Overview:	<p>This EqIA is in relation to an Executive Decision to approve funding onto the capital budget in order to carry out Ground investigation surveys, this is following on from DfT approval to move into the next stage of development and produce a Full Business Case.</p> <p>The Plymouth and South West Devon Joint Local Plan 2014-2034 (JLP) identifies Derriford and the Northern Corridor as a Growth Area because of its potential to deliver a regionally significant scale of growth in new jobs and new homes. The A38 Manadon Interchange is the primary access point which connects the A38 trunk road to the A386 Tavistock Road, the primary route to the Derriford area, and Outland Road and Mannamead Road from the City Centre. The A38 Manadon Interchange currently experiences significant congestion and delays, particularly at peak times, and is one of the worst performing junctions on the South West Strategic Road Network.</p> <p>The Manadon scheme will seek to increase capacity on all arms of the junction as well as providing significant improvements to walking and cycling facilities, including a new cycle bridge across the A38.</p> <p>Objectives of the scheme:</p> <ul style="list-style-type: none"> • Reduce congestion • Support economic growth and rebalancing • Support housing delivery • Support all road users • Support the Strategic Road Network (SRN)
