3.1 The panel has met on three occasions since the last quarterly report was presented to the Overview and Scrutiny Management Board. Meetings have been well structured, managed efficiently and well attended by panel members. A positive contribution has been made to support an effective strategic and operational overview; in particular the following achievements have been made -

- Following a petition presented last year, the panel scrutinised the proposed move of gynaecological cancer surgery services to Truro away from Plymouth. As a result of recommendations made to the Peninsula Cancer Network by the panel the Plymouth service will remain in Derriford Hospital and will provide patients with an appropriate care experience.
- Quality accounts of NHS Plymouth were amended following scrutiny to include information on the formation of Plymouth Community Healthcare.
- A non-executive Board member from Plymouth Hospitals NHS Trust has been reconfirmed as a co-opted member to the Panel, along with the representative from Plymouth LINK
- Recommendation has been made to the Public Health Development unit on the Tobacco Action Plan for Plymouth. The panel challenged several aspects of the plan and will receive a revised version in the near future.
- The panel continues to keep the approach to dementia care under review and will receive further information at future meetings.
- Following a series of “never events” at Derriford Hospital the panel had requested that the Hospital return to the panel should further events occur. The panel received a further report of a “never event” in July 2011.

4. On the Horizon

4.1 The panel has a programme planned over the coming months which include –

- A review of urgent care in plymouth.
- The initial business plan for foundation trust status from Plymouth Hospitals Trust.
- The Dementia Strategy
- The Plymouth Hospitals NHS Trust Infection Control Update

- NHS Plymouth, Plymouth Hospitals Trust and Plymouth City Council Joint Finance and Performance Monitoring, including performance monitoring.
- A report of the work towards alcohol and tobacco harm reduction.

4.3 A Project Initiation Document (PID) has been approved to undertake a task and finish group on Safeguarding Vulnerable Adults, amongst other things–

- To review and assess the adequacy of policies relating to the protection of whistleblowers.
- To review and assess the adequacy of the current unannounced
- To consider guidance and procedures and to be assured that care services are protecting vulnerable adults in a range of care settings.
- To understand the triggers for raising an alert
- To examine multi-agency alerting procedures for reporting alleged cases.

4.4 The Health and Adult Social Care Overview and Scrutiny Panel looks forward to a challenging year which will focus on the changes being experienced in the Health sector and the impact on social care services. Public health transition into the local authority will also feature on the panel's agenda along with the development of the Health and Wellbeing Board and Healthwatch. The panel will consider these strategic issues alongside service changes proposed by adult social care and health services and continue to monitor the performance of services for the people of Plymouth.
