(In accordance with Section 100(B)(4)(b) of the Local Government Act 1972, the Chair brought forward the above items for urgent consideration because of the need to inform Members).

## Order of Business

The order of business on the agenda was amended as set out below in the minutes.

### 120. **LICENSED HACKNEY CARRIAGE DRIVER APPLICATIONS FOR WHEELCHAIR EXEMPTIONS STATISTICS**

The Senior Lawyer explained that this item had been published as a part II item in error. It had never been the intention for the report to be in part I.

The Senior Environmental Health Officer (Licensing) submitted a report on the licensed hackney carriage driver applications for wheelchair exemptions statistics, which highlighted the following main points –

- (a) there were 367 hackney carriages licensed by Plymouth City Council, all were wheelchair accessible (these were driven by 445 licensed drivers, some vehicles having two drivers);
- (b) 50 drivers currently had exemptions (47 of which were life time exemptions) which equated to 11 per cent;
- (c) since the adoption of the policy in November 2008 there had been –
  - one exemption granted in 2008
  - nine exemptions granted in 2009
  - one exemption granted in 2010
  - six exemptions granted in 2011 (two for one year only)
  - two exemptions granted in 2012 (one for one month only)
- (d) since the policy was adopted in 2008, two changes had been made to the application process; firstly a paragraph was included in the application form which stated that the GP considered the applicant to satisfy DVLA Group 2 driver medical standards (this was included as applicants may have been on medication or had conditions that in some way would prevent them attaining this standard);
- (e) the second change was to the wording ‘in your opinion, does this person have a medical condition which is aggravated by his/her condition’; this has changed to ‘medical condition which prevents him/her from assisting wheelchair users’;
- (f) there were two spikes in the statistics in 2009 and 2011; in 2011 two drivers convicted of not adequately securing a wheelchair.

The Chair thanked the officers for attending.

(Councillor Churchill was not present for this item only).

121. **LICENSED HACKNEY CARRIAGE DRIVER REVIEW OF LICENCE STATUS - J  
TRENİK**

The committee –

- (a) considered the report of the Director of Place;
- (b) heard from Mr Trenik;
- (c) heard from Mr Trenik's representative, Mr Wildman and had sight of documents provided to support his hearing;
- (d) heard details of Mr Trenik's driving offences and failed vehicle inspections;
- (e) heard from the licensing officer regarding several amendments to the report;
- (f) having taken into account that –
  - three of Mr Trenik's penalty points had recently expired;
  - Mr Trenik stated that he did not receive notification of the court hearing and was therefore unable to represent himself;
  - Mr Trenik had not received a conviction since October 2009, although he did receive a fixed penalty notice for contravention of a traffic light signal in October 2011;
  - Mr Trenik stated that he was not carrying passengers when he committed any of the offences;
  - Mr Trenik stated he would suffer hardship if he was unable to continue as a taxi driver;
- (g) was concerned that –
  - Mr Trenik accrued a current total of 11 penalty points since January 2009 which were awarded in respect of two speeding offences, using a handheld phone whilst driving and contravention of a traffic signal;
  - none of these offences were reported to the licensing department in the correct manner resulting in a breach of the terms and conditions of his licence on each occasion;
  - in addition, his vehicle had failed an inspection on six occasions in the last 14 months; some of these inspections revealed very

serious defects in his vehicle;

- Mr Trenik admitted that he had driven in a vehicle which he believed could be defective;
- Mr Trenik completed a form for renewal but failed to declare any of his convictions.

The Hackney Carriage and Private Hire Drivers' Licensing Policy stated that motoring offences and contravention of licensing conditions were relevant offences for considering the suitability of a person to retain a licence. In addition the Plymouth City Council Act 1975 19(1)(b) enabled the Council to suspend, revoke or refuse to renew the licence of a driver of a hackney carriage or private hire vehicle for any other reasonable cause.

Members considered that as you were a licensed hackney carriage driver he should have regard to the rules of the road at all times. It was not known why the magistrates did not consider disqualification when his original points tally reached 14. However, Plymouth City Council was charged with protecting the safety of the public. They considered that his convictions, fixed penalty points, failed vehicle inspections and attitude towards the condition of his licence indicated an alarming lack of consideration for the safety of his passengers and the general public.

The committee agreed it would be a proportionate decision to suspend Mr Trenik's licence for 21 days and also require him to re-sit his driving test; this must be completed within six months. Failure to provide the licensing department with a newly passed driving certificate by 22 August 2012 will result in him having to appear before this committee and all sanctions against his licence will be considered at that time.

In addition, as the Taxi Licensing Committee does have the discretion to direct a driver appearing before it to complete further training or re-training, should the driver's suitability to retain a licence be called into question, Members direct that he is required to obtain the level 2 VRQ in Transporting Passengers by Taxi and Private Hire or equivalent within the next 12 months and attend at the licensing department when this has been attained. Should this qualification not be completed by February 2013, Mr Trenik will be brought back before the committee and all sanctions against his licence will be considered.

(Councillor Delbridge left the room for this item only).

The committee raised concerns regarding the standard of both private hire and hackney carriage vehicles.

The committee agreed to instruct officers to take the necessary action to ensure that all vehicles both private hire and hackney carriage are to the required standard and if the standard is not reached, the appropriate action is taken.

122. **EXEMPT INFORMATION**

Agreed that under Section 100A(4) of the Local Government Act 1972, the press and public are excluded from the meeting for the following items of business on the grounds that they involve the likely disclosure of exempt information as defined in paragraphs 3 and 7 of Part I Schedule 12A of the Act, as amended by the Freedom of Information Act 2000.

123. **CONFIDENTIAL MINUTES (E3 AND E7)**

Agreed that the minutes of the meeting held on 26 January 2012 are confirmed as a correct record.

124. **LICENSED PRIVATE HIRE DRIVER REVIEW OF LICENCE STATUS - NDW (E3 AND E7)**

The committee –

- (a) considered the report from the Director of Place;
- (b) heard from NDW.

The committee agreed that NDW's licence is suspended for six days which represents two days for each offence. NDW is also required to re-sit the driving test which must be completed within six months; failure to provide the licensing department with a newly passed driving certificate by 22 August 2012, or his renewal date, whichever is earlier, will result in NDW having to appear before the committee and all sanctions against his licence will be considered at that time. NDW is also required to obtain a medical certificate within the next 14 days; if this certificate is not provided to the licensing department by 9 March 2012, NDW will be required to attend the next available committee and all sanctions against his licence will be considered at that time.

(vote – Councillors Bowie, Haydon and Rennie voted against this decision).

*(Please note there is a confidential part to this minute).*

125. **APPLICATION FOR THE GRANT OF A HACKNEY CARRIAGE DRIVER'S LICENCE - AD (E3 AND E7)**

The committee –

- (a) considered the report from the Director of Place;
- (b) heard from AD.

The committee agreed to grant AD's application for a hackney carriage driver's licence. AD will be required to complete the VRQ level 2 driver qualification in Transporting Passengers by Taxi and Private Hire or equivalent within the first 12 months of the issue of his hackney carriage driver's licence, in common with all new applicants.

126. **APPLICATION FOR THE GRANT OF A PRIVATE HIRE DRIVER'S LICENCE - RRWB (E3 AND E7)**

The committee –

- (a) considered the report from the Director of Place;
- (b) heard from the licensing officer that a letter had been received from RRWB stating that he had withdrawn his application as he had now completed the pre requisite requirements for the grant of a licence.

127. **LICENSED HACKNEY CARRIAGE DRIVER APPLICATION FOR EXEMPTION - KRB (E3 AND E7)**

The committee –

- (a) considered the report from the Director of Place;
- (b) heard from KRB;
- (c) heard from KRB's representative.

The committee agreed to grant KRB's request for a life time exemption from assisting and carrying wheelchair users in his hackney carriage.

(Vote – Councillors Bowie, Churchill and Rennie voted against KRB being granted a life time exemption).

*(Please note there is a confidential minute to this minute).*

128. **LICENSED HACKNEY CARRIAGE DRIVER APPLICATION FOR EXEMPTION - BGM (E3 AND E7)**

The committee –

- (a) considered the report from the Director of Place;
- (b) heard from BGM.

The committee agreed that because BGM had initially requested a 12 month exemption from his doctor, that this should be the exemption that BGM is granted. If his condition does not improve, he is invited to make a new application for a life time exemption when the 12 month period expires.

(Councillor Delbridge declared a personal interest in the above matter as he knew the doctor in this case).

*(Please note there is a confidential minute to this minute).*

Following the legal advice provided to the committee, concerns were raised relating to the process when considering licensed hackney carriage driver applications for exemptions.

The committee agreed that as a matter of urgency officers are asked to review this process.

129. **LICENSED HACKNEY CARRIAGE DRIVER APPLICATION FOR EXEMPTION  
- SOH (E3 AND E7)**

The committee –

- (a) considered the report from the Director of Place;
- (b) heard from the licensing officer that SOH had elected to attend the March meeting of the committee.
