

## MOTION ON NOTICE

City Council

### NHS Motion

Many Plymouth residents and their families will have been affected by the ongoing disputes in the Plymouth National Health Service whether as patients or as employees. Council resolves:

1. To reinforce our ongoing support for the delivery of vital NHS health care to the people of Plymouth.
2. Express our disappointment at the Government's lacklustre approach to resolving the current disputes with Nurses and Ambulance staff.
3. To acknowledge the ongoing significant challenges locally to continuing to recruit and retain nurses in Plymouth.
4. To call on the Conservative Cabinet Member for Health and Adult Social Care to set-out his position on the current industrial action within the NHS and what he is doing to influence Plymouth's Members of Parliament and the Government to resolve the current disputes.

**Proposed by:** Councillor Cllr Patrick Nicholson

**Signature:** Approved by email

**Seconded by:** Councillor Terri Beer
