

Wellbeing Select Committee Nov 2017
General Practice
Recommendations and actions

The committee agreed that:	Response and output needed
1. the Committee, via the Chair, receives further reports on every future change to GP Surgeries in Plymouth which include information on engagement and consultation activities with patients at the earliest stage;	Chair of Wellbeing OSC is a member of NHS England's Western Locality Overview Group regarding material changes in general practice. NHSE and CCG will liaise with the Chair outside of these meetings for early notice of potential, likely or actual changes.
2. the Select Committee requires a progress report on the projects as outlined within the Western Locality Primary Care Improvement Plan at its next meeting;	Report attached (1): Primary Care Improvement Plan
3. that partners in the Health and Social Care System lobby for review of the Carr-Hill Formula funding and identify how more funding would benefit GP Surgeries within the most deprived areas of Plymouth, reporting progress to the next meeting of the Select Committee;	Paper attached (2): Carr Hill formula
4. the Select Committee requires an update on the work being undertaken by partner organisations to attract GP's to Plymouth but more specifically on how we attract and retain GP's within the most deprived areas of the city at next meeting of the Select Committee;	Update contained in Workforce section of Primary Care Improvement Plan (1). A presentation will be offered to the 28th February Select Committee meeting containing further detail and examples of, in particular, the work done with Plymouth City Council to promote Plymouth to healthcare professionals and an update on International Recruitment of GPs.
5. the Select Committee to receive a report on from Health and Social Care commissioners on how Pharmacy will be a key feature of new models of working and how pharmacists can alleviate the pressures currently being faced within primary care at next meeting of the Select Committee.	Paper attached (3): Developments in pharmacy
Two additional recommendations were agreed at the Wellbeing Overview and Scrutiny Committee on 13 December 2017. It was further	
6. that the Chair on behalf of the Committee will write to the Secretary of State requesting that Plymouth is included as part of the Targeted Enhanced Recruitment Scheme which has been offered to Cornwall to attract GPs into the area.	Targeted Enhanced Recruitment Scheme has been offered to Plymouth.
7. To explore Primary Care Co-commissioning and future plans for Integrated Primary Care Service to be managed more locally.	Paper attached (4): Report to CCG Governing Body and process/timeline for progression to Joint Commissioning
