There has not been any representations received relating to the proposals included in the Traffic Regulation Order.

4. RECOMMENDATION

It is recommended to proceed with original proposals as advertised.

5. LEGAL CONSIDERATIONS

The lawful implications and consequences of the proposal have been considered and taken into account in the preparation of this report.

When considering whether to make a traffic order it is the Council's responsibility to ensure that all relevant legislation is complied with. This includes Section 122 of the Road Traffic Regulation Act 1984 (as amended) that sets out that it is the duty of a local authority, so far as practicable subject to certain matters, to secure the expeditious, convenient and safe movement of vehicular and other traffic (including pedestrians) and the provision of suitable and adequate parking facilities on and off the highway. It is considered that the proposals comply with Section 122 of the Act as they practically secure the safe and expeditious movement of traffic in and around Plymouth and provide for suitable and adequate associated parking facilities.
