# MOUNT EDGCUMBE JOINT COMMITTEE

## DATE: FRIDAY 5 FEBRUARY 2010

#### TIME: 10.45 AM

## PLACE: BELVEDERE ROOM, BARROW PARK, CENTRE, MOUNT EDGCUMBE, CREMYLL

#### **Committee Members-**

#### **Plymouth City Councillors-**

Councillors Ball, Mrs Dolan, Fox, Martin Leaves, Reynolds (Co-Chair), Smith and Wheeler.

#### **Cornwall County Councillors-**

Councillors Austin, Flashman, German, Holley, Pearn MBE, Preston and Trubody (Co-Chair).

#### **Co-opted Members -**

Sir Richard Carew Pole Bt, Commander G Crocker, Mr T Savery, Mr D L Richards and Mrs B Spring.

Members of the Committee are invited to attend the above meeting to consider the items of business overleaf.

BARRY KEEL KEVIN LAVERY Joint Clerks

#### MOUNT EDGCUMBE JOINT COMMITTEE

#### PART I (PUBLIC COMMITTEE)

#### AGENDA

#### 1. APOLOGIES

To receive apologies for non-attendance submitted by Joint Committee Members.

#### 2. DECLARATIONS OF INTEREST

Members will be asked to make any declarations of interest in respect of items on this agenda.

#### 3. MINUTES

To confirm the minutes of the meeting held on 4 December 2009 as a correct record.

#### 4. CHAIR'S URGENT BUSINESS

To receive reports on business, which in the opinion of the Chair, should be brought forward for urgent consideration.

#### 5. REVENUE/CAPITAL MONITORING 2009/10 AND DRAFT (Pages 5 - 12) BUDGET 2010/11

The Joint Committee will receive a report on the Revenue/Capital Monitoring 2009/10 and Draft Budget 2010/11.

#### 6. AMENDED ACQUISITION AND DISPOSALS POLICY (Pages 13 - 22)

The Joint Committee will receive a report on the Amended Acquisition and Disposals Policy.

#### 7. PROGRESS REPORT 2009/10

(Pages 23 - 48)

The Joint Committee will receive a Progress Report 2009/10.

#### 8. OPERATIONAL ACTION PLAN 2010/2011 AND RISK (Pages 49 - 74) MANAGEMENT

The Joint Committee will receive a report on the Operational Action Plan 2010/2011 and Risk Management.

#### 9. GOVERNANCE ARRANGEMENTS (TO FOLLOW)

#### (Pages 1 - 4)

The Joint Committee will receive a report on the Governance Arrangements together with the Constitution and Terms of Reference.

#### 10. QUESTIONS FROM MEMBERS OF THE PUBLIC

The Joint Committee and officers will respond to questions from members of the public. Any questions not answered shall be the subject of a written response within five working days.

#### 11. EXEMPT BUSINESS

To consider passing a resolution under Section 100A(4) of the Local Government Act 1972 to exclude the press and public from the meeting for the following item(s) of business on the grounds that it (they) involve(s) the likely disclosure of exempt information as defined in paragraph(s) 3 of Part 1 of Schedule 12A of the Act, as amended by the Freedom of Information Act 2000.

#### PART II (PRIVATE COMMITTEE)

#### AGENDA

#### MEMBERS OF THE PUBLIC TO NOTE

that under the law, the Committee is entitled to consider certain items in private. Members of the public will be asked to leave the meeting when such items are discussed.

#### 12. COMMERCIAL BUSINESS PLANNING

(Pages 75 - 82)

The Joint Committee will receive the Commercial Business Planning.

This page is intentionally left blank

# Agenda Item 3

# **Mount Edgcumbe Joint Committee**

#### Friday 4 December 2009

#### PRESENT:

Councillor Trubody, Co Chair, in the Chair. Councillor Ball, Mrs Dolan, Fox, German, Reynolds (Co-Chair), Riches, Smith and Wheeler

Co-opted Representatives: Cdr Crocker and Mrs Spring.

Apologies for absence: Councillors Flashman, Holley, Martin Leaves and Co-opted Representatives Sir Richard Carew Pole Bt., Mr D L Richards and Mr T Savery.

The meeting started at 10.45 am and finished at 12.55 pm.

Note: At a future meeting, the committee will consider the accuracy of these draft minutes, so they may be subject to change. Please check the minutes of that meeting to confirm whether these minutes have been amended.

#### 14. DECLARATIONS OF INTEREST

In accordance with the code of conduct the following declarations of interest were made -

| Name<br>Councillor Trubody | <b>Subject</b><br>Cremyll Ferry<br>Minute 11 and 12 | <b>Reason</b><br>Acquainted with existing ferry<br>operator | <b>Interest</b><br>Personal |
|----------------------------|---|---|-----------------------------|
|                            |   | Worked for preferred bidder                                 | Prejudicial                 |
| Mr D L Richards            | Cremyll Ferry<br>Minute 11 and 12                   | Relative works for Tamar<br>Cruising                        | Prejudicial                 |
| lan Berry                  | Cremyll Ferry<br>Minute 11 and 12                   | Acquainted with the existing ferry operator                 | Personal                    |

#### 15. MINUTES

Resolved that the minutes of the meeting held on 31 July 2009 are confirmed as a correct record.

#### 16. CHAIR'S URGENT BUSINESS

There were no items of Chair's Urgent Business.

#### 17. ADDITIONAL MEETING DATE - JANUARY 2010

Resolved that a meeting of the Joint Committee is held on 15 January 2010 at 10.45am.

#### 18. BUDGET MONITORING 2009-10

The Director for Community Services submitted a report on the Revenue and Capital Monitoring 2009/10, which outlined the following issues –

- (i) summarised the -
  - 2009/10 revenue monitoring
  - 2009/10 capital monitoring

(ii) there was an uncommitted reserve balance of £36,409 which was currently being held.

The following responses were provided to questions raised by the Joint Committee -

- (iii) the cost of the re-branding exercise had not formed part of the core budget;
- (iv) Plymouth City Council had made provision for the ongoing cost of Job Evaluation in its budget for 2010/11; the constitution was clear that support for the House and Park had to be equal from both constituent authorities;
- (v) the implication of funding not being secured from both constituent authorities would result in a review of the operation including looking at efficiency savings; although it was anticipated that the commercial side of the operation would be profitable;
- (vi) the Heritage Project had been opened this year with a 'soft launch'; the major launch of the Park would take place in 2010/11.

#### Resolved that -

- (1) the report is noted;
- (2) each constituent authority considers additional financial support of £100,000 (per authority) to address the 2009/10 revenue shortfall, with any balance remaining at outturn to be met from the Joint Committee's reserves.

#### 19. **RE-BRANDING**

The Director for Community Services submitted a report on the new re-branding guidelines, the cost to the Joint Committee and sought approval to take the re-branding forward.

The Joint Committee heard that -

- the drive behind the re-branding had been the desire to make Mount Edgcumbe more attractive to visitors with more things to do and enable it to increase income and become financially sustainable;
- (ii) the new logo 'Britain's Historic Park by the Sea' emphasis the national importance of Mount Edgcumbe;
- (iii) the estimated cost of re-branding was £16,000 and would be phased in over two financial years 2009/10 and 2010/11.

Arising from the discussions, concerns were raised relating to the size of the lettering on the proposed signage. However, it was agreed not to alter the signs.

Resolved that -

- (1) the new brand guidelines for Mount Edgcumbe are approved;
- (2) subject to funding being available the re-branding takes place over the financial years 2009/10 and 2010/11.

#### 20. MOUNT EDGCUMBE CORPORATE PLAN

The Director for Community Services submitted a report on Mount Edgcumbe Corporate Plan, which outlined the details of the corporate plan for Mount Edgcumbe House and Country Park which reflected the corporate plan for Plymouth City Council 2009/12 and the Cornwall Council plan for 2009/10.

The following responses were provided to questions raised by the Joint Committee -

- the plan could be modified in the future; this document had been drafted in order to establish a single vision to support the long term strategic objectives and aims of the House and the Country Park;
- (ii) the Mount Edgcumbe House and Country Park corporate plan would be revised to reflect Cornwall Council's plan once it had been drafted and brought back to the Joint Committee for approval.

#### Resolved that -

- the report is noted (by adopting the Mount Edgcumbe corporate plan, Members will ensure that the management and activities that take place at Mount Edgcumbe are compatible with the corporate policies and plans of the two constituent authorities);
- (2) the Mount Edgcumbe House and Country Park corporate plan is used as an interim framework.

#### 21. QUESTIONS FROM MEMBERS OF THE PUBLIC

There were no questions from members of the public.

#### 22. EXEMPT BUSINESS

<u>Resolved</u> that under Section 100(A)(4) of the Local Government Act, 1972, the press and public are excluded from the meeting for the following items of business on the grounds they involve the likely disclosure of exempt information as defined in paragraph 3 of Part 1 of Schedule 12A of the Act, as amended by the Freedom of Information Act 2000.

#### 23. CREMYLL FERRY (E3)

The Head of Transport Strategy, the Senior Commercial Investment Surveyor and a representative of the Head of Legal Services provided a detailed update on the Cremyll Ferry tender.

(Please refer to minute 11. for the decision relating to the grant of the tenancy of Cremyll Quay to the successful Cremyll Ferry tenderer).

(Councillor Trubody, Co-Chair and Commander Crocker declared a prejudicial interest in this matter and Ian Berry declared a personal interest in this matter, all left the room).

Councillor Reynolds Co Chair, was in the Chair for this item).

#### 24. **PROPERTY MATTERS PROGRESS REPORT (E2 AND E3)**

The Director for Community Services submitted a report which outlined the progress of property matters within the Country Park since the last report to the Joint Committee on 6 March 2009.

Resolved that -

(1) the tenancy of the Cremyll Quay to the successful Cremyll Ferry tender is granted;

(2) consent is granted to the tenant of chalet 62 'First and Last' Whitsand Bay to alter the chalet.

(Councillor Trubody, Co-Chair and Commander Crocker declared a prejudicial interest in this matter and Ian Berry declared a personal interest in this matter, all left the room).

Councillor Reynolds Co Chair, was in the Chair for this item).

| Ref:          | ME  |
| Part:         | I   |

#### **Executive Summary:**

This report presents an update on the financial position of the Joint Committee for financial year 2009/10 and forecast for 2010/11.

#### Corporate Plan 2009-2012:

#### Plymouth City Council:

Corporate Improvement Priority 6: widening cultural and leisure opportunities Corporate Improvement Priority 14: value for money/effective long term budget/asset management.

Cornwall Council: (to be confirmed)

#### Implications for Medium Term Financial Plan and Resource Implications: Including finance, human, IT and land

The overall effect of the variations against the revenue budget listed in the report has identified a shortfall of funding requirement of £230,000 in 2009/10.

Ongoing additional costs have arisen as a result of the Job Evaluation exercise undertaken by Plymouth City Council which will require consideration as part future year budget setting. There are further costs have been identified from additional staffing requirements for the new trading operations above the level of income projected during the soft launch. The challenge for the business case being reported separately is to deliver an affordable trading operation for income streams that is aligned to the level of constituent authority support available.

A medium term business plan is required for the committee to consider which will address the appropriate level of reserves.

#### Other Implications: e.g. Section 17 Community Safety, Health and Safety, Risk Management, Equalities Impact Assessment, etc.

- To operate within level of constituent authority support will require a higher level of income from commercial activities which in first full year of trading needs to be established and maintained.
- Efficiencies have been incorporated within the draft budget which requires close monitoring to ensure they are achieved and consideration for the impact on the wider house & park operation.
- The level of reserves needs to be addressed and supported from future trading activities to enable reinvestment and sustainability of trading operations.

#### Recommendations and Reasons for Recommended action:

It is recommended that the Joint Committee:

- a) notes the report.
- b) Notes that each constituent authority has been approached to consider additional financial support of up to £100,000 (per authority) to address the 2009/10 revenue shortfall, having made all efficiencies to mitigate the deficit and using Joint Committee reserves.
- c) Notes that current budget projections contained within this report are supported by the separately presented Commercial Business Planning case and are based on constituent authority support remaining at current levels of £384,000, (£192,000 per authority).
- d) Manages the risks contained within the budget in particular catering and retail operations to achieve the higher trading surplus.
- e) Plan for a minimum level of reserves which provides contingency for a sustainable long term future.

#### Alternative Options Considered and reasons for recommended action:

N/A.

**Background Papers:** Mount Edgcumbe Revenue Budget Financial update – 6<sup>th</sup> March 2009, 31<sup>st</sup> July 2009 and 4<sup>th</sup> December 2009.

#### MOUNT EDGCUMBE JOINT COMMITTEE

#### Mount Edgcumbe Joint Committee – 5 February 2010

#### **REVENUE AND CAPITAL BUDGET MONITORING**

#### 1. INTRODUCTION

1.1. The purpose of this report is to present to the Joint Committee the latest Mount Edgcumbe revenue and capital monitoring position for 2009/10 detailing significant variations.

#### 2. 2009/10 REVENUE MONITORING

- 2.1. There has been a small increase of £15,000 to the trading deficit reported to last months Joint Committee which now stands at a current projected operating deficit of £230,000.
- 2.2. Broadly the trading deficit has been as a result of ongoing budget pressures through Job Evaluation together with the trading shortfall during the soft launch of new trading operations. The increased deficit from that previously reported is detailed below and summarised in Appendix A:
  - 2.2.1. A further review of salary costs for core staffing has identified further costs as result of Job Evaluation appeal process and a cost for a post inadvertently excluded from previous forecast.
  - 2.2.2. Costs for agency staff supporting the new trading operations have exceeded the previous projection and is an area of further scrutiny by the Park Manager/Commercial consultant and constituent authority finance officers. A further cost of nearly £14,000 has been projection but there is challenge to reduce spend in this area.
  - 2.2.3. Marketing costs required to support the main 2010 launch have slipped and are now included in 2010/11 budget projections.
  - 2.2.4. Grant income in relation to work done dealing with Sudden Oak Death have now been confirmed as £146,000 for two years with work to the value of £73,000 expected to be complete by 31<sup>st</sup> March 2010.
  - 2.2.5. Income from new trading operations has been reduced to reflect higher cost of sale spend which is being analysed further.
  - 2.2.6. Review all remaining spend to identify efficiencies and review income opportunities to reduce the final demand on both authorities and reserves.

#### 3. MEDIUM TERM FINANCIAL FORECAST 2010/11

3.1. Projections for the financial year 2010/11 have been included in Appendix B with income targets aligned to the Commercial Business Planning case being reported separately to this joint committee and achievement of efficiency savings.

3.2. Incorporates the following unsupported borrowing commitments all to be repaid over ten years, year of borrowing in brackets :

Lift Replacement - £57,963 (2006/07) cost of £7,506 p.a. Fit out of retail/stables - £125,000 (2009/10) cost of £15,250 p.a. Window & heating work Barrow Park - £52,400 (2009/10) cost of £6,394 p.a.

- 3.3. Initial forecasts indicated a trading deficit of £50,000 which through management action targeting seasonal posts, grounds maintenance and increasing income targets specifically with function catering has brought back to a balanced budget and has started to address the level of reserves held.
- 3.4. For budget planning purposes Officers are assuming the continuation of contributions given to the Joint Committee, currently £192,000 a piece.
- 3.5. It is recognised that 2010/11 will require robust scrutiny of the developing trading operation particularly in light of the revenue shortfall highlighted this year. This will in turn require a further challenging review of budgets to enable the Joint Committee to address both the likely financial constraints from the constituent authorities and the future impact from any loss of grant funding in relation to Sudden Oak Death work.

#### 4. 2009/10 CAPITAL MONITORING

Final costings are awaited from Cornwall Council on the outbuilding project which when received will identify if there is a further unsupported borrowing requirement for the Joint Committee to consider.

#### 5. RESERVES

There is an uncommitted reserve balance of £36,409 currently held.

#### 6. **RECOMMENDATIONS**

It is recommended that the Joint Committee:

#### 7.

- 7.1. It is recommended that:
- I. notes the report.
- II. Notes that each constituent authority has been approached to consider additional financial support of up to £100,000 (per authority) to address the 2009/10 revenue shortfall, having made all efficiencies to mitigate the deficit and using Joint Committee reserves.
- III. Notes that current budget projections contained within this report are supported by the separately presented Commercial Business Planning case and are based on constituent authority support remaining at current levels of £384,000, (£192,000 per authority).
- IV. Manages the risks contained within the budget in particular catering and retail operations to achieve the higher trading surplus.
- V. Plan for a minimum level of reserves which provides contingency for a sustainable long term future.

# Agenda Item 6

#### CITY OF PLYMOUTH MOUNT EDGCUMBE JOINT COMMITTEE

| Joint Chair:        | Councillor Reynolds Plymouth City Council/<br>Councillor Trubody, Cornwall Council |
|---------------------|--|
| SMT Member:         | Director for Community Services<br>Plymouth City Council                           |
| Senior CC Officer:  | Mike East, Head of Environment & Heritage Service, Cornwall Council                |
| Subject:            | Amended Acquisition and Disposals Policy   |
| •                   | Mount Edgoumbo, Joint Committee  |
| Committee:          | Mount Edgcumbe Joint Committee   |
| Committee:<br>Date: | 5 February 2010  |
| _                   | 5  |
| Date:               | 5 February 2010  |
| Date:<br>Author:    | 5 February 2010<br>Kate Johnson, Museum Development Officer<br>tel: 01752 822236   |

#### **Executive Summary:**

The Acquisitions and Disposals policy guides our decision making when we are considering adding items to our collections regardless of the means of acquisition. It ensures we consider the legality and the ethics of the potential acquisition and the cost of caring for and storing it. It also provides us with a framework for avoiding conflict of interest with other organisations that may be collecting similar objects.

The policy guides our decisions and process when we are considering disposing of an object and ensures that we follow ethical and legal guidelines.

The policy also clarifies the Joint Committee's responsibility within the decision process.

The Acquisition and Disposals Policy that we have been working with till now was Plymouth City Museum's 1998 policy, amended in 2001. I am proposing that we now have our own policy that reflects the specifics of Mount Edgcumbe's collection and our current objectives and is in line with the requirements of Accreditation.

This report presents the Joint Committee with an amended Acquisition and Disposals Policy, and asks for approval of this policy.

# **Mount Edgcumbe Corporate Plan 2009-2012:** Contributes to the % of collections managed to professional standards outcome in the Corporate Plan.

#### Implications for Medium Term Financial Plan and Resource Implications: Including finance, human, IT and land

There is no cost.

#### Other Implications: e.g Section 17 Community Safety, Health and Safety, Risk Management, Equalities Impact Assessment, etc None.

#### **Recommendations and Reasons for Recommended Action:**

It is recommended that:-

I. The Joint Committee approve the new policy. The reason being that the old one is not adequately reflective of Mount Edgcumbe's separate identity, it is out of date and it does not meet the Museums Libraries and Archive Council's Accreditation requirements.

# Alternative Options Considered and Reasons for Recommended Action: $N\!/\!A$

#### **Background Papers:**

- i) Accreditation Standard held at Mount Edgcumbe
- ii) Proposed policy attached
- iii) Old policy held at Mount Edgcumbe

# Acquisition and Disposal Policy Mount Edgcumbe House

Governing body: Mount Edgcumbe Joint Committee

Date approved by Mount Edgcumbe Joint Committee:

Date at which this policy is due for review: approval date)

(Three years from last

#### 1. Vision Statement for Mount Edgcumbe House and Country Park

A unique, sustainable, nationally important, historic environment with landscape, gardens, buildings and collections, accessible to people of Plymouth, Cornwall and beyond. A beautiful and safe space in which to enjoy, learn and be inspired; achieving an outstanding quality of life.

# 2. Existing collections, including the subjects or themes and the periods of time and /or geographic areas to which the collections relate

#### Main Collection

The interior of the house is furnished with 98% Mount Edgcumbe family possessions.

The collections may be summarized as predominantly art and decorative art from a variety of periods spanning approximately the last 500 years (with the exception of the earlier Bronze Age horns). Collection items include paintings, frames, antique furniture, tapestries, ceramics, silver etc. There is also a small library of antiquarian books.

There are some very important items in the collections. These include paintings by Sir Joshua Reynolds and Van de Velde, Boulle furniture of exceptional quality, tapestries - fragments of a larger work (late 16<sup>th</sup> century), and a pair of Bronze Age Horns.

Some of the Reserve collections of prints, drawings and watercolours are housed in stores at Plymouth City Museum and Art Gallery. The vast majority of the collection is housed on site and approximately 2/3 is on display. A reserve collection of furniture is housed in the attic at Mount Edgcumbe House. The reserve collection of oil paintings are housed in a dedicated store room in the house.

#### Loans

In 2003, a further collection of paintings, frames, works on paper, objects and archive material was made available to Mount Edgcumbe House by the present Earl of Mount Edgcumbe. This is a short term loan that is reviewed every three years. This additional collection – approximately 220 items - holds a number of unique and important works of art (including drawings by Van de Velde), and archive material and historical information relating to Mount Edgcumbe and the Edgcumbe family. The condition of the objects in this collection is very varied. These items are stored in two stores within the house.

In the Barrow Park area we display collections of items on loan from the National Trust, Geevor and Weald and Downland Open Air Museum. These loans are to be reviewed in 2012. None of these items are unique or of high value individually. They serve to illustrate tools and equipment that would have been in these workshops and saw mill areas.

The curatorial responsibility for the Mount Edgcumbe collections is vested with the City Curator at Plymouth City Museum and Art Gallery.

# 3. Criteria governing future acquisition policy including the subjects or themes, periods of time and/or geographic areas and any collections which will not be subject to further acquisition.

Future acquisitions will continue to focus on objects and artworks that belonged to the Edgcumbe family **or** help us to interpret the family or property history. This includes

- Social history artefacts that relate to the history of the Mount Edgcumbe Estate and those who worked on it.
- Artefacts that, though not of Mount Edgcumbe family provenance, are representative of what the Edgcumbes may have owned.
- Archive material such as photographs and documents.

We will acquire objects within the following date range: between 1560 and 1950.

#### 4. Limitations on collecting

Mount Edgcumbe recognises its responsibility, in acquiring additions to its collections, to ensure that care of collections, documentation arrangements and use of collections will meet the requirements of the Accreditation Standard. It will take into account limitations on collecting imposed by such factors as staffing, storage and care of collection arrangements.

#### 5. Collecting policies of other museums

Mount Edgcumbe will take account of the collecting policies of other museums and other organisations collecting in the same or related areas or subject fields. It will consult with these organisations where conflicts of interest may arise or to define areas of specialisms, in order to avoid unnecessary duplication and waste of resources.

Specific reference is made to the following museum(s):

- National Trust (Cotehele and Saltram House)
- Plymouth City Museum and Art Gallery
- Cornwall Records Office

#### 6. Policy review procedure

The Acquisition and Disposal Policy will be published and reviewed from time to time, at least once every five years. The date when the policy is next due for review is noted above.

The Regional MLA will be notified of any changes to the Acquisition and Disposal Policy, and the implications of any such changes for the future of existing collections.

#### 7. Acquisitions not covered by the policy

Acquisitions outside the current stated policy will only be made in very exceptional circumstances, and then only after proper consideration by the Mount Edgcumbe Joint Committee itself, having regard to the interests of other museums.

#### 8. Acquisition procedures

a. Mount Edgcumbe will exercise due diligence and make every effort not to acquire, whether by purchase, gift, bequest or exchange, any object or specimen unless the governing body or responsible officer is satisfied that the museum can acquire a valid title to the item in question.

b. In particular, Mount Edgcumbe will not acquire any object or specimen unless it is satisfied that the object or specimen has not been acquired in, or exported from, its country of origin (or any intermediate country in which it may have been legally owned) in violation of that country's laws. (For the purposes of this paragraph `country of origin' includes the United Kingdom).

c. In accordance with the provisions of the UNESCO 1970 Convention on the Means of Prohibiting and Preventing the Illicit Import, Export and Transfer of Ownership of Cultural Property, which the UK ratified with effect from November 1 2002, and the Dealing in Cultural Objects (Offences) Act 2003, Mount Edgcumbe will reject any items that have been illicitly traded. The Mount Edgcumbe Joint Committee will be guided by the national guidance on the responsible acquisition of cultural property issued by the Department for Culture, Media and Sport in 2005.

d. So far as biological and geological material is concerned, Mount Edgcumbe will not acquire by any direct or indirect means any specimen that has been collected, sold or otherwise transferred in contravention of any national or international wildlife protection or natural history conservation law or treaty of the United Kingdom or any other country, except with the express consent of an appropriate outside authority.

e. The museum will not acquire archaeological antiquities (including excavated ceramics) in any case where the Mount Edgcumbe Joint committee or responsible officer has any suspicion that the circumstances of their recovery involved a failure to follow the appropriate legal procedures.

In England, Northern Ireland and Wales the procedures include reporting finds to the landowner or occupier of the land and to the proper authorities in the case of possible treasure as defined by the Treasure Act 1996.

f. Any exceptions to the above clauses 8a, 8b, 8c, or 8e will only be because Mount Edgcumbe is either:

acting as an externally approved repository of last resort for material of local (UK) origin; or

acquiring an item of minor importance that lacks secure ownership history but in the best judgement of experts in the field concerned has not been illicitly traded; or

acting with the permission of authorities with the requisite jurisdiction in the country of origin; or

in possession of reliable documentary evidence that the item was exported from its country of origin before 1970.

In these cases Mount Edgcumbe will be open and transparent in the way it makes decisions and will act only with the express consent of an appropriate outside authority.

g. Mount Edgcumbe does not hold or intend to acquire any human remains.

#### 9. Spoliation

Mount Edgcumbe will use the statement of principles 'Spoliation of Works of Art during the Nazi, Holocaust and World War II period', issued for nonnational museums in 1999 by the Museums and Galleries Commission.

#### 10. The Repatriation and Restitution of objects and human remains

The Mount Edgcumbe Joint Committee, acting on the advice of the museum's professional staff, may take a decision to return objects or specimens to a country or people of origin. Mount Edgcumbe will take such decisions on a case by case basis; within its legal position and taking into account all ethical implications and available guidance. This will mean that the procedures described in 12a-12d, 12g and 12s below will be followed but the remaining procedures are not appropriate.

#### 11. Management of archives

As Mount Edgcumbe holds / intends to acquire archives, including photographs and printed ephemera, the Mount Edgcumbe Joint Committee will be guided by the Code of Practice on Archives for Museums and Galleries in the United Kingdom (3rd ed., 2002).

#### 12. Disposal procedures

**Disposal preliminaries** 

a. The Mount Edgcumbe Joint Committee will ensure that the disposal process is carried out openly and with transparency.

b. By definition, Mount Edgcumbe House, as a museum, has a long-term purpose and holds collections in trust for society in relation to its stated objectives. The Mount Edgcumbe Joint Committee therefore accepts the principle that sound curatorial reasons for disposal must be established before consideration is given to the disposal of any items in Mount Edgcumbe's collection.

c. Mount Edgcumbe will confirm that it is legally free to dispose of an item and agreements on disposal made with donors will be taken into account.

d. When disposal of a museum object is being considered, Mount Edgcumbe will establish if it was acquired with the aid of an external funding organisation. In such cases, any conditions attached to the original grant will be followed. This may include repayment of the original grant and a proportion of the proceeds if the item is disposed of by sale.

Motivation for disposal and method of disposal

e. When disposal is motivated by curatorial reasons the procedures outlined in paragraphs 12g-12s will be followed and the method of disposal may be by gift, sale or exchange.

#### The disposal decision-making process

g. Whether the disposal is motivated either by curatorial or financial reasons, the decision to dispose of material from the collections will be taken by the Mount Edgcumbe Joint Committee only after full consideration of the reasons for disposal. Other factors including the public benefit, the implications for the museum's collections and collections held by museums and other organisations collecting the same material or in related fields will be considered. External expert advice will be obtained and the views of stakeholders such as donors, researchers, local and source communities and others served by the museum will also be sought.

#### Responsibility for disposal decision-making

h. A decision to dispose of a specimen or object, whether by gift, exchange, sale or destruction (in the case of an item too badly damaged or deteriorated to be of any use for the purposes of the collections or for reasons of health and safety), will be the responsibility of the Mount Edgcumbe Joint Committee acting on the advice of professional curatorial staff and not of the curator of the collection acting alone.

#### Use of proceeds of sale

i. Any monies received by the Mount Edgcumbe Joint Committee from the disposal of items will be applied for the benefit of the collections. This normally means the purchase of further acquisitions. In exceptional cases, improvements relating to the care of collections in order to meet or exceed Accreditation requirements relating to the risk of damage to and deterioration of the collections may be justifiable. Any monies received in compensation for the damage, loss or destruction of items will be applied in the same way. Advice on those cases where the monies are intended to be used for the care of collections will be sought from MLA.

j. The proceeds of a sale will be ring-fenced so it can be demonstrated that they are spent in a manner compatible with the requirements of the Accreditation standard.

#### Disposal by gift or sale

k. Once a decision to dispose of material in the collection has been taken, priority will be given to retaining it within the public domain, unless it is to be destroyed. It will therefore be offered in the first instance, by gift or sale, directly to other Accredited Museums likely to be interested in its acquisition.

I. If the material is not acquired by any Accredited Museums to which it was offered directly as a gift or for sale, then the museum community at large will be advised of the intention to dispose of the material, normally through an announcement in the Museums Association's Museums Journal, and in other specialist journals where appropriate.

m. The announcement relating to gift or sale will indicate the number and nature of specimens or objects involved, and the basis on which the material will be transferred to another institution. Preference will be given to expressions of interest from other Accredited Museums. A period of at least two months will be allowed for an interest in acquiring the material to be expressed. At the end of this period, if no expressions of interest have been received, Mount Edgcumbe may consider disposing of the material to other interested individuals and organisations giving priority to organisations in the public domain.

#### Disposal by Exchange

n. The nature of disposal by exchange means that Mount Edgcumbe will not necessarily be in a position to exchange the material with another Accredited museum. The Mount Edgcumbe Joint Committee will therefore ensure that issues relating to accountability and impartiality are carefully considered to avoid undue influence on its decision-making process. o. In cases where the Mount Edgcumbe Joint Committee wishes for sound curatorial reasons to exchange material directly with Accredited or unaccredited museums, with other organisations or with individuals, the procedures in paragraphs 12a-12d and 12g-12h will be followed as will the procedures in paragraphs 12p-12s.

p. If the exchange is proposed to be made with a specific Accredited museum, other Accredited museums which collect in the same or related areas will be directly notified of the proposal and their comments will be requested.

q. If the exchange is proposed with a non-accredited museum, with another type of organisation or with an individual, Mount Edgcumbe will make an announcement in the Museums Journal and in other specialist journals where appropriate.

r. Both the notification and announcement must provide information on the number and nature of the specimens or objects involved both in the Mount Edgcumbe's collection and those intended to be acquired in exchange. A period of at least two months must be allowed for comments to be received. At the end of this period, the Mount Edgcumbe Joint Committee must consider the comments before a final decision on the exchange is made.

#### Documenting disposal

s. Full records will be kept of all decisions on disposals and the items involved and proper arrangements made for the preservation and/or transfer, as appropriate, of the documentation relating to the items concerned, including photographic records where practicable in accordance with SPECTRUM Procedure on de-accession and disposal.

#### **Executive Summary:**

This report reviews the work that has been carried out, events and park usage during the financial year 2010/2011.

#### Mount Edgcumbe Corporate Plan 2000-2012:

The items contained in this report meet the objectives set out in the Mount Edgcumbe Corporate Plan.

Implications for Medium Term Financial Plan and Resource Implications: Including finance, human, IT and land None.

Other Implications: e.g Section 17 Community Safety, Health and Safety, Risk Management, Equalities Impact Assessment, etc None.

**Recommendations and Reasons for Recommended Action:** It is recommended that:-

i) Members note the report.

Alternative Options Considered & Reasons for Recommended Action: N/A

#### Background Papers:

- i) Mount Edgcumbe Events File
- ii) Mount Edgcumbe Operational Action Plan 09/10 (attached)

#### 1. Events

- 1.1 The 2009/2010 was expanded again with a total of 20 Mount Edgcumbe lead events. In addition, a series of 10 workshops were hold in partnership with the Devonport Regeneration Company.
- 1.2. In addition to our programme, the Friends of Mount Edgcumbe also held several events. The biggest event of the Friends calendar is the Classic Car Rally, organised in partnership with Cornwall Hospice Care. For the first time in its 14 year history, the organising committee had to take the decision to cancel the event because of heavy rain in the days before the event.

#### 2. Christmas Fayre

2.1 The Christmas Fayre was successful with 3,700 visitors through the doors over the two days. This is an increase of 500 people on last years' event. The two days went smoothly and the feedback from visitors and traders alike has been positive.

#### 3. School Visits

3.1 There were 35 booked visits to Mount Edgcumbe in 2009-2010 by schools and colleges. A range of activities were undertaken, from house visits to team buildings, field studies and orienteering. Approx 3,500 students took part in these activities.

#### 4 Weddings, Civil Partnerships & Naming Ceremonies

4.1 There have been 24 weddings, civil partnerships and no naming ceremonies this year. This is down by 10 on last year. Other facilities have also seen a drop in weddings in 2009, probably as a result of the economic climate.

#### 5. Talks to Community Groups

5.1 11 talks have been given in 2009/2010.

#### 6. Health and Safety Matters

6.1. There have been no significant health and safety issues this year. Risk assessments and training needs are continually reviewed and action taken when necessary.

#### 7. Operational Action Plan 2009/2010

7.1. Please refer to Appendix 1.

## 8. Recommendations

- 8.1. It is recommended that:
  - i. Members note the report.

#### 1. Introduction

1.1 This report requests Members to approve the Action Plan and note the Risk Management steps taken for the 201/2011 financial year.

#### 2. Breakdown of the Action Plan

- 2.1 As in previous years, the plan is broken down into the core areas of work undertaken at Mount Edgcumbe as follows:
  - i. Formal Areas
  - ii. Camellia Collection
  - iii. Amphitheatre
  - iv. Woodlands
  - v. Beaches and Foreshore
  - vi. Footpath/Signage/Roads
  - vii. Coastal Areas
  - viii. The Built Environment
  - ix. Special Events
  - x. Mount Edgcumbe House & Collection
  - xi. Health and Safety
  - xii. Heritage Project

The Action Plan can be found at Appendix A.

#### 3. Financial & Resource Implications

- 3.1 The work and events in the Action Plan are achievable within the budget forecast and Business Plan for 2010/2011.
- 3.2 It should be noted, that to ensure we stay within budget, the frequency of some actions may be changed.

#### 4 Risk Management

4.1 Risk management forms a part of this report. The format follows Plymouth City Council's guide to Risk Management. The Risk Management Register can be found at Appendix B.

#### 5 Recommendations

- 5.1 It is recommended that:
  - i. Members approve the Operational Action Plan 2010/2011 and note the Risk Management Strategy that supports it.

#### 2. EXHIBITION PROGRAMME

Mount Edgcumbe exhibitions bring in different visitors. They are designed to suit people of different ages and they add value to the visit. Exhibitions enhance visitor's knowledge and understanding of the family and local history. In addition they are a way of us (Mount Edgcumbe staff) to increase our own knowledge and provide a growing resource for our users.

| Description  | Access   | Learning &interpretation   | resources  | Target<br>date   |

#### **3. DOCUMENTATION**

Our documentation backlog is quite small (approximately 20 items have not yet been allocated an accession number) As described below we now have access Plymouth City Museums Collections Database (Micromusee), the digital version of our collections data. Previously this was not possible for technical reasons. We will begin to use this database in January 2010.

| Retrospective Documentation  | resources       | Target date      |
|--|-----------------|------------------|
| Accessions   | KJ/JC           | End of Feb 2010  |
| Accession, document and label recent acquisitions (approximately 20 items)                         |                 |                  |
| Micromusee Database  | Mount           | End of Feb 2010  |
| The Mount Edgcumbe Collection's key data is recorded on Plymouth City Museums' collections         | Edgcumbe        |                  |
| database. Access to this database has now become available to us here. We will be able to          | training budget |                  |
| extract and add information, do searches, update and create new records (this used to be done      |                 |                  |
| by staff at the museum on our behalf).   |                 |                  |
| <ul> <li>Training for Curator and Museum Assistant in using the database</li> </ul>                |                 |                  |
| Add new accessions and update existing records   |                 |                  |
| Loans inventories  | In house JC     | End of July 2010 |
| Loans of tools from Geevor, Weald and Downland and National Trust need to have full                |                 |                  |
| inventories created for them in spreadsheet format (currently we have lists of items, accession    |                 |                  |
| numbers and their and locations recorded). Accession number, title, location and condition will be |                 |                  |
| recorded. Copies of these will be printed and kept in a separate location.                         |                 |                  |

| Additional Documentation Plans   |                                    |                      |
|--|------------------------------------|----------------------|
| <b>Photograph archive</b> Documentation has begun. Currently it is rudimentary: All the photos have been scanned and given a number. Additional information needs to be added and indices created for search purposes. | Done by staff in<br>house<br>JC/KJ | End of November 2010 |

#### **4. CONSERVATION**

Introduction

The location of the house, its construction and its immediate environment, make it vulnerable to year round levels of high relative humidity - it is also exposed to moisture and salt laden winds, particularly on the side of the house that faces east. The external masonry of pink, undressed sandstone on this side of the property absorbs moisture when rain and wind hit it from that direction. This in turn affects the internal relative humidity (which is often high) in the rooms along the eastern side of the property. In addition, the stone mullioned windows particularly those in the 'tower' rooms with their high proportion of glass area - increase the adverse environmental effects of high relativity and rapid temperature exchange. The windows also admit high levels of light for paintings and antique furnishings.

#### Past present and future

Staff of Plymouth City Museum and Art Gallery have been involved with the management and care of the Mount Edgcumbe collections since 1987 when the house and Earl's collections were undergoing assessment and restoration. In 1993 with the appointment of a Curator for the house the Museum took on an advisory and support role to that officer. Staff at Mount Edgcumbe were trained to carry out environmental monitoring, maintain the de-humidifiers and carryout housekeeping duties.

In October 2002, as part of a new structure for the management of Mount Edgcumbe Park and House, a Museum Development Officer for Caradon was established. The new post included special responsibility for the collections at Mount Edgcumbe. Since April 2009, Mount Edgcumbe has employed a full time Collections Manager.

One of the first actions in 2003 was to review the condition of the collections and their management. This has identified that deterioration has taken place in several important items in the collections at Mount Edgcumbe - including paintings and tapestries. Improvements to the monitoring and control of internal environments and household cleaning techniques have also been instigated, and specialist conservators have already carried out some conservation work. In addition, conservation assessments have been carried out or are in progress. An ongoing programme of preventative conservation training for staff is in place. Seasonal stewards and the Curator's assistant work regularly with the collections but also rangers and gardeners, are regularly called in to move heavy objects.

Since 2005 weddings have been held at Mount Edgcumbe this plus other annual or occasional events. This is on the increase and it means that furniture in the Hall, Drawing room and Library is regularly moved to make space for these events. Risk of damaging the furniture is greatly increased by this practice. In order to minimise damage staff are annually trained in handling and moving objects and condition assessments of vulnerable furniture take place at least every two years.

#### **Environmental Monitoring and Control - requirements**

All areas containing collection items require monitoring for levels of relative humidity and temperature. Many of these areas also require environmental control equipment to be deployed (de-humidifiers) on an almost constant basis.

Protection from uv and lux damage is required in many of the rooms and this is provided by blinds. Low energy light bulbs have been fitted. UV filters have been attached to the outside of the clerestory windows through which daylight shines on oil paintings. These windows are very hard to access so blinds or curtains are not practicable. We are considering adding similar filters to some of the windows in the drawing room (see plan below)

The presence of pests is monitored using pest traps in each room which are checked and reported on regularly. Woodworm is an ongoing problem, especially in the attic and a routine inspection for evidence of current activity takes place annually. Treatment follows as appropriate. We normally use *Constrain* as it is non toxic to humans and very gentle on furniture and polished surfaces. Because it is less powerful than most commercial treatments, vulnerable objects needs to be inspected at least annually.

The environment in the attic is not adequately managed and there is no realistic solution for this as it is a large undivided space directly under the roof. The area is prone to temperature and relative humidity extremes and rapid fluctuations. It is recognised that it is far from an ideal location to house collections but in the absence of an alternative this is where the bulk of furniture is stored.

#### Annual Conservation Budget

The Joint Committee has established a budget of £6000 for collections management and care. This has not changed since 2002. A grant from the Heritage Lottery Fund was sought for conservation or the three 16<sup>th</sup> Century tapestries, a project that ended in 2007 and the Friends of Mount Edgcumbe have contributed to conservation work, notably the re-gilding of the Pier Table.
