The panel's terms of reference would be submitted to the City Council to recommend that the Overview and Scrutiny Panels' terms of reference be amended to read 'to monitor the budget and performance of the Cabinet Members, Department(s) and partners to oversee delivery of the priorities of the area and with regard to better value for money'.

35. LIFE CENTRE AND RELATED LEISURE PROJECTS - UPDATE AND TO AGREE FUTURE SCRUTINY ARRANGEMENTS

The Director for Community Services submitted an update report on the Life Centre and Related Projects Programme. The report outlined the following main issues –

- (i) Life Centre progress and costs;
- (ii) leisure management contract;
- (iii) the Pavilions;
- (iv) leisure ice;
- (v) other project related issues including the skate park re-provision, master planning for Central Park and events field relocation.

Members of the panel put forward questions, to which the following responses were provided –

- (a) five full tender submissions had been returned on 2 October 2009; a review of the tenders was taking place to identify the preferred bidder and to ensure the optimal cost/quality was achieved;
- (b) the five tenders received all indicated that the facility would be completed by the autumn of 2011;
- (c) the specific details of the funding package to deliver this project were currently being worked on;
- (d) the evaluation process of the tenders was being undertaken on a 50/50 basis (cost/quality);
- (e) the tender had been published in the Official Journal of the European Union (OJEU); (all tenders from the public sector above a certain financial threshold had to be published in this journal);
- (f) the successful bidder would have its own employment strategy but it was likely that some local people would be employed on the project together with their existing workforce;
- (g) Leisure Management Contract - six bidders had been successful in proceeding to the next stage of the process - Invitation to Submit Outline Solutions (ISOS); the contract award was anticipated to be late 2010 but this would be dependant on the procurement route (12 months prior to the opening of the Life Centre);
- (h) the initial return of five responses to the soft market testing for the ice re-provision was considered to be favourable;
- (i) information on the specific employment levels during the construction phase would be available at the January 2010 meeting;
- (j) HR were actively involved in the issues relating to the leisure management contract.

Recommended to the Overview and Scrutiny Management Board that –

- (1) the report is noted;
- (2) an additional meeting of the panel is held in January 2010 to review the following –
 - a. the Life Centre and Related Leisure Projects Programme;
 - b. the award of the Life Centre construction contract;
 - c. funding/finance of the project.
- (3) the panel seeks delegated authority from the Management Board to consider the panel's recommendations to Cabinet on 19 January 2010 (due to the tight timescales, it will not be possible to submit the panel's recommendations to the Board, as the scheduled meeting on 2 December 2009 is too early and the meeting on 20 January 2010 is too late).
