

EXECUTIVE DECISION

made by a Cabinet Member

REPORT OF ACTION TAKEN UNDER DELEGATED AUTHORITY BY AN INDIVIDUAL CABINET MEMBER

Executive Decision Reference Number – SPII2 20/21

Decision	
1	Title of decision: Concessionary Fares – Operator Payments
2	Decision maker (Cabinet member name and portfolio title): Councillor Mark Coker – Cabinet Member for Strategic Planning & Infrastructure
3	Report author and contact details: Debbie Newcombe, Sustainable Transport Programmes Co-ordinator Email: debbie.newcombe@plymouth.gov.uk Tel: 01752 307868
4	Decision to be taken: It is recommended that the Council continues to make concessionary fares reimbursement payments to all Plymouth bus operators at pre-pandemic levels in accordance with Government advice until the end of March 2021, with a review at any time to be built in prior to this date should concessionary patronage levels reach 80% of pre-pandemic levels, or Government advice changes.
5	Reasons for decision: To comply with the advice issued by Central Government, to help ensure the viability of our commercial bus operators to be able to provide socially necessary bus services once the pandemic is over.
6	Alternative options considered and rejected: Options Considered Reimburse bus operators based on the number of concessionary trips actually undertaken by eligible passengers. Rejected: Given the significant reduction in both commercial and concessionary patronage levels since the start of lockdown and the requirement from the Department for Transport for operators to return to providing 100% of service levels to aid social distancing, bus operators have suffered considerable financial losses. Continuing to reimburse bus operators purely on the number of actual trips undertaken would have a catastrophic effect on their business, leading to reductions

	in service frequencies or full service withdrawals.			
7	<p>Financial implications:</p> <p>Given that these emergency measures are based on pre-pandemic concessionary patronage trends, and as such, payments to operators are lower than in previous years, the cost of continuing payments throughout this financial year can be met from within our existing budgets.</p> <p>Strategic Planning & Infrastructure has a Concessionary Fares budget to fund operator reimbursement, and this budget will not be under pressure as a result of the current, and proposed, payment method for the remainder of the 2020-21 financial year.</p>			
8	<p>Is the decision a Key Decision? (please contact Democratic Support for further advice)</p>	Yes	No	Per the Constitution, a key decision is one which:
			x	in the case of capital projects and contract awards, results in a new commitment to spend and/or save in excess of £3million in total
		x		in the case of revenue projects when the decision involves entering into new commitments and/or making new savings in excess of £1million
		x		is significant in terms of its effect on communities living or working in an area comprising two or more wards in the area of the local authority.
	<p>If yes, date of publication of the notice in the Forward Plan of Key Decisions</p>			5 October 2020
9	<p>Please specify how this decision is linked to the Council's corporate plan/Plymouth Plan and/or the policy framework and/or the revenue/capital budget:</p>			<p>The provision of a concessionary travel scheme supports the sustainable growth in Plymouth by providing residents with sustainable transport options to access employment, education, healthcare, leisure and retail opportunities.</p> <p>Links to the Corporate Plan:-</p> <p>Growing Plymouth:- The concessionary travel scheme encourages use of the City's bus network by both residents and visitors, thereby supporting the long term financial viability of the network.</p> <p>Caring Plymouth:- The concessionary travel scheme provides valuable links to shops, healthcare, employment, education and leisure for those citizens who do not have access to a car or who may be on low incomes. Without this scheme some residents</p>

		<p>would face an increased risk of isolation, due to the full cost of bus travel, thereby constraining their independence and impacting on their wellbeing</p> <p>Links to the Plymouth Plan:-</p> <p>Through the provision of the concessionary travel scheme the Council supports the use of sustainable transport modes as set out in the Plymouth Plan specifically policies SPT9 (5)5, where it states that the local Planning and Highway Authorities with key stakeholders will deliver: “realistic sustainable transport choices and increasing the integration of transport modes so that people have genuine alternative ways to travel.,” SPT9 (6), which seeks to get the most out of our existing network and encourage behavioural change, SPT9(9) (delivering transport projects which provide a safe and effective transport system) and SPT (10) of the Plymouth and South West Devon Joint Local Plan and policies HEA6 (Delivering a safe, accessible, sustainable and health enabling transport system), GRO4 (Using transport investment to drive growth) and GRO7(Reducing carbon emissions and adapting to climate change) of the Plymouth Plan.</p>		
10	Please specify any direct environmental implications of the decision (carbon impact)	<p>On 8 March 2019 the Council declared a Climate Emergency and produced a number of key actions to achieve net zero carbon by 2030.</p> <p>The concessionary travel scheme supports the Councils efforts to reduce carbon emissions by providing an alternative sustainable transport option to the private car, and hence enabling behavioural change.</p> <p>Given that the scheme is free to the service user, this greatly encourages residents to leave their cars at home and use the bus. The income that this scheme generates for the bus operators goes some way towards contributing to the upgrading of their fleets to improve carbon emission rates.</p>
