Re: Prevention of Public Nuisance Licence Review Woodside Pub, 12 Gaskin Street, Plymouth.

Good morning

As a long term resident and near neighbour of the Woodside Pub I was somewhat surprised to read the notice posted outside the pub stating that the licence was currently under review due to prevention of public nuisance. As I understand it complaints have been made regarding high noise levels. The Greenbank and City Centre area is a very vibrant area within which to live and from my own point of view this is part of the attraction. This pub has been the central hub of local life for many, many years and indeed is not exclusively used by students. How any resident can distinguish pub noise from that made by the general student populace is a mystery to me. With the influx of even greater numbers of students into the new student accommodations in Trafalgar Street and the opening of the Sainsbury store, noise has increased generally due to heavy lorry deliveries at all times of the night, the noise of unloading and additional groups of carousing drunken students. Add to the mix the general student parties all over the area and any noise made by the pub pales into insignificance. The whole of the Greenbank area is saturated with students and they do enjoy a partying lifestyle and the noise that accompanies this.

There has been increased activity outside all pubs with the introduction of the no smoking regulations as smokers take to the outdoors but I would imagine that this would be extremely difficult for any landlord to control because it is an activity external to the pub and therefore outside of their control.

If I stand in my garden or sit in my kitchen with all of the windows open I can hear pub entertainment noise, but very muted and certainly not loud enough to affect my lifestyle or general enjoyment and this only applies in the summer months when windows are open and the garden is enjoyed. When my windows are closed I can hear no noise from the pub whatsoever. Indeed the measures instigated by the current landlord in an effort to reduce noise makes it extremely uncomfortable at times for people socialising in the pub because all of the doors and windows remain closed when entertainment is laid on.

Any person moving into this area has to be aware of the proximity of the pub to residential housing and one would hope that they would do some basic research if a lively neighbourhood was not for them and the option to move to a more peaceful area would be a sensible one to consider.

In all my years of living here I have never had cause to complain about any noise from the pub and I would be grateful if you could pass my letter of support on to the relevant department.

Kind regards

Try to be as specific as possible and give examples such as "I February, I could hear loud music from the premises between 10pm and 1am. I am concerned that if the premises opens until 2am that this will cause a nuisance to me and other residents in the street and will affect my sleep."

The prevention of public nuisance

I suffer from noise disturbance from entertainment at the Woodside at least four nights a week. I have had to put up with this on and off for many years. The noise levels are so loud that I can hear the music above my television with the windows closed. I cannot read a book and I cannot go to bed until after 1am and sometimes 2am. I cannot continue to live with these levels of noise. It depresses me. The public house is keeping their windows and doors closed but it is so loud it is as if they are open. The live music is the loudest entertainment especially the drums and the karaoke is very loud. The main days are currently, Sunday, Monday (karaoke), Wednesday and Saturdays, however these do change from time to time. Tuesdays is quiz night which is not as bad but I can hear what the man is saying on the microphone but at least it is not constant banging of drums. The noise levels improve when the public protection officers speak to the Management but it doesn't last long and returns just as loud. Some live bands are very loud and the customers use the outside seating area until past 1am. They are often shouting and screaming and this disturbs my sleep. I have been keeping a noise diary which I have attached. I have not recorded all of the dates as I have run out of diary sheets on some occasions. Every week I am affected by noise disturbance and I appreciate that I live near a public house but the noise levels are too loud.

There was a party on Wednesday 7 August 2013, when the noise was particularly bad and the live music went on until 12:15am. The noise was horrendous and I had to have my television on at level 17 and it was normally level 6/7. The customers were on the balcony and jumping over the walls. After I contacted the Public Protection Officers, it went quiet for a while but didn't last long. There have been a number of other times which I have listed in the diary sheet.

However, the most recent times where I have had to call the out of hours service was on Saturday 16 November 2013, when a live band was playing and it was very loud even with my windows closed. I could not hear my television and I could not go to sleep before 2am as there were customers on the balcony/decking area screaming and shouting. I contacted the police around 01:25hours but they could not attend.

On Sunday 24 November 2013, there was a Buddy Holly and Elvis Presley evening from 8pm until approximately 11:45pm. I could hear it word for word as if it was being played in my front room. On Wednesday 27 November there was a very loud live band and I could hear it word for word

even with the windows closed. There were people shouting and screaming on the balcony until around 00:40 hours.

On Saturday 7 December 2013, it was also noisy particularly the drums. I contacted the out of hours team at approximately 21:40hours and the officers visited me in my property. I could hear the music with my windows closed and could not watch my television or go to sleep.

On Saturday 14 December 2013, I had to contact the out of hours team again at approximately 22:55hrs. I was disturbed from the live band, particularly the drums and guitar. I could hear the customers singing along to the music. The music stopped around 23.30pm. However I could not watch the television all evening without the noise from the band disturbing me and I had to keep my windows closed.

The level of noise that I have to put up with is not acceptable and it makes me feel ill. My doctor has had to give me sleeping pills and my blood pressure has increased due to the stress and anxiety. I want to be able to enjoy my home and not have all this stress. All they have to do is turn down the volume!

I _____, hereby declare that all information I have submitted is true and correct.
