

CHILDREN AND YOUNG PEOPLE'S EMOTIONAL WELLBEING AND MENTAL HEALTH

Progress Update to Children and Young People's Scrutiny Panel

Response to recommendations from the Task and Finish Group on Children and Young People's Emotional Wellbeing and Mental Health

Plymouth Children and Young People's Trust has formally received a copy of the report from the Task and Finish Group and has agreed to the recommendations. An action plan has been developed and the responsibility for this plan has been delegated to the PCT as the lead partner for this service area. Additional coordination will be provided through PCC's Children's Commissioning team.

A copy of the Action Plan and progress to meet the recommendations is attached in Appendix 1.

Summary of key areas of progress:

1. Waiting Times for Specialist Intervention

- 1.1 The PCT had been working with Plymouth Community Healthcare on a plan for improvement. This ensures compliance with the national standard of no more than 18 weeks wait between referral and treatment. The achievement of this has been monitored closely by PCT and Plymouth City Council staff.
- 1.2 Plymouth Community Healthcare has reduced the number of Children and Young People waiting longer than the national standard of 18 weeks from referral to treatment. The original target was to reduce the number of referrals breaching this standard to 11 at the end of February and zero by the end of March; Performance to date indicates that no referrals will be breaching this standard by the end of February. See Appendix 2
- 1.3 An External Review Team from the high performing Oxford and Buckinghamshire CAMH Service has been commissioned by Plymouth Community Healthcare in order to review the model of service delivery. Recommendations from this review will be used to ensure sustainability of access to the service.

2. Attendance at CAF Meetings

- 2.1 The issue of non attendance at CAF meetings by key agencies was reviewed at the Children's Trust Executive on 18/01/2012. All partners agreed to ensure through commissioned and provided services staff would prioritise attendance to CAF meetings. Further work has been progressed to ensure CAF meetings are properly resourced and attendance monitored closely.

3. Communication

- 3.1 Plymouth Community Healthcare has developed a communications strategy to ensure practitioners and referring agencies are kept informed about service developments. PCH wrote to all referring agencies on 6th January and 8th February 2012 to update them on the waiting list and on the other mental health services they deliver for children and young people

- 3.2 PCH also wrote to schools in November informing them of the support available through the Targeted Mental Health in Schools (TaMHS) project, commissioned using Early Intervention Grant funding. Further communication to be sent by the Council by the end of February informing schools and youth services about new counselling service (see 4.2)

4. Review of roles of statutory and non-statutory provision and Early Intervention

- 4.1 The requested Framework document has been developed. This outlines the requirements in respect of Children's Emotional Wellbeing and Mental Health for the PCT, Local Authorities and schools. It also maps commissioned resources specific to Children's Emotional Wellbeing and Mental Health against the level of need for preventative services, early intervention, targeted early intervention and specialist services. This has formed the basis of the review of Early Intervention provision to be completed by the end of March 2012.
- 4.2 PCC and PCT have commissioned a new pilot for an early intervention therapy service targeted to meet the needs of vulnerable 11-16 year olds, including those experiencing significant family problems, such as domestic abuse and parental substance misuse and those in vulnerable groups, such as unaccompanied asylum seekers and young carers. This is due to start at the beginning of March 2012.
- 4.3 Improvements in co-ordination of preventative support and increased capacity to meet need early have formed the key components of the Children's Services early intervention planning and framework. This forms the building blocks for our plans to meet the needs of troubled families. In turn this ensures diversion from specialist high cost services.
- 4.4 In partnership with the PCT, joint commissioning will improve the performance of the specialist CAMH service and improve capacity to meet need earlier. This will improve long term outcomes for Children, Young People and Families in raising capability for achievement and reducing health inequalities.

APPENDIX I: EMOTIONAL WELLBEING AND MENTAL HEALTH - Task and Finish Report Recommendations

	Recommendation	Action Required to Deliver Recommendation	Lead	Update as at 20/02/12	Date to be Completed by
R1	The panel extends its congratulations to members of the Youth Cabinet for their work in carrying out the survey of attitudes towards mental health that is referenced in this report	Prepare letter on behalf of Chair of CYPOSP	Claire Oatway, Policy, Performance and Partnership Manager PCC	Letter sent	31/01/2012

APPENDIX 2: CAMHS waiting list performance update 20/02/2012

	October		December		January		February		March		
	Actual		Actual		Plan		Plan		Plan		
	Total Waiting	Breaching RTT	Total Waiting	Breaching RTT	Total Waiting	Breaching RTT	Total Waiting	Breaching RTT	Total Waiting	Breaching RTT	
Primary Mental Health Workers	0	0	46	20	41	0	16	0	0	0	
Plymouth Multi- Disciplinary Team	242	98	66	23	58	13	50	5	0	0	
Neuro-Developmental	0	0	82	25	46	10	42	6	37	1	
TOTAL	242	98	194	68	145	23	108	11	37	1	
					January						
					Actual						
					Primary Mental Health Workers	27	10				
					Plymouth Multi- Disciplinary Team	55	6				
					Neuro-Developmental	63	10				
					TOTAL	145	26				

Notes:

The three teams were not split in October, hence why there is a single total in this month

Performance so far suggests an adjusted trajectory for no referrals to be breaching the 18 weeks referral to treatment standard by the end of February.
