

# **MOTION ON NOTICE**

3 July 2017

## **Road Works Causing Chaos on Plymouth Roads**

Plymouth sympathises with the frustration of many road users across Plymouth of the recent spate of major road works they have had to endure, particularly at Outland Road, Derriford and Deep Lane. The second Deep Lane scheme and the Forder Valley link road are still to commence. Whilst these improvement schemes are vital to Plymouth's transport future the scheduling and communication with the travelling public has been unacceptable.

We therefore request the relevant scrutiny panel to review the timeline of each of these schemes highlighting the key milestones in each and reviewing whether or not scheduling and public communication could be improved.

**Proposed by Councillor Jon Taylor**

**Seconded by Councillor Chris Mavin**
