# EXECUTIVE DECISION

made by a Council Officer

## REPORT OF ACTION TAKEN UNDER DELEGATED AUTHORITY BY AN INDIVIDUAL COUNCIL OFFICER

Executive Decision Reference Number – COD17 25/26

Decision	
1	<b>Title of decision:</b> Extra Care Housing Contract Extension
2	<b>Decision maker:</b> Gary Walbridge (Strategic Director Adults, Health and Communities)
3	<b>Report author and contact details:</b> Beatrice Yarde (Commissioning Officer, Contracts) <a href="mailto:Beatrice.Yarde@plymouth.gov.uk">Beatrice.Yarde@plymouth.gov.uk</a> +441752307938
4a	<b>Decision to be taken:</b> To extend the current Extra Care Housing contract from 5 January 2026 until 30 <sup>th</sup> April 2026 at a cost of approximately £1,089,180.29
4b	<b>Reference number of original executive decision or date of original committee meeting where delegation was made:</b> Cabinet 10/07/2023, <a href="#">Options for the future delivery of extra care housing and social inclusion</a> PDF 174 KB
5	<b>Reasons for decision:</b> A new contract for Extra Care Housing has been procured and will commence on 1 <sup>st</sup> May 2026. Due to the current contract expiring before the new contract commences the Extra Care Housing contract for all four lots must be extended to ensure continued compliance and service delivery. Due to delays in publishing the new contract award decision, it is necessary to extend the current contract by four months. This extension will allow sufficient time for the call-in and standstill periods, completion of contract signing, policy checks, and provide a minimum three-month mobilisation period.
6	<b>Alternative options considered and rejected:</b> Do nothing and let the contract run out – Several individuals currently enrolled in these schemes will require ongoing support from 4 January 2026. Failure to provide this could result in Plymouth City Council being in breach of its statutory duties to meet assessed Adult Social Care needs. Spot purchase a new contract for 4 months - Entering into a new four-month contract through emergency spot purchasing or interim arrangements would present a significant financial risk due to the substantially higher costs involved. Additionally, directly awarding an emergency contract poses a procurement risk and could expose the Council to legal challenge, as multiple providers are capable of delivering the service.
7	<b>Financial implications and risks:</b> The estimated cost of a four-month extension is approximately £1,089,180.29 assuming 3% inflation applied in April 2026. This will be funded by the ASC revenue budget and is a continuation of existing services.
8	<b>Legal Implications and risks:</b> Under the procurement rules we are able to extend the current contract.

	If we do not extend the current contract then there is a risk of a challenge for failure to meet our statutory duties.			
9a	Is the decision a Key Decision? (please contact <a href="#">Democratic Support</a> for further advice)	Yes	No	Per the Constitution, a key decision is one which:
			X	in the case of <b>capital</b> projects and contract awards, results in a new commitment to spend and/or save in excess of <b>£3million</b> in total
		X		in the case of <b>revenue</b> projects when the decision involves entering into new commitments and/or making new savings in excess of <b>£1million</b> , annually
			X	is <b>significant</b> in terms of its effect on communities living or working in an area comprising <b>two or more</b> wards in the area of the local authority.
9b	If yes, date of publication of the notice in the <a href="#">Forward Plan of Key Decisions</a>	14/11/2025		
10	Please specify how this decision is linked to the Council's corporate plan/Plymouth Plan and/or the policy framework and/or the revenue/capital budget:	<p>The Plymouth Plan 2014-2034 details the Local Authority's ambition to meet local housing needs, ensuring that everyone has access to a safe home which is suited to their needs and located in a community where they want to live.</p> <p>One of the key aspects of this is enabling older people to promote, secure and sustain their independence in a home appropriate to their needs, including increased provision for extra care housing.</p> <p>The Extra Care model meets Plymouth City Council's Corporate Plan priorities to focus on prevention and early intervention, by supporting people to live at home for longer and prevent early reliance on bedded care, and supporting people to be protected and feel safe.</p>		
11	Please specify any direct environmental implications of the decision (carbon impact)	<p>The Extra Care model supports Plymouth's Net Zero ambition by having multiple scheme locations across the city, reducing the need for people to travel to their place of work. It also encourages local community access, again reducing the need for travel for residents of the schemes.</p>

## **EXTRA CARE HOUSING**

### **Contract Variation Briefing Part 1**

## **EXTRA CARE HOUSING TENDER**

### **Scope of Work**

The Extra Care Housing (ECH) contract covers seven schemes across Plymouth, designed primarily for individuals aged 55 and over. Residents have their own self-contained homes within larger complexes, retaining legal rights to occupy their property while benefiting from 24/7 on-site care and support.

The service aims to help people live independently, support those with complex needs, including dementia and physical and mental disabilities. Key outcomes include maintaining independence, involvement in the local community, preventing hospital admissions, and managing individual risks.

The delivery is split into two areas: a core service providing continuous support for all residents, and commissioned care offering tailored one-to-one support for those assessed as eligible by Adult Social Care. Residents can choose between the core provider or an alternative for their individual care needs.

### **Procurement Process**

The variation to the current Extra Care Housing contract is compliant under The Public Contract Regulations (PCR) 2015. The modification is not considered to be substantial in nature.

### **Financial Implications**

Financial provision has been made for this contract within the revenue budget for Adult Social Care and is a continuation of existing services.

### **Recommendation**

To extend the current contract with the existing provider, Cera Care, until 30<sup>th</sup> April 2026. The value of the contract extension is £1,089,180.29 and allows sufficient time for the call-in and standstill periods, completion of contract signing, policy checks, and provide a minimum three-month mobilisation period.

<b>4b</b>	<b>Reference number of original executive decision or date of original committee meeting where delegation was made:</b> Cabinet 9 September 2024 – Recommissioning of Care Homes
<b>5</b>	<b>Reasons for decision:</b> The council has a statutory duty to provide adult social care including Residential & Nursing care. Cabinet 9 September 2024 agreed the business case and procurement for the 'Recommissioning of Care Homes' to establish an open framework. <ol style="list-style-type: none"> <li>1. The suppliers who submitted a complete and compliant tender will be awarded a contract/place on the Framework.</li> </ol>
<b>6</b>	<b>Alternative options considered and rejected:</b> Do Nothing - This would mean taking no action to increase or change the capacity in the care home market and rely on market forces to provide the increased beds and quality of care required by demographic and social policy changes.

	Award spot contracts – The Act specifically allows direct awards for "light touch services" where an individual or their carer's view is central (e.g., social care), to award to a preferred provider – wouldn't achieve best value.														
<b>7</b>	<b>Financial implications and risks:</b> The total contract value for 10 years is £500,000,000 (The anticipated duration of the Framework Contract is for 5 years with possible extensions of 3 years plus 2 years). # PLYMOUTH ADULTS' CARE HOME FRAMEWORK

## Contract Award Briefing Paper Part I

### I. EXECUTIVE SUMMARY

I.1 There are currently 87 individual care homes for adults 18+ in Plymouth, offering a mixture of residential and nursing care. There is a need to reconsider how we commission care homes, to ensure they continue to meet our future population needs and complexities. We have an integrated approach with our NHS Devon Integrated Care Board (ICB) partners to jointly commission and monitor care home services, with the Council as lead commissioner and NHS ICB Devon as an Associate Commissioner.

I.2 Plymouth City Council & NHS Devon ICB currently has joint contracts in place with all 87 care homes across Plymouth. This allows for placements to be made through a pre-placement agreement, inclusive of care homes across the city and where required out of area for residential care, nursing care, and NHS Continuing Healthcare (CHC).

I.3 Due to the ageing population and an increase in complex needs and comorbidities, the current mixture of residential and nursing beds is not considered to be fit for purpose. The available beds, and workforce, are therefore not able to fully support the demand and we know that the areas requiring more focus to support our population include:

- Complex dementia or mental health;
- Bariatric care;
- Complex physical health needs;
- Ventilated individuals and those with tracheostomies;
- Training opportunities to develop skills & competencies to respond to complex needs;

The proposed commissioning approach seeks to work with residential and nursing care home providers to design a revised model to address the gaps we are seeing in the care home market.

I.4 The framework will enable providers (with a PL postcode) to join at any point.

I.5 Ambition is to start to shape the market to address the need for additional provision required for complex care within the city. The aim is to support providers to expand their services into complex needs/dementia. There is a recognition through the Market Sustainability Plan that we have more than sufficient supply of residential, but not for complex needs/dementia/nursing.

I.6 We also recognise that we have some significant challenges around cost of care that we will be unable to fix but want to signal to providers our desire to continue to work together on this to design solutions.

2. BACKGROUND

2.1 This contract award covers LOTS 1 – 3: Plymouth Adults’ Care Home Framework

PEO/24155 Lot 1 - Residential Care Home with or without Nursing Services (with a PL postcode)

PEO/25002 Lot 2 - Residential Care Home with or without Nursing Services with innovation (with a PL postcode)

Please note that the following Lot has been abandoned on 24 November 2025 by NHS Devon ICB as per the following reason: **Subsequent to the launch of the Lot 3 tender, further guidance has been issued to the ICB through the NHS 10 Year Plan and associated guidance on Integrated Neighbourhood Teams. In delivery of this, the ICB has recently issued a Health & Care Strategy for Devon, along with a set of commissioning intentions for health service delivery covering the next 5 years. Central to this is the development of Neighbourhood services which the ICB will rapidly look to recommission and align Intermediate Care (including hospital discharge) services to, and as such there is a need for us to not proceed with the current Lot 3 procurement whilst we reconsider our commissioning approach.**

PEO/25003 Lot 3 - Intermediate Care Pathway 2 rehab and reablement beds within residential care homes with or without nursing (within the Plymouth City Council boundary)

3. PROCUREMENT PROCESS

3.5 34 suppliers submit bids for Lot 1  
28 suppliers submit bids for Lot 2  
7 suppliers submit bids for Lot 3

3.6 The results are contained in the confidential (Part II) paper.

3.7 For Lot 3 Tenderers passing all the pass/fail criteria at Conditions of Participation stage had their method statement responses evaluated, by the evaluators to determine the most advantageous tender based on the quality criteria that are linked to the subject matter.

3.8 The high level award criteria:
