The public is able to provide a view on their satisfaction levels of VFM every two years. The results of this measure have historically been very low and therefore has been a focus of the Council. Influences? Service Delivery Budget	The most recent data was achieved during the public budget consultation 2014/15. The results showed an increase of 19% in satisfaction levels. Direction of current Improving trajectory?	Satisfaction levels of Plymouth residents are expected to continue increasing following a communication programme around the 3-year sustainable budget which will deliver the priorities as identified by residents. Future performance is expected to be good around this measure as one of the Councils objectives is to grow the city, therefore increasing the Council Tax and Business Rates base. Additionally, the structure of services within the authority supports a high rate of collection. There is a slight dip in current Council Tax collection, however proactive measures and actions are being taken to ensure that this performance increases. Forecast? Green
