## Purpose of Report

This report sets out proposals for appointing the Council's external auditor for the statutory accounts for the five-year period from 2023/24.

## Recommendations and Reasons

### That Audit and Governance Committee:

1. Recommends to Council that Plymouth accepts Public Sector Audit Appointments' (PSAA) invitation to opt into the sector-led option for the appointment of external auditors to principal local government and police bodies for five financial years from 1 April 2023.

The Local Audit (Appointing Persons) Regulations 2015 require the decision to opt in to the national scheme to be made by a meeting of the Council.

### *Alternative options considered and rejected*

The Council could undertake its own appointment process. This has been rejected for the following reasons:

- The risk of being unable to secure competitive bids.
- The limited (and shrinking) number of suppliers that are able to provide an external audit function.
- The additional resources required to undertake a procurement for an external audit contract.
- The requirement to set up an independent audit panel with responsibility for managing the procurement process.

- The likelihood that the PSAA route will return lower costs to the Council because of the volume of work let to specific providers.

### Relevance to the Corporate Plan and/or the Plymouth Plan

External Audit provide a key resource to ensure the Council is correctly accounting for its limited resources and commenting on the use of these resources to ensure the Council provides value for money, maximising the benefit to the residents of Plymouth.

### Implications for the Medium Term Financial Plan and Resource Implications:

Opting-in to a national scheme provides maximum opportunity to ensure fees are as low as possible, whilst ensuring the quality of audit is maintained by entering in to a large scale collective procurement arrangement.

If the national scheme is not used some additional resources will be needed to establish an auditor panel and to conduct a local procurement.

The final contract price will be built into the MTFP.

### Financial Risks

The price for external audit services will be determined as part of the contract award and will be built into the MTFP.

### Carbon Footprint (Environmental) Implications:

No impacts directly arising from this report.

### Other Implications: e.g. Health and Safety, Risk Management, Child Poverty:

No impacts directly arising from this report.

## **I. Introduction and Summary**

- I.1 The current auditor appointment arrangements cover the period up to and including the audit of the 2022/23 accounts. Plymouth opted into the 'appointing person' national auditor appointment arrangements established by Public Sector Audit Appointments (PSAA) for the period covering the accounts from 2018/19 to 2022/23.
- I.2 PSAA is now undertaking a procurement for the next appointing period, covering audits for 2023/24 to 2027/28. Plymouth needs to agree its approach for external audit arrangements from 2023/24. The options are:
- Arrange own procurement and make an appointment themselves: or
  - Join the national collective scheme administered by PSAA.
- I.3 The conclusion reached is a sector-wide procurement conducted by PSAA will produce better outcomes and will be less burdensome for the Council/Authority than a procurement undertaken locally because:
- collective procurement reduces costs as opposed to undertaking a local procurement exercise;
  - if the national scheme is not used Plymouth will need to establish its own auditor panel with an independent chair and independent members to oversee a local auditor procurement and the ongoing management of an audit contract;
  - the national scheme is the best opportunity to secure the appointment of a qualified, registered auditor - there are only nine accredited local audit firms, and a local procurement would be drawing from the same limited supply of auditor resources as PSAA's national procurement;
- I.4 If Plymouth wants to take advantage of the national auditor appointment arrangements, it is required under the local audit regulations to make the decision at full Council. The Audit Committee are asked to consider this report and make a recommendation to Council.
- I.5 If Plymouth want to opt-in to the national scheme, it must do so by 11 March 2022.

## **2. Procurement of External Audit for the period 2023/24 to 2027/28**

- 2.1 Under the Local Government Audit & Accountability Act 2014 ("the Act"), Plymouth City Council is required to appoint an auditor to audit its accounts for each financial year. There are three options;
- To appoint our own auditor, which requires it to follow the procedure set out in the Act.
  - To act jointly with other authorities to procure an auditor following the procedures in the Act.
  - To opt in to the national auditor appointment scheme administered by a body designated by the Secretary of State as the 'appointing person'. The body

currently designated for this role is Public Sector Audit Appointments Limited (PSAA).

2.2 In order to opt in to the national scheme, a council must make a decision at a meeting of the Full Council.

### **3. The Appointed Auditor**

3.1 The auditor appointed at the end of the procurement process will undertake the statutory audit of accounts and Best Value assessment of the council in each financial year. The appointed auditor is also responsible for investigating questions raised by electors and has powers and responsibilities in relation to Public Interest Reports and statutory recommendations.

3.2 The auditor must act independently of the council and the main purpose of the procurement legislation is to ensure that the appointed auditor is sufficiently qualified and independent.

3.3 The auditor must be registered to undertake local audits by the Financial Reporting Council (FRC) employ authorised Key Audit Partners to oversee the work. As the report below sets out there is a currently a shortage of registered firms and Key Audit Partners.

3.4 Councils have very limited influence over the nature of the audit services they are procuring, the nature and quality of which are determined or overseen by third parties.

### **4. Independent or Joint Appointment**

4.1 Plymouth may elect to appoint its own external auditor under the Act, which would mean it must establish an independent auditor panel to make a stand-alone appointment. The auditor panel would need to be set up by the Council, and the members of the panel must have a majority of independent members and manage the contract for its duration, overseen by the Auditor Panel.

4.2 Alternatively, the Act enables a council to join with other authorities to establish a joint auditor panel. Discussions with other Devon section 151 officers has indicated there is not sufficient appetite to have a joint procurement with local Councils.

4.3 Either approach would be more resource-intensive processes to implement for Plymouth and without the buying power of the sector-led procurement. This could lead to a more costly service.

### **5. The national auditor appointment scheme**

5.1 PSAA is specified as the 'appointing person' for principal local government under the provisions of "the Act" and the Local Audit (Appointing Person) Regulations 2015. PSAA let five-year audit services contracts in 2017 for the first appointing period, covering audits of the accounts from 2018/19 to 2022/23. Plymouth took part in this process.

5.2 In summary, the national opt-in scheme provides the following:

- the appointment of a suitably qualified audit firm to conduct audits for each of the five financial years commencing 1 April 2023;
- appointing the same auditor to other opted-in bodies that are involved in formal collaboration or joint working initiatives to the extent this is possible with other constraints;

- managing the procurement process to ensure both quality and price criteria are satisfied;
- ensuring suitable independence of the auditors from the bodies they audit and managing any potential conflicts as they arise during the appointment period;
- minimising the scheme management costs and returning any surpluses to scheme members;
- consulting with authorities on auditor appointments;
- consulting with authorities on the scale of audit fees and ensuring these reflect scale, complexity, and audit risk; and
- ongoing contract and performance management of the contracts once these have been let.

5.3 There are currently nine audit providers eligible to audit local authorities and other relevant bodies under local audit legislation. This means that a local procurement exercise would seek tenders from the same firms as the national procurement exercise, subject to the need to manage any local independence issues.

## **6. Council Decision**

6.1 The Local Audit (Appointing Persons) Regulations 2015 requires that a decision to opt in to the national scheme must be made by a meeting of the Council. The Council then needs to respond formally to PSAA's invitation by 11 March 2022.

6.2 PSAA will commence the formal procurement process in early February 2022. It expects to award contracts in August 2022 and will then consult with authorities on the appointment of auditors so that it can make appointments by the statutory deadline of 31 December 2022.

## Purpose of Report

This report provides the Audit and Governance Committee with the outcomes of a recent working group meeting. The report makes recommendations for improvements to the management of the Audit and Governance Committee to ensure a focus on core audit functions. Additional recommendations developed through discussion with the working group are provided for the committee's consideration.

## Recommendations and Reasons

Members are asked to consider the following recommendations for approval -

**1. That the Audit and Governance Committee move to a scheduled five meetings per year.**

**Reason:** To ensure the required meeting time is available for members to adequately perform the core audit role.

**2. That the Chair makes a report and on the activity of the Audit and Governance Committee to Cabinet on a half yearly basis and to Council on an annual basis.**

**Reason:** This recommendation seeks to increase the profile and influence of the Audit and Governance Committee by providing regular updates and recommendations to Cabinet and an Annual Report to Council in line with CIPFA best practice.

**3. That when considering areas of strategic risk the Audit and Governance Committee make recommendations to other parts of the Council's democratic governance structure.**

**Reason:** This recommendation seeks to increase the profile of, and manage the committee's workload, through closer working with other parts of the democratic governance structure.

**4. That the committee adopt the CIPFA model terms of reference outlined at appendix I with the inclusion of the overview of the council's family of companies (2.11) and the ethical framework (7)**

**Reason:** This recommendation ensures that the committee can focus on its core functions and maintain strategic oversight of the operation of the Council's family of companies and ethical framework.

**5. That the committee establishes a non-proportional subcommittee with responsibility for councillor, constitution, and civic issues, the ethical framework and electoral oversight functions.**

**Reason:** This will enable the parent committee to remain focused on core audit issues and allow the Audit and Governance Committee to benefit from the input of councillors who hold a high level of knowledge and expertise in respect of constitutional issues.

**6. That the number of independent members is maintained, but the requirement to have one independent member to remain quorate is removed.**

**Reason:** The input of independent members will continue to be essential to the work of the committee. This recommendation will allow meetings to take place whilst providing independent members the flexibility to attend remotely.

**7. Request that the Independent Remuneration Panel consider the allowances applicable to Independent Members.**

**Reason:** Working group members recommend that the IRP review allowances applicable to Independent Members to ensure remuneration is appropriate to continue to attract high calibre candidates for independent roles across the Council's governance structure.

**Alternative options considered and rejected**

For the Committee to continue operating under the existing arrangements.

**Rejected** as issues have been identified which have the potential to negatively impact the effectiveness and efficiency of the committee.

**Relevance to the Corporate Plan and/or the Plymouth Plan**

Effective framing and execution of the committees work programme is vital to the delivery of the Plymouth and Corporate Plan by enabling the Council to exercise the scrutiny and challenge of its governance, finance, risk and audit processes.

**Implications for the Medium Term Financial Plan and Resource Implications:**

None arising specifically from this report.

**Financial Risks**

No implications identified.

**Carbon Footprint (Environmental) Implications:**

There are no environmental implications regarding this report.

**Other Implications: e.g. Health and Safety, Risk Management, Child Poverty:**

No other implications

# AUDIT AND GOVERNANCE COMMITTEE REVIEW OF TERMS OF REFERENCE

JANUARY 2022

## 1. Introduction

- 1.1. On 17 December 2021 members of the working group established by the Audit and Governance Committee met to discuss issues concerning the future of the Audit and Governance Committee and its role and profile.
- 1.2. Members considered a desktop review of work the committee had completed over the last year. The review was completed using the CIPFA self-assessment tool for local authority audit committees.
- 1.3. Members also considered information on how the audit and governance role is delivered in other unitary local authorities and took account of the [Redmond Review](#).

## 2. Performance of the Audit and Governance Committee since changes in 2018.

- 2.1. The [CIPFA position statement](#) sets out the key principles that CIPFA recommends for audit committees operating in local government.
- 2.2. The self-assessment highlighted–
  - Whilst there is significant time dedicated to the audit function of the committee, the committee has been charged with additional responsibilities in respect of member development and civic functions which may not have sufficient committee time.
  - The role of the Audit and Governance Committee is understood by those most involved in the support of the committee and its members. The role and purpose is not sufficient known across the organisation.
  - The committee does not annually report an assessment of its performance nor does it publish an annual public report which demonstrates how the committee has discharged its responsibilities.
  - The current terms of reference do not identify the ethical framework (Code of Conduct), register of interests and standards regime as a function of the Audit and Governance Committee, as recommended by CIPFA.
  - Some important responsibilities sit outside of an audit committee's core purpose as defined by CIPFA, such as member training and development.
  - Members do receive induction training in core audit functions but ongoing development and training in the complexities of audit committee work is yet to be delivered.

## 3. Agenda management and profile

- 3.1. Members were assured that the Audit and Governance is a committee of the council, is treated as a committee under the Local Government Act 1972 and that the current position of the Committee within the committee structure is in line with guidance and legislation.
- 3.2. The members discussed a number of issues pertaining to the management of the committee including -
  - **Meeting frequency / Size of agendas** - Members reflected that the last year has seen a heavy work load for the committee and that elements of the terms of reference were not adequately reflected in the committee agendas

- **Remit and influence of the chair** – Members felt that the Chair should provide reports to both Cabinet and Council on a more frequent basis to raise the profile of the committee and exercise its influence.
- **Relationships with other parts of the governance structure** – Members felt that there would be benefit in working more closely with other elements of the council democratic governance structure such as scrutiny.
- **Recruitment and retention of independent members / Quorum** – members discussed the difficulties faced in recruiting people to serve as independent members. As the committee's quorum includes an independent member, some meetings have been cancelled due to lack of physical availability of independent members.
