

EXECUTIVE DECISION

made by a Council Officer

REPORT OF ACTION TAKEN UNDER DELEGATED AUTHORITY BY AN INDIVIDUAL COUNCIL OFFICER

Executive Decision Reference Number – COD09 21/22

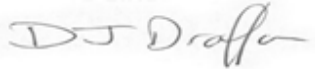

Decision	
1	<p>Title of decision:</p> <p>Smart Sound Connect : Contract Award for the centralised management of the Network Smart Sound Connect</p>
2	<p>Decision maker (Council Officer name and job title):</p> <p>David Draffan- Service Director for Economic Development</p>
3	<p>Report author and contact details:</p> <p>Michelle Murray, Project Manager, michelle.murray@plymouth.gov.uk, 01752307956</p>
4a	<p>Decision to be taken:</p> <p>To award the contract for Smart Sound Connect to the engaged supplier.</p> <p>Details of the supplier to whom this contract is to be awarded is set out in the Contract Award Report - Part II paper</p>
4b	<p>Reference number of original executive decision or date of original committee meeting where delegation was made:</p> <p>L10 20/21 12th August 2020</p>
5	<p>Reasons for decision:</p> <p>To award a contract to a supplier to enable the centralised management of the Smart Sound Connect Project using the funding obtained from HoTSW LEP</p> <p>In accordance with the delegated authority granted by the Executive Decision made by the Leader of the Council on 12th August 2020 the project undertook a consultation to identify those suppliers available with adequate experience and expertise. It was later decided to exempt this requirement as permitted detailed within the Council's Contract Standing Orders.</p>
6	<p>Alternative options considered and rejected:</p> <p>Do Nothing This would mean the Council forsakes the funding provided by the LEP and the opportunity to position Plymouth as the centre for advanced marine testing for the UK. The Council would be liable for cost incurred to develop the network.</p> <p>Reduced Implementation As above. The opportunity is for the first 5G testing environment focussed on marine innovation development.</p> <p>Viable Alternative</p>

	There are no viable alternatives.			
7	Financial implications and risks: Financial risks have been mitigated: Provision has been made for this contract within the project budget using HoTSW LEP funding. A fixed quotation has been provided by the supplier for works to be undertaken. Procurement have completed a financial due diligence on the supplier.

9	Please specify how this decision is linked to the Council's corporate plan/Plymouth Plan and/or the policy framework and/or the revenue/capital budget:	Plymouth Plan The Plymouth Plan is a ground-breaking plan which looks ahead to 2034. It sets a shared direction of travel for the long term future of the city bringing together a number of strategic planning processes into one place. It talks about the future of the city's economy; it plans for the city's transport and housing needs; it looks at how the city can improve the lives of children and young people and address the issues which lead to child poverty and it sets out the aspiration to be a healthy and prosperous city with a rich arts and cultural environment; and it sets out the city's spatial strategy, incorporating the Plymouth-specific elements of the Plymouth and South West Devon Joint Local Plan. The Plan covers all the policies for the city under three strategic themes: <ul style="list-style-type: none"> • Plymouth as a healthy city; • Plymouth as a growing city; • Plymouth as an international city. Policies are grouped under these themes and SmartSound Connect contributes to a number of these including: Creating the conditions for economic growth – the city's		

		<p>overall goal is to create the conditions for driving productivity and prosperity for all. As part of this goal, there are commitments to: develop a transformational economic infrastructure that includes the city’s world class marine / defence technology assets alongside encouraging business growth and investment that includes improving digital connectivity and cyber security. The Plan specifically identifies the opportunities arising out of marine autonomy alongside the development of technologies in a marine testing ground;</p> <p>Plymouth in the global marketplace – the city is fully committed to promoting Plymouth’s position in the global marketplace building on existing strengths, particularly in relation to defence, marine sciences, high technology manufacturing and maritime location;</p> <p>Supporting world class universities and research institution – the city’s support for the continued growth of the higher education and research institutions includes providing the physical space, networks and facilities to capture the commercialisation of Plymouth’s strong knowledge base into new higher value, exporting businesses.</p> <p>Local Economic Strategy</p> <p>Plymouth City Council (PCC) is currently updating the Local Economic Strategy as the ‘Delivering Economic Growth’ Plan to cover the period up to 2024. This document aligns with the sub-regional and national strategies below, while integrating the strategy of the Plymouth Plan in to the city’s plans for economic growth.</p> <p>The evolving plan has six flagships to deliver the city’s strategic economic objectives:</p> <ul style="list-style-type: none"> • Ocean City Infrastructure; • Business Growth & Investment; • Defence; • Learning & Talent Development; • Inclusive Growth; • Visitor Economy & Culture. <p>SmartSound Connect makes the most direct contributions to the first three flagships. The creation of high-speed data network will accelerate growth and investment through new digital infrastructure.</p> <p>It will also enable our marine tech businesses to innovate and be productive so that they can excel in global markets, including ‘supporting SMEs and micros to engage with our thriving primes in industries such as marine autonomy, defence manufacturing, health technologies, and other...’</p> <p>The specific focus on marine autonomy and cybersecurity will also play a significant part in Plymouth’s leading role in the Defence sector.</p>
<p>10</p>	<p>Please specify any direct environmental implications of the decision (carbon impact)</p>	<p>Low Carbon / Clean Growth</p> <p>The Government’s ambition for a low carbon economy has been articulated through the development of the Clean</p>

		<p>Growth Strategy produced by the Department for Business, Energy and Industrial Strategy (BEIS). This document addresses the transition to a low carbon economy, prioritised in the Industrial Strategy, that increases national income while cutting greenhouse gas emissions.</p> <p>The strategy has a number of actions towards which SmartSound Connect can contribute, particularly through the business applications and innovations that a high-speed data network in SSP can help accelerate. This includes areas such as marine autonomy and the development of marine science that can help reduce, mitigate / limit the impact of greenhouse gas emissions. Furthermore, the R&D that will emerge from the mobile high-speed data network testbed will help to shape the development of smart shipping and drive the logistical efficiencies reducing fuel consumption and contributing towards clean growth.</p>
