Key Decision:	No
Confidentiality:	Part I - Official

## Purpose of Report

This report provides feedback from the Health and Wellbeing Board development session, which Board Members participated in, on 30 April 2025. The report sets out the proposed next steps for Board development.

## Recommendations and Reasons

- I. The Health and Wellbeing Board is recommended to discuss and agree next steps for the development of the Health and Wellbeing Board, based on the feedback from Board Members during the development session.

## Alternative options considered and rejected

- I. An alternative would be to not consider the development of the Health and Wellbeing Board- This was rejected as it was collectively agreed that the Board would benefit from reflection on performance and development the Board accordingly.

## Relevance to the Corporate Plan and/or the Plymouth Plan

The Board works to support the Council's Corporate Plan priorities of 'Working with the NHS to provide better access to health, care and dentistry', and 'Keeping children, adults and communities safe'.

## Implications for the Medium Term Financial Plan and Resource Implications:

None noted

## Financial Risks

None noted

## Legal Implications

None noted

**Carbon Footprint (Environmental) Implications:**

There are no direct carbon implications from the consideration of this report. There are potentially positive future impacts for carbon footprint by reviewing membership of the Board and reducing need for all members to travel to attend in person, allowing non-core members to attend using hybrid methods.

**Other Implications: e.g. Health and Safety, Risk Management, Child Poverty:**

None directly, this report focuses on how the Board functions rather than business of the board – this will be done independently.
