**13. QUESTIONS BY THE PUBLIC**

One question had been received from a member of the public in relation to a matter which in the opinion of the Lord Mayor, was relevant to the business of the meeting, in accordance with paragraph 10 of the Constitution

Question No	Question By	Relevant Member	Cabinet	Subject
I (12/13)	Mr F Sharpe	Councillor P Smith		Plymstock Swimming Pool
Please could it be disclosed when Plymstock residents were consulted by the City Council regarding having a possible Plymstock Swimming Pool connected to Sherford?				
<p><b>Response</b></p> <p>1) The local planning policy document for this area clearly sets out the need for Sherford to provide a Sports Hub north of Elburton incorporating a swimming pool and the policy document was the subject of extensive public consultations for three years between 2005 and 2007 during which a range of public comments were carefully considered.</p> <ul style="list-style-type: none"> <li>• The local planning policy is the North Plymstock Area Action Plan and the issues and Options public consultation on the required planning policies for the area took place between the 7th March and 18th April 2005.</li> <li>• Having considered public comments the next stage was to invite public comment on the Preferred Options version This took place in the period July- September 2005. The result of the public response to the question relating to the possible provision of the sports centre/swimming pool, outdoor pitches etc here to meet needs of Sherford residents and to offset any loss of playing field land due to</li> </ul>				

transport proposals was 20% Strongly agree, 6% agree, 59% nil response or no opinion, 4% disagree and 11% strongly disagree.

- An Elburton Edge public presentation and exhibition took place on 19th May 2006 and the public consultation on the Action Plan ran for a period of 6 weeks from 22 August and ending on 3 October 2006.
- The planning policy was adopted in August 2007, following public examination. Hearings held on the 13 February and 28 March 2007.

It is evident that the local planning policy was adopted following consideration of public opinion and following extensive public consultations.

2) The planning applications for the development of this area with a Sports Hub north of Elburton incorporating a swimming pool was the subject of extensive public consultations for five years between 2006 and 2011 during which a range of public comments were carefully considered by the relevant Planning Committees.

- The planning applications for the Sherford development submitted in 2006 reflected the need for the Sports Hub north of Elburton. All the statutory publicity and public notices required for an application accompanied by an Environmental Statement were carried out in association with the two local planning authorities (SHDC and PCC). In addition 3 local public exhibitions on the applications were held in October 2007.
- In 2008/2009/2012 The applicant's submitted additional information and these were the subject of public consultation and comment. The Planning Committees of both authorities considered the public views and the merits of the planning applications in 2008 and 2009. The PCC Planning Committee again met to consider the latest situation in March 2012 when the views of local people were again considered together with those of consultees (the report is available to see on the PCC planning website for 06/02036).
- The Planning Committees of the two local planning authorities (together with Devon County Council) have agreed the framework for a possible legal agreement –a Section 106 Agreement. The required S106 would ensure (amongst other things) that there would be the phased delivery of community facilities including the sports centre (of a minimum of 2,140 square metres) north of Elburton and this would incorporate a 4 lane heated swimming pool.

It is evident that the Planning Committee's decision was made following consideration of public opinion and following extensive public consultations.

In the absence of the questioner, the question and response were circulated and a written response would be sent to Mr Sharpe.

ii) *a range of retail units of varying sizes, including a mix of retail uses and creating a High Street form of development*

a) *initial development, by 2016, would provide for one new food store, together with a level of comparison goods floorspace associated with a modest scale District Centre, of a total of some 8,500 sq m (net) floorspace. The food store needs to be of a scale which attracts main food shopping trips and should comprise elements of convenience and comparison floorspace. It should have a net convenience floorspace of at least 2,500 sq m and could have an equivalent amount of comparison floorspace, leading to a gross floorspace of around 7,000 sq m. This form of store will therefore have a mix of floorspace which is similar to that found in other district centres in the north of Plymouth. The initial development should also provide for a range of retail units creating a mix of retail uses. In total, some 5,000 sq m (net) comparison floorspace could be created, but the final mix will be dependent on detailed masterplanning and delivery of the centre.'*

21. **QUESTIONS BY COUNCILLORS**

In accordance with Part B, paragraph 12 of the Constitution, the following questions were asked of the Leader, Cabinet members and Committee Chairs covering aspects for their area of responsibility –

	<b>From</b>	<b>To</b>	<b>Subject</b>
<b>1</b>	Councillor Mrs Pengelly	Councillor Vincent	Please update the Council about the bid for QE2 park and the protection offered by Jubilee Status?
	Councillor Vincent had requested a meeting with officers to discuss this important issue. He was aware that it was a complex project and wanted to ensure that members of that public could gain maximum benefit.		
<b>2</b>	Councillor Fry	Councillor Vincent	Please update the Council on your position with regard to supporting the South West Devon Waste Partnership.
	Councillor Vincent advised that the Partnership would be supported in the best way possible. No further comment would be made due to the fact that the decision was currently being considered by the courts.		
<b>3</b>	Councillor Mike Leaves	Councillor Vincent	Do you intend to continue to provide a new MRF facility for 2014? Where is the funding for the project coming from?
	Councillor Vincent advised that he had spoken to officers on the matter and was currently awaiting final proposals. Councillors would be kept fully informed of progress.		
<b>4</b>	Councillor Sam Leaves	Councillor Vincent	Would the glass recycling doorstep collection continue and where would the funding come from?
	Councillor Vincent advised that the pilot would continue and that like all pilot projects the outcome will be reviewed and if successful enough would continue and be extended. Councillor Vincent undertook to provide Councillor Sam Leaves with information on how the project had been funded.		
<b>5</b>	Councillor	Councillor	Are the new refuse vehicles working well and

	Jordan	Vincent	providing good value to the public? Where has the funding for these vehicles come from?
	Councillor Vincent advised that he had received no feedback to say that the vehicles were not working. Councillor Vincent reminded Councillor Jordan that he was sure he would know about the finances due to his previous position on the Cabinet.		
<b>6</b>	Councillor Darcy	Councillor Vincent	Do you intend to continue the refurbishment of West Hoe Pier? Where is the funding coming from?
	Yes, work has already started on the pier and will progress. The project was funded as part of the Capital Programme.		
<b>7</b>	Councillor Mrs Nelder	Councillor Coker	Please update the Council on the progress of the Traffic Regulation Order preventing a left turn from Laira Bridge Road into Heles Terrace which has been causing problems for residents since the road layout had changed in September.

<b>8</b>	Councillor Churchill	Councillor Vincent	Please provide assurance that the waste project team would be recognised for their awards at the next meeting of full council.

<b>9</b>	Councillor Bowyer	Councillor Lowry	Would Councillor Lowry accept that the revenue savings that resulted from the invest to save projects funded by the Sale of Plymouth CityBus were helping to deliver this current year's budget.
	Councillor Lowry advised that the sale of CityBus receipts make up a small element of the Councils capital programme and there was £117million that could be used as a more efficient way of delivering services than selling off our assets. The Councils Capital Programme was under review in light of the new administrations priorities and manifesto commitments.		
<b>10</b>	Councillor Sam Leaves	Councillor Evans	Given the importance of the Child Poverty agenda. Why does the Leaders Scheme of Delegation for Executive Functions contain no reference to Child Poverty?
	The Leader advised that there was no delegation to any individual cabinet member because all Cabinet Members have that responsibility. Child poverty would be considered as part of everything put before the Cabinet and as such, regardless of which Cabinet Member, Child Poverty would appear on all future reports.		
<b>11</b>	Councillor Martin Leaves	Councillor Coker	Why was your proposed bus lane for Outland Road not in your manifesto?
	Councillor Coker advised that it is in the Local Transport Plan 3. The focus for the A386 was to provide enhancements for all transport modes with the emphasis on improving journey times and reliability.		

<b>12</b>	Councillor Mrs Beer	Councillor Murphy	What are your plans to scrutinise the accommodation strategy and what will your priorities be?
	Councillor Murphy advised that there had not yet been a meeting and it was too early to confirm priorities at this stage.		
<b>13</b>	Councillor Bowyer	Councillor Vincent	Do you recognise that your role as a Cabinet member setting planning policy conflicts with your role as a member off the planning committee where you determine policy
	Councillor Vincent advised that he had been concerned when offered the two appointments and sought clarification on the matter from Legal Services and was advised that it was in order.		
<b>14</b>	Councillor Jordan	Councillor P Smith	Which libraries would be closed in order to balance the Budget?
	Councillor advised that the Labour Party Manifesto gave a commitment that no libraries would be closed. A consultation had been launched that day in advance of a full review of the Library Service to see where is can be improved.		
<b>15</b>	Councillor Sam Leaves	Councillor Williams	What are your views in free schools in the City. Should the Council be encouraging the take up of free schools.
	Councillor Williams advised that there were proposals for two free schools in the City which would address the need for school places. The Council should be looking co-operatively with our partners to provide education and a paper would be coming to Council which addresses educational provision across the City.		
<b>16</b>	Councillor Churchill	Councillor Coker	Please explain why new signs have been provided in some area's of the City but not others?
	Councillor Coker advised that since speaking to Councillor Churchill, he had followed the matter up and that the signs had been refused as they were – Highway Maintained at Public Expense. Following the co-operative approach, Councillor Penberthy could purchase the signs using the community grant fund should he so wish. Councillor Coker undertook to find out where the sign on Weston Mill came from and to provide Councillor Churchill with a full report on the matter.		
<b>17</b>	Councillor Mike Leaves	Councillor Vincent	Was Councillor Vincent aware of the Central Park Area Action Plan and the £12million due to be spent over the next 12 years?
	Councillor Vincent advised that the park would be landscaped in a tasteful way and include avenues of trees which enhanced the area and suited the Victorian aspect of the park.		
<b>18</b>	Councillor Pengelly	Councillor Vincent	Is the landscaping work part of the bid for QE2 status. Will you come back to the next Council meeting and update Council on the progress you have made on this as this is a time limited project.
