

AGENDA

SAFER PLYMOUTH PARTNERSHIP

Date: Thursday 24 September 2015
Time: 10.00am – 13.00pm
Place: Marlborough Room, Council House

*indicates paperwork included
 **indicates paperwork at meeting

Item	Subject	Who	Decision Required	Time (approx)
1	Welcome/Introductions: <ul style="list-style-type: none"> Mel Joyner, Director of Student Services Apologies: <ul style="list-style-type: none"> Pete Aley 	AB		10.00-10.05
2	Minutes of Previous Meeting – 23.7.2015* (Pages 1-8)	AB	Safer Plymouth to agree minutes are accurate and discuss matters arising.	10.05-10.15
ITEMS TO DISCUSS:				
3	Sexual Predators – Discussion paper provided by Plymouth University	CO/MJ	Safer Plymouth to discuss and establish: <ul style="list-style-type: none"> Where is this currently being managed and have we got the confidence this is moving forward or does it need to come back to Safer Plymouth? Are we confident the city has a clear strategic direction on what it wants to achieve? What are the next steps for Safer Plymouth? 	10.15-10.55
4	Domestic Abuse – Discussion paper provided by Chief Supt Andy Boulting (<i>to follow</i>)	AB		10.55-11.35
5	Locality Issue* – Discussion paper provided by Pete Aley (Pages 9-10)	SH		11.35-12.15

BRIEFINGS (DISCUSS BY EXCEPTION ONLY):

6	Safer Plymouth Strategic Assessment 2015/16 – Strategic Priorities* (Pages 11-12)	AB	Safer Plymouth to discuss and agree strategic priorities for 2015/16	12.15-12.30
7	“In Plain Sight - Training & Outreach Practitioner” – Verbal briefing on provision	SM	Safer Plymouth to receive a brief on this role and provision.	12.30-12.40
8	Quality Hotel – Verbal Update	SH	Safer Plymouth to receive an update and discuss consider as in items 3-5 above.	12.40-13.00
9	Dates of Future Meetings: (All meetings will commence at 10 am. Venues TBC). Thursday 21 January 2016 Thursday 14 April 2016 (Provisional)			

<h1>SAFER PLYMOUTH PARTNERSHIP</h1> <p>Draft Minutes from Meeting held on Thursday 23 July 2015</p>	
---	---

Present:	<p>Chief Superintendent Andy Boulting, Devon and Cornwall Police (Chair) Councillor Philippa Davey, Cabinet Member for Safer and Stronger Communities (PCC) Sarah Hopkins, Community Safety and Partnerships Manager (PCC) Peter Aley, Head of Safer Communities (PCC) Katey Johns, Democratic Support Officer (PCC) Georgia Webb, National Probation Service Charlotte Coker, DDC CRC Nick Jones, Devon and Somerset Fire and Rescue Services Ian Ansell, Office of the Police and Crime Commissioner Rob Sowden, Performance and Research Officer (PCC) Heather Welch, Plymouth Victim Support Susan Moores, Octopus Project (ZEBRA) Nicola Jones, New Devon CCG, NHS Judith Harwood, Assistant Director for Learning and Communities Mark Thompson, Victim Support Services</p>
Apologies:	<p>Claire Oldfield, University of Plymouth</p>
<p>The meeting started at 10 am and finished at 1.05 pm</p>	
<p>Note: At a future meeting, the partnership will consider the accuracy of these draft minutes so they may be subject to change. Please check the minutes of that meeting to confirm whether these minutes have been amended.</p>	

17. **Welcome / Introductions**

Peter Aley, Head of Safer Communities, opened the meeting by welcoming all parties and asking everyone present to introduce themselves.

18. **Appointment of Chair and Vice-Chair**

Judith Harwood, Assistant Director for Learning and Communities, reported that since the last meeting, there had been some changes within the Council's Cabinet which had resulted in a new portfolio holder for the Community Safety Partnership. Councillor Philippa Davey was now the Board's relevant Cabinet Member, with a portfolio title of Cabinet Member for Community Safety. Members were reminded that, at the last meeting, discussion had taken place about the role of the Board and its direction of travel. It was suggested that, given there was a clear desire to review

arrangements, it might be an appropriate time to commission a piece of work specifically for this purpose. Judith therefore proposed that for an interim period of three months, and whilst the review was under way, Andy Boulting took the Chair. This proposal was seconded by Councillor Philippa Davey.

Agreed that –

(1)	in the absence of any other nominations, Andy Boulting is appointed interim Chair of the Board;
(2)	there was no need to appoint a vice-chair during the review period;
(3)	part of the systems leadership away day is used to discuss the review and development of the Partnership (see also minute 19 below).

19. **Safer Plymouth - Development of Partnership**

Following on from the discussion started at minute 18 above, Peter Aley introduced the paper which was designed as an aid to help shape the discussion. At present, Safer Plymouth was a stand-alone entity which limited its opportunities to influence, and be influenced by, wider agendas. One such example was there was no formal link to the Health and Wellbeing Board which could benefit from a stronger community safety input.

Members were advised that there were a number of opportunities to help the Safer Plymouth Partnership develop and modernise its work and that now was a good time to explore what they were.

Highlights from the discussion included –

- (a) there was a lack of focus on statutory requirements, for example reducing reoffending. How had the group tried to drive that through Plymouth? Unfortunately, there wasn't the capacity or energy to do everything and therefore the focus should be on what had to be done and challenging what was being achieved;
- (b) there were many groups out there with similar aspirations and difficulties, all wanting to do the same thing but feeling disjointed. A similar exercise had been undertaken with the Plymouth Safeguarding Children's Board (PSCB) which was now a sub-group of the Health and Wellbeing Board;
- (c) since the demise of Plymouth 2020 it was thought that Safer Plymouth had lost some of its momentum. It was important to regain this and focus on where it could make a greater difference but this would require members being honest about what could and couldn't realistically be achieved;
- (d) with regard to CSE and using it as the focus of the Systems Leadership away day, it was suggested that as the group had not yet heard from Charlie Pittman nor had the PSCB reconvened to review its 11-point action plan, there would not be enough information available to the group to take this

forward at this time;

- (e) concern being expressed at the fact that the Fire Service’s priority of ‘Safety in People’s Homes’ was not included in the performance report which had been agreed three months ago. Members were reminded of the importance of bringing forward their priorities so that consideration could be given to collectively prioritising issues. It was pointed out that the Fire Service was one of the least intrusive of all services entering households (home safety checks etc) and therefore had access to a raft of intelligence which could be shared with and used by partner agencies;
- (f) further to concerns highlighted at (e) above, and the fact that there had been two recent fires in the City, as well as the significant event at Clowance Street, it was suggested that it may be worth spending time on 14 August to look at Systems Leadership way of working and establish leadership and responsibility roles. In addition, alongside that, to look at the statutory requirements and priorities of the Partnership and consider how they should be discharged and by whom.

Agreed that in preparation for the Systems Leadership away day on 14 August –

(1)	CSE is dropped from the agenda;
(2)	Sarah Hopkins engages with the facilitator to discuss the change of focus;
(3)	stakeholders be invited to comment on the Partnership’s performance and engagement.

20. **Notes from Previous Meeting**

Agreed the notes of the meeting held on 28 May 2015, subject to -

(1)	correction to spelling of Hardwood to Harwood;
(2)	inclusion of the Violent Crime sub-group delivery matrix, which had been tabled and agreed at the last meeting (attached as Annex to these minutes).

21. **Matters Arising**

With regard to matters arising –

- Minute 5(1) – Charlie Pittman, Chair of the Safeguarding Children’s Board sub-group, had not been invited to attend, however, it would probably be more appropriate for liaison between the two groups so that each were aware of what the other was doing;
- Minute 6(1) – Sarah Hopkins reported that Torbay’s family group was different to Plymouth’s so the data was slightly skewed. However, on inspection it had been revealed that they were not doing anything dissimilar to what was also being done in Plymouth specific to the ENTE – ID scanners,

engagement with licensees, night bus feasibility study etc. It was suggested that the information be passed to the appropriate sub-group with a request that they look into it further and bring back recommendation(s) to the next meeting of the Board;

- Minute 6(2) – Ian Ansell advised that the SARC user specifications had still not been published. As soon as information was available he would update the Board;
- Minute 6(3) – Judith Harwood reported that there was a lot of work going on and updates would be brought to the Board as and when appropriate.

22. **Performance Report and Area of Under Performance**

The Board welcomed Rob Sowden who was in attendance to present the latest position in relation to Partnership’s performance targets.

Points of discussion included –

- the outcome of the 3-month Partnership review would need to be reflected in the format of any future performance report which, it was suggested, should move away from being so data-heavy and be more inquisitive;
- qualitative rather than quantitative data would enable assistance to be offered to partners in order to address problem areas identified (Sarah Hopkins offered to work with Rob on developing this with regard to SARC and Domestic Violence;
- provision of a narrative alongside each performance measure would help clarify the position. For example, with regard to the indicator ‘increase referrals to domestic abuse services’ being red, was that because more prosecutions were taking place or less were being referred?
- the responsible sub-groups should be challenged where performance was failing with explanatory reports being brought back to the Board;
- whether it would be useful to set tolerance levels, e.g. 15%
- consideration should be given to identifying champions;
- whether the data included reference to re-referrals – Rob Sowden to find out and report back;
- the availability of data on offenders on more than 1 day but less than 12 months’ licenses;

Agreed –

(1)	<p>the format of the performance report is updated to include –</p> <ul style="list-style-type: none"> • a narrative against each item in order to provide some form of context, and • tolerance levels;
(2)	<p>the Chair of the PDAS sub-group is invited to the next meeting to report on the failing performance indicator;</p>
(3)	<p>that some early indicator data in respect of offenders on more than 1 day</p>

	but less than 12 months' licenses would be brought to the next meeting;
(4)	to revisit the indicators following the Partnership review in 3 months' time.

23. **Safer Plymouth Partnership Strategic Assessment of Crime and Disorder 2015/16**

Further to previous discussions on earlier agenda items and a request that the performance analysts undertake some deeper diving on some of the identified problem areas, it was **agreed** that consideration of this item be deferred until the next meeting. In the meantime, the information requested would be ready for the Board's away day on 14 August 2015.

24. **Systems Leadership - Child Sexual Exploitation / Abuse**

Agreed that Child Sexual Exploitation / Abuse would not be the focus of the Systems Leadership away day on 14 August 2015 (please refer to minute 19 above).

25. **Collaborative Enforcement Pilot**

Peter Aley reported that he had taken over responsibility for leading this pilot from Robin Carton and would provide future updates to the Board as and when appropriate, as opposed to it continuing as a standing item. Members were advised that, since the last meeting, the results of the community consultation had identified concerns as being parking, rubbish and litter, drug dealing and people being drunk and rowdy. That information was being fed into the work-stream to take the project forward in the community and this had been discussed with the new portfolio holder.

In response to questions raised, Members were advised that –

- (a) the issue of more formal sharing of powers was still being developed;
- (b) the name, whilst on reflection may not have been the most appropriate, should not become a sticking point - something more acceptable could be used at ground level;
- (c) in terms of its governance and reporting structure, the pilot would report to the Safer Plymouth Partnership Board;
- (d) there would be a presentation to a future meeting of the Board to which community members would also be invited in order to give their perspective of the pilot's progress.

The report was noted.

26. **Victim Services**

Ian Ansell provided the latest update with regard to Victim Services. Members were advised that –

- (a) the service had been operating since 1 April and early indications were that it was working well;
- (b) they were seeing good examples of organisations working collaboratively;
- (c) a nurse would be sitting in each day and would be able to pick up any mental health issues arising and fast-track them through the relevant services;
- (d) further work was still required in a number of areas, including –
 - Domestic violence
 - Fraud
 - Volunteer Recruitment
 - Completion of Victim Needs Assessments to correct standard
- (e) the website was up and running and was being used with work under way to improve it and make it better.

The report was noted.

27. **Peninsula Overview of Child Sexual Abuse and Child Sexual Exploitation - Supporting the Development of a Serious and Organised Crime Local Profile**

Peter Aley reported that clarification had now been received and that a series of organised crime profiles, themed around different issues, would be coming to Community Safety Partnerships. The first one – Child Sexual Abuse and Exploitation - had just been received and had been circulated to the Board. The expectation was that the Board, on behalf of the Community Safety Partnership, should help develop and respond to the local profiles. However, given the discussion the group held earlier on the agenda, it was suggested that it may be more appropriate to refer the paper to the CSE sub-group already established by the Plymouth Safeguarding Children's Board. As part of that process Members were encouraged to consider which community and voluntary services should be also be engaged so that information could be gathered and fed into the sub-group. Any ideas would need to be fed back to Sarah by 3 August 2015.

Suggestions from round the table included inviting Barnardos or ZEBRA to contribute as well as looking to Cornwall to see how they were developing their profiles, as it had taken a different strategic approach with its CSE sub-group.

28. **Dates of Future Meetings**

- Friday 14 August 2015 – Systems Leadership Away Day (Private Session)
- Thursday 22 September 2015
- Thursday 21 January 2016
- Thursday 14 April 2016 (Provisional)

All meetings to commence at 10 am.

Stonehouse Report

Neighbourhood profile

Stonehouse is characterised by high levels of deprivation, ranked the second most deprived neighbourhood in the city on the IMD, with higher than average low income homes, low levels of educational attainment, and a higher than average mortality rate. It has a higher proportion of younger people than the city average particularly in the 20–30 age group. The housing mix indicates a higher proportion of flats than elsewhere in the city, making up 70% of accommodation, the majority of the rest being terraced housing. There is also a high number of empty properties. The area is under-served by GP's compared to other areas in the city.

Stonehouse has been described as a collection of different 'neighbourhoods', with Union St acting as a physical divide between communities – statistics between the north and south of Union St are different. Stonehouse also contains the historic area of Stonehouse Peninsula. There is no library or community centre, and there is a lack of housing development sites.

Figures from 2012-13 unless stated

- Population of 10,476: 55.2% male, 44.8 % female
- 23.9% claiming benefit compared to city average of 11%
- Rate of ASB of 94.6 per 1000 population, compared to a city wide figure of 39.5
- Rate of all crime 208.3 per 1000 population compared to a city wide figure of 72.4
- Rate of children in need is 1,408 per 10,000 population aged 0-17
- Life expectancy 2010-12 was 77.8, compared to city figure of 80.5
- 34.6% of private sector homes classed as non- decent in 2010 compared to city average of 33.3%
- The rate of all clients in receipt of care packages was 423 per 10,000 population as compared to a city wide figure of 354.5
- 35.5% of pupils achieved 5 or more A* – C grades at GCSE compared to a city wide figure of 61.1%

Community Infrastructure

There are a number of resident and 'friends' groups: Stonehouse Residents Association, North Rd West Residents Association, Royal William Yard Residents Association, Friends of Devonport Park, High St flats informal group, Millfields Residents Association, Friends of Wyndham Sq (not met for a while), Stonehouse Action – support all of Stonehouse but main aim is to connect old and new communities, eg Millbay and Union St area.

Centres

Oasis – foodbank, lunches, provide advice and support, Union Corner – set up by Stonehouse Action as a space for community activity and volunteering, Manor St Childrens Centre, Fredrick St Youth Centre

Clubs

Stonehouse Tennis Club – opening up to local people eg free tennis lessons for local children

Other

Timebank, Millfields Inspired - new charity set up by CEDT, George House homeless hostel – very active and keen on linking with wider community, Stonehouse Play Association, Creative Arts School also housing Pride, REC and Street Factory.

Collaborative enforcement pilot

Proposal for pilot in city centre and Stonehouse agreed by Cabinet in Dec 2014, working on the ‘don’t walk by’ principle for all partner agencies. Agreed priorities are legal highs, abandoned vehicles, engagement and review of data sets.

Community views about priorities:

1000 houses were door knocked in May 2015. The biggest issues are as follows:

- Parking - including parking permits with limited residents parking, signage and rights of carers visiting clients
- Rubbish collection – rubbish left after bin collections, some fly tipping hot spots, residents leaving bins out
- Drugs
- Drunken or rowdy behaviour

INTRODUCTION TO PLYMOUTH STRATEGIC ASSESSMENT 2015/16 AND SAFER PLYMOUTH RECOMMENDATIONS

This strategic assessment aims to provide an accurate and realistic evaluation of the significant crime, disorder and substance misuse issues that may impact the partnership over the next 12 months, and also takes account of areas impacting the partnership over the last 12 months. Its key role is to inform Safer Plymouth of the key areas of Community Safety that the partnership should be focusing on for the coming year. This year the areas of focus are broken into two categories, they are;

Emerging areas of focus – these are new areas that have previously been mentioned briefly in previous strategic assessments but are now identified as being key emerging issues for the partnership. These tend to be areas where the primary objective should be to gain greater knowledge of the problem within the city in order to consider how best to tackle presently and in the future.

The emerging areas of focus are;

- Child Sexual Exploitation
- Modern Slavery
- Impact of Mental Health on Community Safety Issues
- Cyber crime

Established areas of focus – these are areas previously referred to in strategic assessments as ‘priority areas’ and are established areas of crime and disorder that has been the subject of partnership action for a sustained period.

The established areas of focus are;

- Supporting vulnerable victims of Anti-Social Behaviour
- Hate Crime
- Domestic Abuse
- Sexual Abuse
- Tackling Re-offending
- Violence and Alcohol
- Tackling Violent Extremism

SAFER PLYMOUTH RECOMMENDATIONS

1. Safer Plymouth agrees that the emerging areas of focus should be adopted by the board as areas of partnership work.
2. Safer Plymouth commissions work to assess and identify the most appropriate and effective development and delivery mechanism/forum for all the agreed areas of focus and receives recommendations back at the next meeting.
3. Safer Plymouth agrees that the established areas of focus should continue to be adopted by the board as areas of priority and co-ordinated partnership work.
4. Safer Plymouth signs off in principle the strategic assessment, specifically agreeing the areas of focus and the supporting narrative content. In addition safer Plymouth agrees to provide appropriate feedback to the author regarding the recommendations for each area of focus (emerging and established) and on any changes or additional content.
