

EQUALITY IMPACT ASSESSMENT – BORDER CONTROL POST AT MILLBAY

SECTION ONE: INFORMATION ABOUT THE PROPOSAL

Author(s): This is the person completing the EIA template.	KATHARINE O'CONNOR	Department and service:	PUBLIC PROTECTION SERVICE, ODPH	Date of assessment:	23 FEBRUARY 2024
Lead Officer: Please note that a Head of Service, Service Director, or Strategic Director must approve the EIA.	RUTH HARRELL	Signature:		Approval date:	13 MARCH 2024
Overview:	The Border Target Operating Model sets out the Government's new approach to Safety and Security controls (applying to all imports), and Sanitary and Phytosanitary controls (applying to imports of live animals, germinal products, animal products, plants and plant products) at the border. All such imports must come through a designated Border Control Post (BCP). Plymouth Port Health Authority (part of ODPH) is in the final stages of gaining designated BCP status at Millbay, however there are concerns about operating a resilient service on a full cost recovery basis due to the current low throughput of food freight.				
Decision required:	1. To amend the Leader's Scheme of Delegation to delegate to The Mayor and Commonalty and Citizens of the City of London the ability to undertake a regulatory Port Health Authority Service on behalf of Plymouth City Council to enforce the biosecurity requirements set out in Article 2(1) of the Official Controls Regulation OCR 2017/625 and other related legislation, effective from 13 May 2024 and remaining in place for the duration of the service legal agreement between the authorities.
