1.3 Variation application

The nature of the proposed variation is to vary the hours when the licensable activities may take place on Monday to Thursday from 12 noon to 02:00am and Sunday 12 noon to 12 midnight to Sunday to Thursday inclusive from 12 noon to 04:00am.

It is proposed that the variation be for a period of 12 months from the date of the variation and thereafter the permitted hours will revert to those permitted prior to this application unless the premises licence holder shall make a further application for a variation.

1.4 Conditions currently attached to the licence (Appendix 1).

1.5 As part of the application the applicant put forward a number of conditions to promote the four licensing objectives (Appendix 2).

1.6 Representations have been received in respect of this application.

1.7 Cumulative Impact Policy

This application does fall within an area to which the Cumulative Impact Policy applies and creates a rebuttable presumption that applications for new licences or variations to existing ones which are likely to add to the existing cumulative impact will normally be refused unless the applicant can demonstrate in their operating schedule that there will be no negative cumulative impact on one or more of the licensing objectives if the application were granted. However before the Licensing Authority can lawfully consider giving effect to this policy there must be a relevant representation from either a responsible authority or an interested party referring to information which was before the Licensing Authority when this special policy was developed.

4.0 CONSIDERATIONS

4.1 The Committee is obliged to determine this application with a view to promoting the licensing objectives which are:

- the prevention of crime and disorder;
- public safety;
- the prevention of public nuisance;
- the protection of children from harm.

In making its decision the Committee is also obliged to have regard to the guidance issued under section 182 of the Licensing Act 2003 and the Council's own Licensing Policy and the representations (including supporting information) presented by all the parties.

The Committee must take such of the following steps as it considers appropriate for the promotion of the licensing objectives:

and for this purpose the conditions of the licence are modified if any of them is altered or omitted or any new condition is added.

The Committee is asked to note that it may not modify the conditions or reject the whole or part of the application merely because it considers it desirable to do so. It must actually be appropriate in order to promote the licensing objectives.

**Re application to Vary Premises Licence OMG 11, The Parade The Barbican
Plymouth PL1 2JL**

Dear Miss Price

With regard to the above application, please be advised the police intend to make representations to the Plymouth City Licensing Committee as it is felt the variation of this licence will have a negative impact on the licensing objectives, of The prevention of Crime and Disorder and Public Nuisance.

The premises are situated within an area that Plymouth City Council adopted as being in an Cumulative Impact Policy relating to the Barbican area. As such we would refer to the evidence produced by the police that supported the introduction of this policy

It is our contention that if granted the variation as specified in the application given the location of the premises close to residential homes and the impact of the people who gather in and around the premises there will be a negative impact on the licensing objectives and an increase in levels of alcohol related incidents of disorder and anti social behaviour reported.

A check of The Devon and Cornwall Constabulary records show Alcohol related Crime levels and Anti Social behaviour in this area to be of concern.

The Devon and Cornwall Police believe this application does not provide sufficient detail to demonstrate how it will not have Impact in a negative way on the Licensing Objectives

Therefore the Devon and Cornwall Police wish to object to this application

Yours sincerely

David McIndoe

**Licensing Act 2003****Environmental Health Representation**From: **Unit Manager, Public Protection Service**To: **Head of Licensing Section**FAO: **Peter Clemens**Date: 14th March 2014Schedule Ref: **TC/RMO/855859**

Extension Number: 4851

Application Details**Premises: OMG, 11 The Parade, Barbican, PL2****Name of Applicant: K A Operations Ltd****Address: 454 Altair House, Falcon Drive, Cardiff, CF10 4RH****Type of Application:** Variation**Date of Inspection:** N/A**Representation**

This department would like to make the following representation:

I consider the application to undermine the following licensing objectives:

The Prevention of Public Nuisance

The likely effect of granting the licence as applied will undermine the licensing objectives because:**The Prevention of Public Nuisance**

There is the potential for the application as applied to cause public nuisance if granted as applied from noise emanating from the premises in the form of patron noise (people arriving and leaving), noise from music outbreak, noise from taxis pick up/drop offs late at night. The premises is located within a cumulative impact policy area which was determined due to a saturation of licensed premises and to protect the amenity of local residents from further licensed premises or extensions to licenses of existing premises licences

Recommendations

I therefore recommend that this application is refused because:

The applicant has not demonstrated within the application how the extension of hours until 4.a.m during weeknights (Sunday – Thursday) will not have an impact on the surrounding local residents. The premises is close to residential properties and assessment of the impact of these extension of hours on these properties has not been provided by the applicant.

The extension of the licence during midweek is not appropriate to the area. There is the potential for a wide range of residents to be affected by noise generated from the club (whether music or people). It must be considered, if the business is successful, that there is the potential for 200 people 'in drink' to be leaving a very quiet area, very early in the morning and causing disturbance in the vicinity when they would reasonably expect a good nights sleep.

Residents, given the nature of the area, are likely to be accustomed to a certain level of noise on Friday and Saturday nights and also on Bank Holidays, but expect a reasonable amount of comfort during weeknights when they are likely to be working the following mornings. There is the potential for residents to be affected by noise seven days a week with the granting of this application. The vast majority of people on the Barbican have left the area by between 00.00hrs and 0100hrs and noise levels after these times generally decrease quite significantly. This application is proposing a possible increase on noise levels which currently do not occur. There is also the potential for noise from taxis waiting to pick-up customers late at night outside the premises.

The Cumulative Impact Policy has been adopted to protect the local residents. There is the potential knock-on effect on the community by the premises attracting patrons who currently are not in the area. The granting of this application will encourage other businesses to apply for similar timings and the knock-on effect is that precedents will be set and there is the potential for the area to develop from an evening-night time area based on bars and restaurants to a late night clubbing type area, similar to other less residentially populated areas within the City, seven days a week.

The applicant has not demonstrated in the application or operating schedule how the effect of the granting of the licence will not have an impact on the area, where it has been determined that there are issues as designated by the Cumulative Impact Policy Area.

There is the potential that if the licence is granted as applied that the licensing objective for the prevention of public nuisance and public safety will be undermined. The premises is located within a mixed use area with residential premises within 20 metres on three sides

The applicant has not demonstrated in the application how the licence, if granted would not undermine one or more of the four licensing objectives. Having considered the application on its own merits there is the potential for the application to impact negatively on the amenity of local residents.
