

Independent auditor's report to the members of Plymouth City Council

Report on the audit of the financial statements

Disclaimer of opinion

We were engaged to audit the financial statements of Plymouth City Council (the 'Authority') for the year ended 31 March 2025, which comprise the Comprehensive Income and Expenditure Statement, the Movement in Reserves Statement, the Balance Sheet and the Cash Flow Statement, notes to the financial statements, including material accounting policy information and the Collection Fund. The financial reporting framework that has been applied in their preparation is applicable law and the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom 2024-25.

We do not express an opinion on the accompanying financial statements of the Authority. Because of the significance of the matters described in the basis for disclaimer of opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

Basis for disclaimer of opinion

The Accounts and Audit (Amendment) Regulations 2024 ('the Regulations') require the Authority to publish audited financial statements for the year ended 31 March 2025 by 27 February 2026 ('the backstop date'). The backstop date has been put in law with the purpose of clearing the backlog of historical financial statements.

On 28 February 2025, we issued a disclaimer of opinion on the Authority's financial statements for the year ended 31 March 2024. We were not able to obtain sufficient appropriate audit evidence by 28 February 2025, the previous backstop date, over the Authority's opening balances, in-year movements in the net pension liability and property, plant and equipment, the closing balance of property, plant and equipment and the closing reserves balance reported in the financial statements for the year ended 31 March 2024. We were therefore unable to obtain sufficient appropriate evidence over the associated corresponding figures for the year ended 31 March 2025 for the same reason.

As a result of the limitations imposed by the backstop date, we have been unable to obtain sufficient appropriate audit evidence over the Authority's opening balances of property, plant and equipment and reserves reported in the financial statements for the year ended 31 March 2025. Consequently, we have been unable to satisfy ourselves over their in-year movements. Similarly, this has also resulted in uncertainty over the closing balance of property, plant and equipment of £1,133,639,000 and reserves of £435,198,000 as at 31 March 2025.

We have concluded that the possible effects of these matters on the financial statements could be both material and pervasive. We have therefore issued a disclaimer of opinion on the financial statements. This enables the Authority to comply with the requirement of the Regulations to publish the financial statements for the year ended 31 March 2025 by the backstop date.

Other information we are required to report on by exception under the Code of Audit Practice

Because of the significance of the matters described in the basis for disclaimer of opinion section of our report, we have been unable to consider whether the Annual Governance Statement does not comply with the requirements of the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom 2024-25, or is misleading or inconsistent with the information of which we are aware from our audit. We are not required to consider whether the Annual Governance Statement addresses all risks and controls or that risks are satisfactorily addressed by internal controls.

Opinion on other matters required by the Code of Audit Practice

The Service Director for Finance (Interim) is responsible for the other information. The other information comprises the information included in the Statement of Accounts, other than the Authority's financial statements and our auditor's report thereon. Because of the significance of the matters described in the basis for disclaimer of opinion section of our report, we have been unable to form an opinion, whether based on the work undertaken in the course of the audit of the financial statements and our knowledge of the Authority gained through our work in relation to the Authority's arrangements for securing economy, efficiency and effectiveness in its use of resources, whether the other information published together with the financial

statements in the Statement of Accounts for the financial year for which the financial statements are prepared is consistent with the financial statements.

Matters on which we are required to report by exception

Under the Code of Audit Practice, we are required to report to you if:

- we issue a report in the public interest under section 24 of the Local Audit and Accountability Act 2014 in the course of, or at the conclusion of the audit; or
- we make a written recommendation to the Authority under section 24 of the Local Audit and Accountability Act 2014 in the course of, or at the conclusion of the audit; or
- we make an application to the court for a declaration that an item of account is contrary to law under Section 28 of the Local Audit and Accountability Act 2014 in the course of, or at the conclusion of the audit; or;
- we issue an advisory notice under Section 29 of the Local Audit and Accountability Act 2014 in the course of, or at the conclusion of the audit; or
- we make an application for judicial review under Section 31 of the Local Audit and Accountability Act 2014, in the course of, or at the conclusion of the audit.

We have nothing to report in respect of the above matters.

Responsibilities of the Authority and the Service Director for Finance (Interim)

As explained more fully in the Statement of Responsibilities for the Accounts, the Authority is required to make arrangements for the proper administration of its financial affairs and to secure that one of its officers has the responsibility for the administration of those affairs. In this authority, that officer is Service Director for Finance (Interim). The Service Director for Finance (Interim) is responsible for the preparation of the Statement of Responsibilities for the Accounts, which includes the financial statements, in accordance with proper practices as set out in the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom 2024-25, for being satisfied that they give a true and fair view, and for such internal control as the Service Director for Finance (Interim) determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Service Director for Finance (Interim) is responsible for assessing the Authority's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless they have been informed by the relevant national body of the intention to dissolve the Authority without the transfer of its services to another public sector entity.

Auditor's responsibilities for the audit of the financial statements

Our responsibility is to conduct an audit of the Authority's financial statements in accordance with International Standards on Auditing (UK) and to issue an auditor's report. However, because of the matters described in the basis for disclaimer of opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on those financial statements.

We are independent of the Authority in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements.

Explanation as to what extent the audit was considered capable of detecting irregularities, including fraud

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. Owing to the inherent limitations of an audit, there is an unavoidable risk that material misstatements in the financial statements may not be detected, even though the audit is properly planned and performed in accordance with the ISAs (UK).

The audit was defective in its ability to detect irregularities, including fraud, on the basis that we were unable to obtain sufficient appropriate audit evidence due to the matters described in the basis for disclaimer of opinion section of our report.

Report on other legal and regulatory requirements – the Authority's arrangements for securing economy, efficiency and effectiveness in its use of resources

Matter on which we are required to report by exception – the Authority's arrangements for securing economy, efficiency and effectiveness in its use of resources

Under the Code of Audit Practice, we are required to report to you if, in our opinion, we have not been able to satisfy ourselves that the Authority has made proper arrangements for securing economy, efficiency and effectiveness in its use of resources for the year ended 31 March 2025.

We have nothing to report in respect of the above matter except on 12 November 2024 we identified significant weaknesses in the Authority's arrangements for:

- improving economy, efficiency, and effectiveness relating to the Joint Local Area Special Educational Needs and Disabilities (SEND) inspection improvement notice. We recommended that the Authority should continue to embed the improved arrangements that are in place with partners to address the actions raised in the Joint Local Area SEND inspection and resultant Improvement Notice. Therefore, the significant weakness in arrangements remains in place for the year ended 31 March 2025.
- financial sustainability relating to the use of reserves to balance the budget and the need to align the transformation programme to financial planning. The Authority's Medium Term Financial Strategy (MTFS) identifies that significant cumulative savings of £28.4 million are required to balance the budget up to 2029/30. The MTFS does not explicitly identify how the identified budget gaps will be addressed by the Authority's developing transformation programme. This significant weakness remains in place for the year ended 31 March 2025. The previously made recommendations have been updated. On 18 November 2025, we recommended that the Authority should further develop and implement the organisational wide transformation programme and identify the significant savings required to help balance the MTFS and protect the level of reserves.

In addition, on 18 November 2025 we identified significant weaknesses in the Authority's arrangements for financial sustainability relating to the growing Dedicated Schools Grant (DSG) deficit and mitigating financial pressures in social care:

- The Authority has a rapidly growing DSG deficit which represents a significant risk to financial sustainability should the statutory override end in March 2028. The Authority incurred a £14.3 million DSG deficit for 2024/25, resulting in a cumulative deficit of £18.5 million at March 2025. We recommended that the Authority should focus on urgently reducing the annual DSG deficit and develop a robust DSG Deficit Management Plan.
- Adults and Children's Directorate budgets account for the majority of the Authority's net revenue budget and continuing cost and demand pressures on these budgets represent a significant risk to the Authority's financial sustainability. We recommended that the Authority should focus on developing and delivering mitigating actions to manage demand and costs in relation to Adults and Children's Social Services

Responsibilities of the Authority

The Authority is responsible for putting in place proper arrangements for securing economy, efficiency and effectiveness in its use of resources.

Auditor's responsibilities for the review of the Authority's arrangements for securing economy, efficiency and effectiveness in the Authority's use of resources

We are required under Section 20(1)(c) of the Local Audit and Accountability Act 2014 to be satisfied that the Authority has made proper arrangements for securing economy, efficiency and effectiveness in its use of resources. We are not required to consider, nor have we considered, whether all aspects of the Authority's arrangements for securing economy, efficiency and effectiveness in its use of resources are operating effectively.

We have undertaken our review in accordance with the Code of Audit Practice, having regard to the guidance issued by the Comptroller and Auditor General in November 2024. This guidance sets out the arrangements that fall within the scope of 'proper arrangements'. When reporting on these arrangements, the Code of Audit Practice requires auditors to structure their commentary on arrangements under three specified reporting criteria:

- Financial sustainability: how the Authority plans and manages its resources to ensure it can continue to deliver its services;
- Governance: how the Authority ensures that it makes informed decisions and properly manages its risks; and
- Improving economy, efficiency and effectiveness: how the Authority uses information about its costs and performance to improve the way it manages and delivers its services.

We have documented our understanding of the arrangements the Authority has in place for each of these three specified reporting criteria, gathering sufficient evidence to support our risk assessment and commentary in our Auditor's Annual Report. In undertaking our work, we have considered whether there is evidence to suggest that there are significant weaknesses in arrangements.

Report on other legal and regulatory requirements – Delay in certification of completion of the audit

We cannot formally conclude the audit and issue an audit certificate for Plymouth City Council for the year ended 31 March 2025 in accordance with the requirements of the Local Audit and Accountability Act 2014 and the Code of Audit Practice until we have received confirmation from the National Audit Office the audit of the Whole of Government Accounts is complete for the year ended 31 March 2025. We are satisfied that this work does not have a material effect on the financial statements for the year ended 31 March 2025.

Use of our report

This report is made solely to the members of the Authority, as a body, in accordance with Part 5 of the Local Audit and Accountability Act 2014. Our audit work has been undertaken so that we might state to the Authority's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Authority and the Authority's members as a body, for our audit work, for this report, or for the opinions we have formed.
