

# ADDENDUM REPORT

Planning Committee

## Item Number: 6.1

**Site: Highland Cottage, New Street, Plymouth PL1 2ND**

**Application Number: 17/01827/FUL**

**Applicant: Mr Bill Rabbetts**

### Public Comments

The submission of revised plans required a further public consultation period, which expired on 6<sup>th</sup> February. One additional public comment has been received, which reiterates previous objections, i.e. the loss of light to residential property. Also, there is a query about how the kerb outside the proposed garage would be lowered given the presence there of a drain.

The agent has responded to this concern with the assurance that when the kerb is dropped, the Highways Authority will be consulted and the granite kerbs retained, and that disruption to the cobbles will be reinstated. The agent has also said that they will address the location of the drain and any impact it might have owing to the dropped kerb, were it to back up with surface water.

### Revised plan

Members are advised also that a revised plan has been submitted that shows a double door at the rear of the garage as well as the limit of excavations for the proposed bin storage and attenuation tanks.

For clarity condition 1 of the decision notice would now read:

The development hereby permitted shall be carried out in accordance with the following approved plans:
