

BRIEFING PAPER FOR PASD FREEPORT PROJECT DECISION

Overview of project

BACKGROUND

A spine road extension project was included within the PASD Full Business Case (FBC) with an allocation of £2.7M of seed Langage Tax Site to be developed. Approval of a previous business case released funds for the preliminary design works for this project which is being undertaken.

This business case covers the detailed design and procurement as well as the actual construction of the Spine Road extension which will unlock Phase 1a of the Tax site at Langage.

This request is for the design and procurement element of the business case, a sum of £254,000.
