

MOTION ON NOTICE

City Council 19 November 2018

Reducing accidents involving immovable objects on our roads

Every year, deaths from collisions on roads in the country are causing pain and suffering to thousands of people and families.

We call upon:

1. Plymouth City Council to voluntarily consider in all future developments the repositioning of all immovable objects such as trees, road signs and lampposts away from the road curtilage;
2. The Chief Executive and Leader to write to the Secretary of State of the Department of Transport stating the need for a national policy on immovable objects on roads to be adopted on all roads that have a speed limit of 40mph or higher, on all major strategic routes e.g. motorways and 'A' roads.

Proposed: Councillor Coker

Mark A Coker

Seconded: Councillor Dann
