Key Issues and Corrective Actions taken

Issue	Variation £m	Direction of Travel	Management Corrective Action
PEOPLE – Joint Commissioning & Adult Social Care. The current overspend can be attributed to unexpected sustained pressures including winter and summer "spikes" from Derriford Hospital being on black and red alert for longer than in previous years, an increase in the overall number and cost of Supported Living Learning Disability clients with increasing complexity of need and the increase to care home fees.	2.141	Worse	 A Project Review Team has been assembled including a commissioned Social Work Service to target high cost packages of care and other internal resources are targeting the remaining legacy packages of care. Progress is monitored on a fortnightly basis at Adult Social Care Management Team meetings. Additional controls on approval limits for Care packages, escalation to senior management of any new high cost packages such as Residential Care for challenge and approval The new multi-agency Care Co-ordination Team went live in September 2013. Health and Social Care resources are deployed to avoid inappropriate admissions to Hospital and to return people to Community based support rather than Residential and Nursing Care. The new joint Reablement service contract commenced in December 2013 Maximising ODPH Grant Funding and negotiating additional income from the North, East & Western Locality Clinical Commissioning Group to support the Care Co-ordination Team including the new reablement service and step down beds.

PEOPLE – Children's Social Care. The current overspend can be attributed to pressures on continuing increases in children in care and complexity of placements together with risks around Delivery Plans.	0.272	Improved	 Maximising grant funding. Maximising joint funding for complex residential placements. Quarterly Star Chambers have been arranged to cease all non-essential expenditure. Reconfiguration of service delivery to drive out efficiencies.
PEOPLE - Homes & Communities. Underspend as result of management actions.	(0.900)	Improved	Department is projecting a underspend as a result of sustained budget management actions through prevention and holding vacant post.
PEOPLE - Education, Learning and Family Support. Maximisation of grant and saving on pooled budget requirements.	(0.670)	Improved	Sustained management action to reduce non-essential expenditure and maximise grant income.
PLACE – Economic Development. Pressure on commercial rents on lease renewals and rent reviews together with rent free incentives required in order to attract tenants and increased void periods. City Centre ground lease income is reducing due to increase in vacant city centre retails units and falling rents on the geared head leases at rent reviews and lease renewals. This is offset by some savings within other parts of ED (20k) – Review of income opportunities from tourist information centres (75k) - Analysis of improved collection rates and existing provisions only 50k top up required so residual 75k released this year. (10k) additional income from commercial estate through increasing income streams	0.063	Improved	 Management are aware of pressures and looking at ways of maximising income and reducing costs. Continue to maximise income across all of the Commercial Estate. Reviewing contingencies and trading functions

PLACE – Transport & Infrastructure. There are various pressures within Transport and (excluding street lighting energy) it is hoped can these be contained within existing budgets for 13/14. Budgets and forecasts will continue to be reviewed and any material variations will be reported as they are identified.	(0.094)	Improved	• The street lighting energy cost pressure has reduced from £450k to £385k because of very favourable energy prices over the summer period. Winter energy prices are due soon and will be built into future forecasts. The remaining £400k cost pressure has been offset by the corporate £300k contingency and £100k of other income (committed at DMT on 10/7/13).
PLACE - Environmental Services. Mercury Abatement 70k cost Recyclable commodity Prices are hitting a low period due to market conditions. However, better glass prices on the spot market has increased income from recyclables Staff rationalisation in addition to delivery plan target Reduced maintenance costs of plant & equipment Decreased income from Cemeteries and Crematoriums based on same period last year.	(0.250)	Improved	 The new vehicles and plant ordered this year are beginning to show savings on defects and short term hire. Reduced spend on Private contractors, due to maximising are own workforce capacity. Increased levels of Income from new landscaping schemes, Nature Reserves, as well as some additional funding from Greenspace challenge and Tree Partnership.
PLACE – Planning & Directorate Business Support. Savings realised from improved income projections, however element to be carried forward due to being work in progress. Savings identified due to vacancy savings, however offset by increased scanning costs.	0.038	Worse	Budget managers to continue to review budgets for potential savings. There has been an improvement in income from building control and pre application planning advice

CORP SERVICES – FETA. VFM & Efficiencies – Increased HB provision 400K due to a decrease in collection rates Technology - Photocopier rentals pressure of 164k, offset by lower usage charges (89k), maintenance contracts (28k) and proactive management actions. Further staff savings identified across Finance & Procurement, revised project server figures and ICT Capitalisation, offset by Corporate Lanlord pressures within repairs & maintenance.	(0.000)	Improved	 HB Subsidy experienced a fall off in receipts in February and March '14 To achieve a forecasted nil variance at year end, 1.050m of management action savings have been enacted including staff rationalisation across all services; reduction in spend on assets through Corporate Landlord and improvements in both procurement and contract management. Management continued to review expenditure and challenge down where appropriate in order to deliver a balanced budget.
CORP SERVICES – D&G. Legal Services – Fees income pressure of 89k, and salary variations including temporary staff (86k), offset by land charge income and other savings (20k) Democracy & Governance – small salary variance, delivery plan pressures and management actions (99k) Insurance & Risk – small salary and other variations (15k) Registration Service – salary variations 10k Lord Mayoralty 18k in respect of vacancy saving, offset by (18k) in member support. Coroner – Pressure relating to delivery plan offset by other small variations 36K Management & Support – Pressures relating to delivery plans and small salary variation 75k	(0.013)	Same	 Management continued to review expenditure and challenge down where appropriate and look to maximise income opportunities where possible. Action plans established to reduce overspend and deliver a balanced budget.

Favourable variations achieved due to a reduction in training, salary savings across services, reduction in recruitment and advertising and pockets of activity where additional activity was achieved.	(0.144)	Improved	 Management continued to review expenditure and challenge down where appropriate and maximised income opportunities where possible.
CORP SERVICES – Customer Services Salary savings identified in Library Services (196K), following vacant posts and restructure	(0.196)	Improved	 Management continued to review expenditure and challenge down where appropriate and maximised income opportunities where possible.
EXEC OFFICE – Policy, Performance & Partnerships. Variations in respect of vacancies carried across department, however offset by pressures due to delivery of Fariness Commission and supported activity as well as support to City Deal bid.	0.015	Worse	One-off charges
EXEC OFFICE - Departmental Management. Variations due additional support provided to Departments and Members in excess of planned activity. Additional temporary staff required covering sick and peak periods of activity and unable to recharge other departments as previously thought.	0.081	Worse	One-off charges
