This will increase social inclusion around the transition to EV technologies particularly in the transition period and beyond.

SECTION TWO: EQUALITY IMPACT ASSESSMENT SCREENING TOOL

Potential external impacts: Does the proposal have the potential to negatively impact service users, communities or residents with protected characteristics?	Yes		No	NO
Potential internal impacts: Does the proposal have the potential to negatively impact Plymouth City Council employees?	Yes		No	NO

Is a full Equality Impact Assessment required? (if you have answered yes to either of the questions above then a full impact assessment is required and you must complete section three)	Yes		No	NO
If you do not agree that a full equality impact assessment is required, please set out your justification for why not.	I believe the project ethos directly relates to promoting greater inclusion through making EV's more accessible to a wider number of people in Plymouth. This offer is also structured in order it can be further enhanced through working with social enterprises across the city to promote even greater access.
