Purpose of Report

This report provides the Cabinet an overview of how the Council is performing against its priority performance indicators that were agreed at the inception of the Corporate Plan.

It provides an analysis of performance as at the end of December 2022 against the Council's key performance indicators (KPIs), providing a detailed performance update against the Corporate Plan priorities.

This report forms part of the Council's Delivery and Performance Framework and is a key part of our aim to achieve a 'golden thread' from the Corporate Plan and its KPIs and delivery plans, through to service and team level business plans, and ultimately to individual objectives.

Areas of good performance this quarter include:

- Percentage of principle roads (A) in good or acceptable condition
- Repeat referrals to Children's Social Care
- Business Rates Collection

Performance Challenges are:

- Household waste sent for recycling, reuse or composting
- Employment rate
- Respondents who think their local area is a place where people from different backgrounds get on well together

There are a small number of indicators that are presented as narrative, this is due to indicators still being subject to due diligence prior to reporting, or it is not possible to report data due to COVID-19.

Recommendations and Reasons

That Cabinet notes the Corporate Plan Quarter Three Performance Report.
