Pupils have Increased knowledge and understanding of substance misuse issues + rights and responsibilities ( rather than focus on effects and risks this should reflect substance misuse experiences of work under taken with young people e.g. why and how people have developed problem use (using to cope) ; how services can be accessed and what happens when you do; concerns about others – what help is available)</li> <li>2. Staff have improved awareness of substance misuse issues and local approach</li> </ol>	<ol style="list-style-type: none"> <li>1. Connecting Communities and Policing</li> <li>2. <p>To continue to raise awareness of the prevent duty and the identification of radicalisation. This will ensure the Home Office 'Workshop to Raise Awareness of Prevent' is delivered across the city</p> <p>E. Adolescent Safety Framework roll out and training</p> <p>This will pump prime our capacity to roll out and embed this new framework at pace in the city, support the workforce development plan and connect to our evaluation plan.</p> <p>Learning from this approach will enable us to explore the opportunities for the wider application and interpretation of this framework in the context of adult with multiple and complex needs.</p>	<p>(£10,000)</p>	<p>Learning outcomes and evaluations will be completed at each session for all attendees.</p> <p>The Safer Communities lead for Safer Plymouth will monitor progress.</p> <p>This work will initially be led by our Children's Safeguarding Partnership in collaboration with Safer Plymouth. The overarching outcomes of the framework:</p> <ul style="list-style-type: none"> <li>▪ To ensure children and young people are safe within the contexts that influence their lives – home, school, peer group and community and that, in broadening our approach to child protection and safeguarding, we meet the new requirements in Working Together 2018.</li> <li>▪ Create strong conduits between strategic, operational and practice levels so that as a City and Local Authority, we have a clear picture of the threats and opportunities for young people in our area, services are coordinated to respond in the most appropriate way and strategic and commissioning decisions reflect the real needs of young people.</li> <li>▪ To improve confidence and knowledge across the partnership so that interventions with young people are earlier, evidence-led, purposeful, collaborative and joined up both with young people themselves, their families, partner agencies and non-traditional safeguarding partners in our communities. This increased effectiveness will result in fewer young people needing statutory services.</li> </ul>		
---	------------------	--	--	--

		<ul style="list-style-type: none"> <li>To provide an opportunity for a stronger foundation for improved responses to cross-boundary challenges and improved safety for children as they naturally move between geographical areas.</li> </ul>		
<p>5. Reverse mentoring project: 'We are more than that'</p> <p>Following successful codesign with young people and being positively reserve by the Plymouth Police senior management team, the Reverse Mentoring sessions will begin delivery this year with detail and conversation being captured and collated from each session. Following this delivery we will meet with the young people and the involved police representatives one last time in order to get an understanding of what worked and what could/may require further development. It is anticipated that we then will have enough evidence and detail look at how this pilot project can evolve into something tangible and accessible across the city. We have discussed numerous ways in which this work can be further developed and expanded with both the police representatives involved and the young people, included in the final report will be a breakdown of the potential opportunities following the pilot delivery.</p>	£10,000	<p>We are exploring options to progress this work:</p> <ul style="list-style-type: none"> <li>PCC has a contract in place with an existing provider that would fit or expand on current offer and therefore contract monitoring and KPIs are in place</li> <li>The oversight of the project sits within the Safer Families theme group</li> </ul>	<ol style="list-style-type: none"> <li>Connecting Communities and Policing</li> <li>Preventing and deterring crime</li> <li>Protecting people at risk of abuse</li> </ol>
