Purpose of Report

This report details the work that members of the Council's Scrutiny Committees have conducted in this municipal year and the challenges faced.

The Constitution summarises the purpose of the Council's scrutiny function as follows:

- add value to Council business and decision-making;
- hold the Cabinet to account;
- monitor the budget and performance of services;
- assist the Council in the development of policy and review the effectiveness of the implementation of Council policy;
- review relevant central government policy development and legislation to assess the impact on the City and make recommendations to Cabinet.

We want to take this opportunity to thank those who have contributed to the achievements that we have made this year. We know that behind the published results of our work, many hours of discussion, research and debate have taken place through the scrutiny function.
