

CITY OF PLYMOUTH

Subject: Winter Maintenance Preparation
Committee: Growth and Prosperity Overview Scrutiny Panel
Date: 11 July 2011
Cabinet Member: Councillor Wogens
CMT Member: Director for Development and Regeneration
Author: Tom White (Network Manager) Transport and Highways
Contact: Tel: 01752 304223
e-mail: tom.white @plymouth.gov.uk
Ref: IE/06/11
Key Decision: N
Part: Part I

Executive Summary:

Salt Bins

Although commonly known as grit bins they all contain rock salt. There are currently 426 of these units strategically placed around the City and they remain in position all year round, their locations are listed in Appendix 04 of the Winter Maintenance Operational Plan which is appended below.

They are provided to facilitate self-help by highway users consequently easing the pressure on the City Council's resources. The salt bins are inspected and replenished as necessary each October prior to the onset of winter.

The units are generally freestanding however, due to regular over turning, certain units have been bolted down onto concrete bases.

The "Code of Practice for Well Maintained Highways" states in section 13 Winter Service " 13.13.23 One means by which authorities can assist the local community in areas not on priority routes or at known trouble spots, including gradients and sharp bends is by the provision of public access salt bins. Where these are provided authorities should make arrangements for their replenishment as necessary and to ensure that they do not become unsightly or used for the unauthorised disposal of waste.

Process

The Service Manager can at any time instruct additional or abandonment of salt bins by formal instruction.

The list of salt bins provided in the Winter Maintenance Operational Plan is reviewed as part of the annual review. Requests for new locations or abandonments will be assessed and a recommendation by the Winter Service Manager given to the Service Manager for his consideration. In the event that new grit bins or locations are agreed a formal instruction will be issued to the WSM and the WMOP adjusted accordingly. Alternatively the Service Manager can at any time instruct additional salt bins to be provided

Each request will need to be appraised on its own merits but the following will be reviewed;

1, on an existing priority route? If yes then normally no provision.

2, is the location on a traffic sensitive road, ie likely high traffic volume etc?

3, is the request due to repetitive accidents/history of problems associated with frost, ice?.

4, is the request commensurate with other salt bin locations?

5, is the requested location able to accommodate a salt bin safely allowing pedestrian access around?

6, is the requested location suitable to allow maintenance and public safe access without risk of other highway users?

APPENDIX 4
Location of Salt Bins

Map reference pages refer to the “Local Red Book” Plymouth. Copy held by Cliff Tebb.

(currently we are working on a GIS layer for this information for future years)
