

PENALTY POINTS SCHEME

Penalty Points Scheme Purpose

The Council has a 'penalty point' system of enforcement. The purpose of the scheme is to provide a more balanced, consistent and transparent approach of enforcement against licence holders who commit minor offences. It can be considered to be a more structured and formalised method of issuing warnings. The scheme does not prevent the Council from taking any other enforcement actions it is entitled to take under legislation or byelaws. Penalty Points will not be added to the person's record where they are dealt with by alternative sanctions.

The overriding aim of the licensing function is to protect the public from harm and reduce public nuisance being caused by the trades within the city by the adherence to the law, regulations, policy and conditions of licence.

Method of operation

Points will be issued by authorised officers of the Authority to licence holders who are found to be in breach of legislation, byelaws, the taxi licensing policy or conditions of licence. Points will be issued by means of a written notice on which shall be supplied the number of points imposed and the reason/s for which they have been issued.

The maximum number of points that can be imposed in respect of any particular matter is set out in the accompanying table, but it is possible for one incident or inspection to result in more than one set of points being issued.

If a licence holder accumulates 12 points or more within a rolling period of 36 months then their licence will be subject to a review by the Taxi Licensing Committee.

Any licence holder aggrieved by the imposition of penalty points on their licence may appeal to the Taxi Licensing Committee where they will have the opportunity to explain why the points should not have been imposed. Members of the Committee will consider the matters that have resulted in points being awarded and can either uphold the points issued by the authorised officer, increase the number of points awarded, reduce or remove the points awarded, or decide to take any other action open to them or direct that a full review of the status of the licence held by the licensee to take place at a further future hearing.

Notice of the appeal must be submitted in writing to the Licensing Service Manager within 14 days of receiving the penalty points notice.

The tables list the breaches of legislation that attract penalty points.
