Overview of MVV in UK performing on plan, working through the difficult year. UK continues to offer growth for waste facilities. Balance of waste processing around the country – importing waste from areas where EFW exceeds capacity. Facilities in Dundee, Wisbch, Ridham and Plymouth.

Planning and approval for new facilities. Actively looking for new opportunities. The Market continues offering opportunities for EFW and other waste processing Facilities.

District heating, domestic heating supply – Round table with all social housing providers and PCC. Conversations ongoing

Regeneration projects in Barne Barton – 2 Phase regeneration, Rebuilding mixture of apartment's flats and 2 to 3 bedroom houses, second phase in conversation. Sanctuary housing undertaking new development, including Care Home and cafe. Small domestic heating scheme able benefiting from support and facilities. Ready to supply steam and hot water to a scheme.

Questions and comments from panel

Are groups still visiting the plant?

Jane clarified no unnecessary groups to site currently. Keen to start as soon as possible. Able to deliver virtual support for schools. Geography students created virtual tour of facility, currently software incompatible looking to develop it to become a permanent part of website.

What is the current capacity for the plant? 265 left any further increase would affect performance for facility.

Great to see number of complaints falling

Anthony Highlighted – Continuing to work on the heating working with housing developers. 2019 report showed developments not viable even with significant grants, NVV engaged with private sector energy companies for viable approach, separate bid by PCC to explore alternative approach. Continuing work to try and support.
