Transparency of Councillors Casework to the public

Motion Narrative and Action Required:

That Plymouth City Council resolves to publish monthly, with immediate effect on the PCC Website, against each elected Councillor, that Councillors number of casework cases submitted in the Municipal year.

This will allow the public and residents to see clearly the work undertaken by each councillor to improve their ward & the city.

This information will supplement the other work Councillors undertake that is currently provided such as membership to committees, outside bodies etc.

This action will build greater trust with the public and adhere to the important Nolan Principles of public life, especially Accountability, Openness, & Honesty.
