

# EQUALITY IMPACT ASSESSMENT – SEXUAL HEALTH PRIMARY CARE LOCALLY ENHANCED SERVICES PROCUREMENT

## SECTION ONE: INFORMATION ABOUT THE PROPOSAL

<b>Author(s):</b> The person completing the EIA template.	Gemma Scott	<b>Department and service:</b>	ODPH Public Health	<b>Date of assessment:</b>	17/12/2025
<b>Lead Officer:</b> Head of Service, Service Director, or Strategic Director.	Kamal Patel Consultant in Public Health	<b>Signature:</b>		<b>Approval date:</b>	07/01/2025
<b>Overview:</b>	<p>Plymouth City Council has a duty to provide or commission Sexual Health Services for the local population under the conditions of the Public Health ring-fenced grant. Sexual Health services are currently provided by a specialist provider (Your SHiP) and general practices, through a locally enhanced services (LES) contract.</p> <p>The current contracts for the Sexual Health Primary Care LES is due to expire at the end of March 2026.</p> <p>Commissioning primary care to deliver these services in addition to single specialist providers increases local access and provides choice to patients based on preferences. It also enables the specialist providers to focus on more complex cases, which are not suitable for general (and cheaper) primary care provision. This improves overall cost-effectiveness.</p> <p>Improving reproductive health is an important priority for public health. Contraception is key to improved health for women. It is a cost-effective intervention that is essential to family planning.</p> <p>Under this contract GPs will be paid in a pay-by-activity basis for providing long-acting reversible contraception (LARC) in the form of intra-uterine devices and subdermal implants.</p> <p>Non-contraceptive LARC supports the management of gynaecological conditions such as heavy and painful periods and menopause symptoms. Every £1 spent on LARC in primary care saves the whole system £48 over 10 years (PHE).</p> <p>Continuing to commission this service will maintain access to long-acting contraception from GP practices for women in Plymouth.</p>				
<b>Decision required:</b>	<ol style="list-style-type: none"> <li>1. To approve the award of Sexual Health GP Locally Enhanced Services Contract to General Practice providers in Plymouth from 1st April 2026 for two years, with an option to extend for a further one year;</li> <li>2. To delegate authority to approve the one year optional extension to the Director of Public Health, where they do not already have authority to do so.</li> </ol>				

The proposed contract is to be awarded to individual GP Practices under the NHS Provider Selection Regime (PSR) – Direct Award Process B. We intend to run an Expression of Interest procurement process as part of our due-diligence approach. The expected maximum contract value over the three-year period is £532,230.

## SECTION TWO: EQUALITY IMPACT ASSESSMENT SCREENING TOOL

<b>Potential external impacts:</b> Does the proposal have the potential to negatively impact service users, communities or residents with protected characteristics?	Yes		No	x
<b>Potential internal impacts:</b> Does the proposal have the potential to negatively impact Plymouth City Council employees?	Yes		No	x
