## 68. CHAIR'S URGENT BUSINESS

## 69. WORKING GROUPS

Officers advised the Forum that the Council had submitted a bid for £1.5 million to the Department for Transport. If successful the bid would allow the Council to promote sustainable travel as a means to access jobs, skills, education and training.

The focus would be on workplaces, schools, and new developments in key growth areas of the city. The outcome of the bid would be known in December 2016. The Forum resolved to establish a working group to produce a series of walks through Bircham Valley which could ultimately form part of a short walking guide, which could be promoted through the Walking for Health network, and to local businesses.

Agreed that Mrs Hitchens co-ordinates this project.

70. **NEPTUNE PARK WATERFRONT PATH**

Dave Pawley provided members with an update on the Neptune Park Waterfront Path.

Members were advised that there was a new development planned to the east of the park (to create a new wharf). Five members had viewed the site and investigated the feasibility of the waterfront path, which could be a useful improvement to the South West Coast Path.

Agreed that Officers would investigate the planning conditions relating to the path.
