Purpose of Report

Thrive Plymouth was adopted by Plymouth City Council on 11 November 2014 as a 10 year health improvement plan which aims to reduce health inequality in the city. This summary paper provides an update on the Thrive Plymouth Year 7 campaign 2022/23 with this year's focus on 'Listening and Reconnecting' across the Thrive Plymouth Network but also the people with whom we work, between our organisations and the wider public.

The COVID-19 pandemic highlighted that the health inequalities persisting in our society affect the things which enable us to live well. As a Compassionate City, we believe there is a need to reflect on our experiences and acknowledge what we have been through. Though there has been much trauma, we believe that there have also been some positives which we want to help the city to build on and apply to the wider challenges of inequality.

The summary paper provides further details on the rationale behind Year 7 and describes some of the activities that the partnership of Thrive Plymouth has enabled.
