, Plymouth Bike Week or works or improvements to the roadway or footway. In these circumstances trading will not be possible and no refund of any consent fee will be made.

ELECTRICITY

A 13 amp electricity supply is available from a socket located adjacent to each site within the City Centre and for the Pier Street Ice cream pitch. Traders are responsible for registering with an electricity supplier of their choice. Traders should carry out daily visual checks to electrical cabling to ensure that nothing has been tampered with and that cables are not damaged. Should any visual damage be evident, this should be reported to the Street Trading Manager immediately and the consent holder should refrain from using cables until they have been checked by a qualified electrician. The trader will be responsible for payment of the electricity consumed and the standard charge. Traders must inform their chosen supplier when they vacate a site to avoid complications with final invoice.

Proof of all portable electrical appliance equipment testing (PAT test) must be supplied by operators before any equipment is plugged in.

CONSENT FEE

The fee for the consent will be payable in quarterly or monthly instalments by standing order, or in a one off up-front payment. If invoices are not paid on time then proceedings will be started to take action against the consent holder to retrieve payment and the consent to trade will be withdrawn. The fees are inclusive of any business rates that may become payable. Where a consent commences part way through the year the instalment dates will be confirmed by the Council.

Details of the consent fees can be found on the application form.

WASTE / LITTER

Great importance will be placed on the control of litter by traders in and around the trading locations. Traders are required to keep the trading position and the immediate surroundings street clean and tidy. An adequate and conveniently placed litter bin must be provided by the trader on each sales unit for the use of customers (plastic sacks will not be permitted). All trade and other refuse must be removed from the consent location and disposed of by the trader in an approved manner.

The trade and other refuse must be collected by an authorised waste disposal contractor or removed to an authorised waste disposal site; in either case a waste transfer note must be obtained and kept by the trader for inspection.

WASTE WATER

Waste water from the trader's premises must not be permitted to drain onto the public highway. Waste water will need to be collected in a clearly labelled waste water container(s). The waste water container used must be able to collect the water without spillages. A direct piped connection to the waste water container would be the preferred option. The waste water container must be taken off site for suitable disposal. Waste water must not be disposed onto the highway or rainwater gully or surface water drains.

WASTE MINIMISATION

All food stall holders must take steps to minimise their use of packaging. Where possible traders are asked to ensure any serving containers or utensils provided to the customer are reusable / recyclable and/or biodegradable/compostable to reduce the level of waste going to landfill.

STATUTORY REQUIREMENTS

Traders must comply fully with laws, byelaws and regulations, including for ice cream, fruit and confectionery food safety legislation. The food business must be registered with the Council's Public Protection Service. Applications will not be considered from any trader who is in breach of any food hygiene regulations at other premises or who has been convicted of such an offence within the last three years.

The trader is responsible for ensuring the health and safety of himself, his employees and any other person who may be affected by his business undertaking.

Authorised officers from the Council's Public Protection Service must be permitted access to the trading premises at all reasonable times. It is an offence to obstruct an authorised officer in the execution of their duties.

In addition to the road traffic regulations and parking restrictions and prohibitions, traders must comply fully with all other laws, bye-laws and regulations, including food safety legislation. The food business must be registered with the Council's Public Protection Service.

NUISANCE

Traders must not conduct their business in such a manner as to cause a nuisance to other persons or in such a manner that would obstruct the highway. The use of radios or amplifying equipment will not be permitted.

ADVERTISEMENTS

In order to maintain the high visual standards required by the Council there will be strict control of advertisements displayed on the unit. A boards are not permitted for any traders.

UNAUTHORISED STREET TRADING

The Council will use its best endeavours to control unauthorised trading but cannot guarantee that unauthorised trading will not take place. By submitting an application for a street trading consent applicants acknowledge that the Council will have no liability for any losses suffered in consequence of unauthorised trading.

PUBLIC LIABILITY INSURANCE

Traders must hold a valid public liability insurance of at least £5,000,000 and will be required to indemnify the Council against claims and proceedings arising out of the grant of the consent.

WITHDRAWAL OF A CONSENT

Any breach of the statutory provisions relating to street trading or the terms and conditions of the consent will enable the Council to revoke the consent without compensation. The Licensing Committee of the Council will be the final arbiter of what constitutes a breach and whether the consent will be withdrawn.

Traders may themselves at any time surrender a consent which is no longer required. Where a consent is surrendered or revoked, the Council shall remit or refund, as they consider appropriate, the whole or part of any fee paid for the grant or renewal of the consent.

Any upheld report of illegal trading carried out by any consent holder in any location in Plymouth could result in consents being withdrawn with immediate effect.

PROVISION OF FOOD AND DRINKS

Consent Holders will be required to produce:

- Confirmation of their food registration with the Local Authority where the van / unit is stored overnight (Correspondence for the Local Authority will suffice)
- Confirmation of their food hygiene rating or proof that they are exempt. Food traders must have achieved a 'Food Hygiene Rating Scheme (FHRS) score of three or above at their last local authority food hygiene inspection as a minimum. If a rating has not been given by your local authority at the time of the application a rating of three or above must be achieved with a month of trading. Should you be given a food hygiene rating of less than three during the consent period you will be in breach of these terms and conditions which could result in the consent being withdrawn.
- A documented Food Safety Management System (SFBB) or similar system, shall be available on the stall for inspection at all times when trading. In short this is written procedures for cleaning and disinfection, stock rotation, personal hygiene, water supply, temperature control. Your local Public Protection Department will be able to advise you.
- All consent holders and any permitted employees must have received formal food hygiene training to a minimum of level two Award in Food Hygiene in catering within five years of the expiry date of the consent or an equivalent certificate in food hygiene refresher training within three years of the expiry of the consent. In either case, awards must be issued by a recognised training provider.
- If the council proposes to grant a consent to applicants who do not hold an acceptable certificate in food hygiene training the commencement of the consent will be deferred for a reasonable period pending the applicant obtaining training.

- All food businesses must provide information about allergenic ingredients used in foods sold or provided by them. Details of the allergens will be clearly listed in an obvious place such as a menu, chalkboard or information pack. Where not on show you will need to signpost to where it can be obtained. Further information on allergen information can be obtained from the 'Food Standards Agency' website: www.food.gov.uk/business-industry/allergy-guide.

MEDIATION REPORT

Licensing Committee

Date:	03 December 2019
Title of Report:	Information regarding delegated decisions for applications for the grant / variation of premises licences
Lead Member:	Councillor Sally Haydon (Cabinet Member for Customer Focus and Community Safety)
Lead Strategic Director:	Dr Ruth Harrell (Office of the Director of Public Health)
Author:	Frederick Prout (Senior Licensing Officer)
Contact Email:	Licensing@plymouth.gov.uk

Key Decision:	No
Confidentiality:	Part I - Official

Purpose of the report:

Applications have been received from various premises within Plymouth for the grant / variation of a premises licence under Sections 17 and 34 of the Licensing Act 2003.

Recommendations and Reasons:

That Members consider this report.

Alternative options considered and rejected:

None.

Relevance to the Corporate Plan and/or the Plymouth Plan:

Our Plan – A City to be proud of.

This report links to the delivery of the City and Council objectives and outcomes within the plan.

A Growing City: The Licensing Policy and system aims to provide a balance between the need to protect residents and to enable legitimate businesses to operate within a necessary and proportionate regulatory framework. This in turn makes a safer, more vibrant Plymouth to allow economic growth and opportunities for increased levels of employment.

A Caring Council: The Licensing Policy has put in place an appropriate framework to allow the effective control of alcohol supply and regulated entertainment to keep all members of society protected and feeling safe by focusing on prevention and early intervention. The licensing system minimise the burdens on business and to allow communities the opportunity to influence decisions.

See [Our Plan](#)

Implications for Medium Term Financial Plan and Resource Implications:

Not applicable

Carbon Footprint (Environmental) Implications:

None

Other Implications: e.g. Child Poverty, Community Safety, Health and Safety and Risk Management:

* When considering these proposals members have a responsibility to ensure they give due regard to the Council's duty to promote equality of opportunity, eliminate unlawful discrimination and promote good relations between people who share protected characteristics under the Equalities Act and those who do not.

Members should be aware that Section 17 of the Crime and Disorder Act 1998 puts a statutory duty on every Local Authority to exercise its various functions with due regard to the need to do all that it reasonably can do to prevent crime and disorder in its area.

1.0 INTRODUCTION

1.1 Since the introduction of the Licensing Act regime in 2005 applications have been received for the grant and variation of premises licences. Some of these applications have received representations from responsible authorities or other parties and have been mediated out by agreement with both the applicant and the respective responsible authority without the need to bring the applications before the committee for determination.

3.0 CONSIDERATIONS

3.1 Paragraph 9.31 of the Guidance issued under section 182 of the Licensing Act 2003 and section 18(3)(a) of the act states that a hearing does not have to take place if there are representations but all parties can reach an agreement through a mediation process. When written agreement has been made representations are then withdrawn and the agreed conditions are included within their operating schedule. In such cases officers can determine the application.

3.2 The premises listed above are ones that have been dealt with by way of mediation and written agreement for the period between 01 May 2019 until 31 October 2019 and this report is submitted for the information of the committee.
