

Brexit, Infrastructure and Legislative Change Overview and Scrutiny Committee – Tracking Decisions 2020/21

Minute No.	Resolution	Target Date, Officer Responsible and Progress
Minute 43 Corporate Plan Performance Report 15 January 2020	The Committee <u>agreed</u> to request that with regard to the measurement of the efficiency of the transport network, an additional performance indicator is included in the Corporate Plan for the time taken for a set of journeys at peak and non-peak times be measured and the difference evaluated.	Date: January 2021 Progress: Due to COVID-19 the 2020 annual review of Key Performance Indicators was delayed, this was due to priority being given to the reporting of key existing indicators on a daily basis during the height of the first wave of the virus. The annual review of indicators is now underway and the Performance Advisor who supports Street Services has meetings scheduled with the department to determine the validity of this proposed indicator. A recommendation will be made to the committee ahead of the next meeting.
