SECTION B	
What is working well?	<ul style="list-style-type: none"> Despite not being able to have a formal meeting, the network of Safer People and its links with Safer Communities is already having an impact upon partnership working. On 2 March 2020 the Chairs of both Safer People and Safer Communities presented “Preventing Exploitation in Sport” at a Prevent Conference at Plymouth Argyle Football Club to sports designated safeguarding leads. Work on responding effectively to children and young people displaying, or at risk of displaying harmful sexual behaviour has also commenced. Partnership work with the NPSCC lead to the launch of the Harmful Sexual Behaviour Audit and Framework in Plymouth on 27 February 2020. Work within the network, and cross-partnerships is effective in developing a new learning model for serious reviews, e.g. child safeguarding practice reviews, domestic homicide reviews, and serious adult reviews.
What are we worried about?	<ul style="list-style-type: none"> Understanding and implementing a contextual safeguarding framework across the City remains underdeveloped. However, creative and dynamic work is being planned to operate a sector based approach to contextual safeguarding commencing with Retail and work within the Bar Code.

¹Please see Priorities below for further detail

What needs to happen?	The Strategic Missing and Child Exploitation Group, supported by the Safer People, Safer Families and Safer Communities Groups need to commence audit work (University of Bedfordshire).
