CORPORATE PLAN 2016 – 2019 Quarter 1 and 2 (2016/17)

Performance Report

PIONEERING PLYMOUTH

We will be innovative by design, and deliver services that are more accountable, flexible and efficient.

Most Pioneering Themes indicate they are on target to support the Pioneering objective achieve its outcome. This is supported by the majority of outcome measures both improving and meeting their respective targets. Our transformation programme has been successful with customer engagement and improved digital services. Furthermore the return on investment for commercial properties evidences excellent value for money. The 2016/17 revenue budget is being actively managed with a reducing overspend forecast from Q1 to Q2.

GROWING PLYMOUTH

We will make our city a great place to live by creating opportunities for better learning and greater investment, with more jobs and homes.

Every Growth Theme indicates it's on target to support the Growing objective achieve its outcome. This is supported by the majority of outcome measures both improving and meeting their respective targets. Most notably we have a city with more homes, more jobs and an increasing population, the majority of whom have more formal qualifications than last year.

CARING PLYMOUTH

We will work with our residents to have happy, healthy and connected communities where people lead safe and fulfilled lives.

The majority of the Themes that support the Caring objective are on track, and the majority of measures are either improving or achieving target. The adult safeguarding improvement plan continues to make good progress although there is some slippage in terms of the delivery of actions. The Plan for Sport is on target for delivery, whilst performance pressures remain in relation to delayed transfers of care and the prevention of homelessness.

CONFIDENT PLYMOUTH

We will work towards creating a more confident city, being proud of what we can offer and growing our reputation nationally and internationally.

All Confident Themes indicate they are on target to support the Confident objective achieve its outcome. However, some of the outcome measures have not met their targets, particularly engagement with residents. However, recent consultation with residents over budget pressures returned one of the biggest resident response rates ever received, contributing significantly to budget setting policy. Further work is underway to rationalise the Council's approach to seeking residents' views.

CONFIDENT PLYMOUTH

OUTCOME

A city with an outstanding reputation where people choose to live, work and visit.

OUTCOME MEASURES

The city's population has increased by 0.2% to 262,172 (latest ONS 2015 data). This compares to the national increase of 0.9% and the SW increase of 0.86%.

The latest data reports the number of visitors decreasing but the annual target has still been reached with more than 4.9 million visitors arriving in the city.

77 projects benefited from non-council funding from both Plymouth Octopus Project and Lottery funding to the tune of £2,711,542 during 2015/16. A £1.9M increase over the previous year, but 3 projects fewer.

PRIORITY ACTIVITY

Setting the direction for the south west. All 17 councils have agreed 'in principle' to the establishment of the Combined Authority and are working collectively to develop a Scheme and Governance Review.

Setting the direction for the south west - Continue to fight to secure better alternative rail and improved road links. The Peninsula Rail Taskforce continues to lobby MPs and key stakeholders using the principles of the 3 point plan through the All Party Parliamentary Group and lobbying events that have taken place over the last 6 months.

Council decisions driven by citizen need - residents help to inform Council priorities. A Budget engagement exercise has been undertaken to capture residents' views to gather insight in relation to the budget pressures faced by Plymouth City Council. Residents' views have been analysed and were considered at a joint scrutiny review on the 22nd September 2016. Recommendations from scrutiny will help to inform the MTFS going forward.

Improved Street Scene environment - Develop and deliver the Plan for the Modernisation of Waste and Street Services. Plans to modernise the way Plymouth deals with household waste and increase recycling in the city were considered by Corporate Overview Scrutiny Committee in October and were agreed by Cabinet in November. The report described the city's need to modernise its waste collections in order to reach targets for recycling and make sure services can cope with the expected rise in Plymouth population over the next 20 years.

The Council's Commitments 2016

No	Commitment	Key activities undertaken so far.	Progress
1	Provide more jobs, apprenticeships, and work experience opportunities	The biggest inward investment in the city for over a decade has been agreed. 700 jobs will be created following a trade deal with Sitel. The multi-million-pound deal will see the business locate in the Ship building in Derriford. The city council has also been named "local authority of the year" at the South West Business insider property awards for being open for business.	On target
2	Support the Trident replacement programme. We will fight to maintain jobs and investment in HM Dockyard and Naval Base	* Parliament agreed to renew the Trident weapon systems in Summer 2016. * Plymouth leaders are at the forefront of the city's lobbying campaign, including responding in strong terms to the proposed closure of Stonehouse barracks and the Citadel and seeking Government commitment to the long term future of HM Devonport Dockyard and Naval Base, as set out in the Royal Navy Devonport Vision for 2030, in order to safeguard the value to our local economy and underpin our overall marine offer.	On target
3	Campaign for fairer public health spending for Plymouth	Plymouth's Director for Public Health is a member of a national group that has been convened to look at how Business Rates could be used to fund the public health grant in future. A key challenge will be to ensure a fairer Public Health deal for Plymouth.	On target
4	Maintain the campaign for better rail links and protect the airport	The Peninsula Rail Task Force (PRTF) continues to lobby MPs and key stakeholders using the principles of the 3 point plan (resilient and reliable, with faster journey times and better connectivity, with sufficient capacity and comfort) through the All Party Parliamentary Group. The PRTF has completed its 20 Year Plan "Closing the gap: The South West Peninsula strategic rail blueprint" which was presented to the Secretary of State in November. Since the initial report published in 2015, the PRTF has undertaken extensive studies with partners Network Rail, the Department for Transport, Great Western Railway and the University of Plymouth to look at ways to achieve our aims. The PRTF, through this work, is now able to set out its immediate priorities up to 2019 and medium term priorities up to 2029: The PRTF's message to Government is plain: there must be real enhancements to our rail network, improving existing provision. Whilst the rail network cannot be transformed overnight, the PRTF's report shows how the decades of underinvestment must be tackled, starting from now."	On target

5	Continue to deliver more homes for local people on suitable sites	We continue to focus on new homes delivery on the 33 City Council sites released under the Plan for Homes to deliver a range of new and affordable homes; six sites have been completed, eight are under construction and eight are due to start on site by December 2016. We are awaiting the outcome of our Starter Homes Proposal to DCLG that will support our plans to acquire identified stalled and lapsed sites to further increase and accelerate delivery. With over 1000 homes under construction as at April 2016, we are on target to achieve our commitment of 5000 homes over five years.	On target
6	Actively pursue and bring forward plans to regenerate Colin Campbell Court	Colin Campbell court has been marketed and the appointment of development partners will follow shortly.	On target
7	Seek a new high quality hotel for Plymouth Hoe	Marketing for a new high quality hotel for Plymouth Hoe has commenced, and appointment of development partners will follow shortly.	On target
8	Accelerate plans to bring more empty homes in Plymouth back into use	We have completed a review of all empty homes work in relation to this commitment. On 15th August 2016, we agreed the draft business plan which will propose how the £1 million of funding in the approved capital programme will be spent on tackling empty homes faster. This was reported to the City Council Investment Board on 13th September 2016.	On target
9	Prioritise development on brownfield sites	Brownfield site development has progressed by reviewing all plans for homes developments. Action has been taken to ensure quicker delivery. We are looking at driving forward the entire Plan for Homes sites to ensure that we focus on delivering the majority of new homes on previously developed, rather than green field, sites. With regard to City Council green field sites previously proposed for housing, these have been stopped.	On target
10	Review traffic light operations and tackle traffic bottlenecks to keep Plymouth moving	A thorough review has been undertaken of all traffic lights, junctions and locations where traffic signals could be removed. This has been accompanied by an extensive safety audit. Cabinet has refocused on projects that address priorities, thereby freeing up opportunities for funding our infrastructure priorities on the Eastern and Northern corridors. Cabinet has also reviewed all the existing projects to ensure that only schemes that help deliver the growth agenda in the Plymouth Plan are supported. (Helping deliver Policy 22 of the Plymouth Plan).	On target
11	Improve our pavements	The agreed virement from carriageways to pavements of £400K from last year is being spent on pavements improvement, repairing or replacing those in priority need. Going forward, a new funding bid is being prepared to ensure that this priority activity has resources to deliver expectations.	On target

12	Promote volunteering and recognise individual effort and personal responsibility	The "Making a difference for Mayflower 400" volunteering programme launched and recruited 23 local businesses to provide a volunteer workforce. Grow, Share, Cook was recommissioned in partnership with Plymouth Community Homes, and 'Energy Champions' has been picked up by Plymouth Energy Community via their successful Big Lottery Bid. There has been an increase in Right to Read volunteers. Early planning is taking place for a Diabetes volunteering programme with the CCG/Beacon Medical Group.	On target
13	Put customers and our local communities first	Budget consultation was undertaken with support from the Voluntary, Community and Social Enterprise sector (VCSE). The 'Our Plymouth' project, sponsored by city leaders, has now commissioned a provider for IT improvements in Civic Engagement. Octopus continues to support transformation projects, which have delivered more than £1 million in funding for the VCSE.	On target
14	Invite local residents to be more involved in council budget setting plans	An engagement exercise - 'Time for Big Decisions' - was undertaken in August/September to generate feedback from residents and other stakeholders about the difficult decisions to be taken to set the budget. Analysis of the results was undertaken and reported to scrutiny, and has been considered as part of the medium term finance strategy and budget setting process.	On target
15	Introduce a city wide initiative to tackle our growing littering problem	An Initiative scoping exercise has been undertaken with the Portfolio holder. Proposals have been developed and consultation has taken place with shadow members. Initiatives under consideration include a specific focus on enforcement. Replacement bins with larger capacity are already in place.	On target
16	Continue to support our voluntary, community, and social enterprise sector	We are currently scoping the process for re-commissioning infrastructure and funding support for the sector, to start in April 17.	On target
17	Freeze parking charges in the city centre until April 2017	Commitment has been secured to ensure that no charges are increased within this period.	On target
18	Keep council tax low and balance the books	Current projections indicate a potential overspend by year end 2016/17. Managing this position is a corporate priority. Part of this process includes delivering the medium term finance strategy (MTFS). The draft strategy has been considered by both Scrutiny Committees, and now incorporates the new risk register, highlighting the rising costs facing the Council, particularly in providing adult and children's social care services as demand increases. The final version of the MTFS was presented to Cabinet and agreed by the Council in November 2016. To help keep Council Tax charges low, changes are being considered to the Council Tax Support scheme and residents' views are being sought. Continuation of the current scheme as it is will be more expensive, which potentially means less money would be available for other vital council services.	Some Slippage
