The Lord Mayor also wished him well and indicated that there would be further opportunities for individual councillors to express their thanks before he left.

14. **QUESTIONS BY THE PUBLIC**

Mr Aldred (Q1) attended the meeting and the Councillor Penberthy responded as set out below.

Question No	Question By	Cabinet Member	Subject
Q1/13-14	Mr R Aldred	Councillor Penberthy (Cabinet Member for Cooperatives and Community Development)	'Bedroom' Tax: Reclassification by Housing Associations

Will the council be writing to the housing associations in the Plymouth area and encouraging them to reclassify their social housing as a way to properly oppose this bedroom tax as done by Leeds Council and the Knowsley Housing Trust?

Response:

The council has been working cooperatively and proactively for over a year with partners to look at ways to mitigate the worst impact of the Government's Welfare Reforms.

We are aware that the government's 'Bedroom' Tax is hitting our partners, their tenants and the Plymouth economy significantly. We have already been in discussions with partners around reclassification of bedrooms in some detail, and they are clear in pointing out that it is not a simple issue.

National Government has made it almost impossible to find ways to legally lessen the impact on some of our poorest families. We are aware that within the first eight weeks of the 'Bedroom' Tax, our local housing associations have seen a steep rise in rent arrears, with it affecting at least 400 households in the city.

Unfortunately the argument around reclassification is not simple and while the impact on councils who own their stock is minimal, housing associations have least room to manoeuvre. They have said that the main impacts would be:

- a loss of income as they would be required by law to cut their rents;
- a potential reclassification of premises impacted by the 'Bedroom' Tax would lead to different rent charges being applied to identical properties based solely on who is paying the bill, a clearly unfair situation;
- a potential reclassification of all identical properties where any are impacted by the 'Bedroom' Tax would lead to an immediate increase in overcrowded properties exacerbating the current situation, a course of action which neither they nor we would want to take;
- financial viability as accommodation size is an important part of their housing stock value; this value is used to lever operating capital, improvement works and new housing developments.

As part of our on-going work with our local housing associations, I have already written to them to ask them to consider reclassification.

We will continue to support and work proactively with our partners to find ways of mitigating the impact of the government's 'Bedroom' Tax.

In the absence of the questioner for Q2, a written response would be sent to Mr Taylor-Wickenden as set out below.

Question No	Question By	Cabinet Member	Subject
Q2/13-14	Mr Samuel Taylor-Wickenden	Councillor Lowry (Cabinet Member for Finance)	Debts from non-payment of Council Tax
<p>What will it cost for Plymouth City Council to hire bailiffs against those who accrue debts from non-payment of Council Tax? Won't this increase rather than decrease the levels of poverty seen within Plymouth?</p>			
<p>Response:</p> <p>There are no costs to Plymouth City Council for the use of contracted bailiffs. Bailiffs recoup their costs by way of fees to the customer and Plymouth's bailiffs have some of the lowest charges.</p> <p>Any bailiff activity is undertaken as a last resort and once all other avenues to collect outstanding arrears have been exhausted. In the majority of cases collection to arrears is carried out by other means such as direct from earnings or benefits, or by an agreed payment plan.</p> <p>Only a small proportion of cases are sent to the bailiff (around two per cent of arrears cases) and any cases that are deemed to be vulnerable or unsuitable for collection by the bailiff will not be referred, or will be recalled if details are found after the case has gone to the bailiff.</p> <p>Customer costs to the bailiff will vary depending on the size of the arrears and the level of interaction required by the bailiff to recover them.</p> <p>Plymouth aims to encourage customers to contact us as soon as possible if payments cannot be met in order that we can discuss options with the customer and avoid additional costs wherever possible.</p>

MOTION ON NOTICE

20. **Tackling Child Poverty**

Councillor Penberthy (Cabinet Member for Cooperatives and Community Development) moved and Councillor Mrs Bowyer seconded the following motion -

'TACKLING CHILD POVERTY

Child poverty is essentially a result of poverty in families.

Child poverty matters because it means children suffer now and their future lives can be blighted.

Income is central to the lives of all families in poverty. This reflects the current national measure which classes families earning less than £251 per week as living in poverty. In Plymouth this equates to 11,560 children, of which 10,190 are aged under 16¹.

Amidst the deepening economic crisis, it is an opportune time to develop our local plan to tackle child poverty. Falling incomes, unemployment, rising cost of living, reduced economic activity and major changes to the way that welfare assistance is provided are having a real impact on Plymouth families both in the short and long term. For example, stressors such as job loss, home foreclosure, or loss in family savings can place strain on parental relationships and on the family as a whole. It can affect educational achievement of children by reducing families' abilities to provide a supportive learning environment or adequate nutrition, or by forcing a delay or abandonment of higher education plans.

Plymouth has shaped its response to child poverty based on its understanding of child poverty as the outcome of economic, environmental and social factors that can damage a child's development and limit or prevent children and young people from having many of the experiences and opportunities that others take for granted².

Our three year strategy presents how Plymouth aims to tackle the causes and impact of child poverty, while also acknowledging the limits and challenges presented by the current economic and social environment.

Council therefore:

- (1) commends the Cross Party Working Group on Child Poverty, our partners, officers, Youth Council, the Overview and Scrutiny Management Board and Cabinet for their cooperation in developing a new Child Poverty Strategy for the city;
- (2) commits to encourage partners to work with us to deliver the Child Poverty Strategy and action plan;
- (3) will actively support and promote the work of the new Standing Conference on Child Poverty;
- (4) instructs officers to share all background information, consultation responses and thinking from the last two years of work in developing the Child Poverty Strategy and action plan with the Plymouth Fairness Commission;
- (5) encourages members to act as Child Poverty Champions within their wards; working to mitigate the impact of child poverty now and take action to stop future generations lives being blighted by child poverty.'

¹ Based on HMRC definition (Number of children in families in receipt of either out of work (means-tested) benefits, or in receipt of tax credits where their reported income is less than 60 per cent of median income. Snapshot at 31 August 2010.

² Definition taken from the Plymouth Children and Young People's Plan 2011-2014

During the debate, the issues raised (in addition to those stated in the motion) were –

- (a) the DVD viewed by councillors before the council meeting, which had been made by young people and showed what living in child poverty meant for them. The DVD and the action plan would be available on the website, the following day;
- (b) actions which could be taken to minimise the impact of child poverty including –
 - the review of retail and shopping provision in areas of child poverty as part of the Plymouth plan;
 - budgeting sessions at schools;
 - encouraging self-confidence, particularly at schools;
 - promoting inclusiveness at schools having regard to affordability (for example with proms);
 - tackling poverty in families;
- (c) the potential crime and social problems arising from poverty;
- (d) that a report on the living wage paper would be considered at the next meeting of the City Council on 22 July 2013;
- (e) in some wards, young people in poverty were concentrated in particular sectors and in some cases were hidden.

During the debate, the Lord Mayor advised councillors in relation to comments on the DVD.

Agreed that the City Council -

- (1) commends the Cross Party Working Group on Child Poverty, the council's partners, officers, Youth Council, the Overview and Scrutiny Management Board and Cabinet for their cooperation in developing a new Child Poverty Strategy for the city;
- (2) commits to encourage partners to work with the City Council to deliver the Child Poverty Strategy and action plan;
- (3) will actively support and promote the work of the new Standing Conference on Child Poverty;
- (4) instructs officers to share all background information, consultation responses and thinking from the last two years of work in developing the Child Poverty Strategy and action plan with the Plymouth Fairness Commission;
- (5) encourages members to act as Child Poverty Champions within their wards; working to mitigate the impact of child poverty now and take action to stop future generations lives being blighted by child poverty.

(Councillor Jordan declared a personal interest in the above item.)

	Councillor Vincent indicated that he would raise the coronation meadow with the officers.

5	Councillor Singh	Councillor Coker	How long would the improvements at the railway station take and would notifications be published in the press?
	Councillor Coker responded that the work would be completed before the Christmas shopping rush. Information would be published on the website and businesses and residences would be notified in the usual manner.		

6	Councillor Nicholson	Councillor Vincent	Why was the council slow to act to remove the gypsy encampment at Horsham Field and would he review the policy and its implementation, and report back in due course?
	Councillor Vincent responded that the delay was as a result of the Bank Holiday at the end of May 2013. The process relied on court availability and the site was cleared as soon as practical. The policy had been reviewed when this process commenced.		
7	Councillor Mrs Beer	Councillor Peter Smith	A message left with the call centre concerning an overflowing waste bin, had not been passed to the department concerned and Councillor Smith was asked to find out why.
	Councillor Smith responded that if Councillor Mrs Beer sent him the relevant information, he would ensure that she received a response.		
8	Councillor Parker	Councillor Penberthy	Did he think that the scheme to provide cheaper energy in Plymouth and create employment was a positive step?
	Councillor Penberthy responded that a £50m eco investment in the city, announced by British Gas was a positive step. Plymouth Community Homes were also receiving monies to invest in their stock. An announcement would be made in July 2013, including a new energy cooperative.		
9	Councillor Martin Leaves	Councillor Penberthy	Could he confirm the number of city households which were under and over occupied?
	Councillor Penberthy provided figures that came from many different sources and he indicated that he was working with 24 housing associations. The figures demonstrated a need for more one bedroomed flats.		
10	Councillor Bowyer	Councillor McDonald	What steps were being taken to avoid an overspend on the adult social care budget this year?
	Councillor McDonald responded that she would not be spending £3m on organisational change as had been done previously. The measures included the transformation agenda to support people in their own homes; a single system to manage the personalisation agenda; realistic targets for sickness and absence and emergency plans for carers.		
11	Councillor Stark	Councillor Williams	How much of the £50m allocated for summer schools had been allocated to Plymouth and how was the money to be allocated?
	Councillor Williams replied that a written response would be provided.		

12	Councillor Wigans	Councillor Vincent	What actual steps were being taken to speed up the eviction process for Gypsies and Travellers? Could he furnish the Plymstock Dunstone ward councillors with the updated process so that they could advise residents?
	Councillor Vincent responded that Councillor Penberthy was leading on this issue. The process was being updated and when available, the information would be sent to all councillors.		
13	Councillor Fry	Councillor Peter Smith	Could he provide all councillors with a copy of the report given today on his visit to Plymouth Massachusetts? He also asked for a list of those who had attended the visit and the group that they were representing.
	Councillor Smith gave an assurance that Councillor Fry would be provided with a comprehensive report on the visit being prepared by both Chambers of Commerce and Industry (which would include the content of the speech).		
14	Councillor Foster	Councillor Vincent	Why could other councils carry out evictions more quickly? He was told that evictions by South Hams Council could be undertaken in three days.
	Councillor Vincent responded that he was following the procedure in place. The matter was being addressed by Councillor Penberthy.		
15	Councillor Bowyer	Councillor Vincent	Would he review the future use of pitches to ensure that designated parking was in place? When would a review be carried out and would it be in place for next season?
	Councillor Vincent responded that he was aware of the parking issue and had spoken with the Parks Department who were doing as much as possible to alleviate the position but that there was not an immediate solution. He could not promise that a review would be in place by next season but it was hoped that litter would be reduced and users would be encouraged to show more consideration to residents.		
16	Councillor Michael Leaves	Councillor Vincent	Following the announcement of substantial government support for the Sherford development, could an update be given on the swimming pool for Plymstock and could he give an assurance that the swimming pool was a priority?
	Councillor Vincent responded that the swimming pool would be included at the planning stage and had been agreed as part of the Section 106 agreement on the site.		
17	Councillor James	Councillor Williams	How many young carers were there in the city and how did she obtain the information? What support would be provided?

	<p>Councillor Williams responded that the information had been gathered from a questionnaire completed by schools. Whilst it showed an enormous number she remained unconvinced that it was the actual number of young carers. Staff were being trained so that information could be gathered on home visits which would enable resources to be targeted at those with high needs. Support was also given through the youth service and in other ways as there was a huge age range involved.</p>		
18	Councillor Darcy	Councillor Coker	<p>Could he clarify whether a camera car could be used in the suburbs, for traffic management issues?</p>
<p>Councillor Coker responded 'yes'.</p>			
19	Councillor Stevens	Councillor Peter Smith	<p>Councillor Jordan referred to the lack of events to commemorate the Queen's Jubilee. As the change of administration was only three weeks before the event, who had been the Cabinet Member previously and how long did such events take to plan?</p>
<p>Councillor Smith responded that events would take months to plan and that Councillor Jordan had been the Cabinet Member responsible at the time.</p>			
20	Councillor Sam Leaves	Councillor Coker	<p>In the interests of child safety, should all schools not have a 20mph speed limit outside of schools? When could she see plans?</p>
<p>Councillor Coker responded that he had signed up to the national initiative for 20 mph schemes although it was difficult with the costs involved. Monies for safer journeys to schools would be delegated to ward councillors so that they could prioritise decisions and the money could be used for this purpose if they wished.</p>			
21	Councillor Nicholson	Councillor Penberthy	<p>How did he see a solution to the unauthorised occupation of land at Billacombe by horses? What attempts were being made to monitor the site to try and identify a guardian?</p>
<p>Councillor Penberthy indicated the process and costs for the movement of animals. Officers were visiting at different times during the day to try and identify those responsible. As officer time was limited, residents were asked to assist if possible.</p>			
22	Councillor Mrs Beer	Councillor Vincent	<p>Why were the bins in play parks not emptied first thing on a Monday morning? They were not emptied in Plympton St Mary after this weekend.</p>
<p>Councillor Vincent replied that he had responded to her emails on the issue and that larger bins could be provided where there was greater usage.</p>			

23	Councillor Jordan	Councillor Peter Smith	If the council was withdrawing funding from events and sport, including Plymouth Raiders, how was it going promote healthy living, particularly through school and healthy activities.
<p>Councillor Smith responded that the budget previously used to assist the Plymouth Raiders was no longer available as funding was being allocated direct to schools by the government. The funding was being phased out over a four year period. Councillors were advised that they could lobby the government on the allocation of funding direct to schools.</p> <p style="text-align: center;"><u>(The Lord Mayor declared a personal interest in the above question.)</u></p>
