**INFO** Statistical disclosure control has been applied to this table to avoid the release of confidential data. Totals may not sum due to the disclosure control applied.

**Symbol** Description

**I** A limited test of the full Universal Credit service was launched in Sutton, South London on 26th November 2014, and has expanded to other areas since. This publication now includes statistics covering both the live and full Universal Credit service. Please see <https://www.gov.uk/government/publications/universal-credit-transition-to-full-service> for details of the areas in which the full Universal Credit service is operating.

**II** Data for more recent months will be subject to a higher degree of revision. Universal Credit award amounts may be retrospectively revised.

**III** Monthly award amounts include any awards due to entitlement such as the standard allowance or housing entitlement plus any advance payments. Advance payments will normally be recovered during subsequent assessment periods.

**IV** Award, entitlement and payment information may be missing for a very small number of households on Universal Credit, where more limited information is entered onto IT systems.

**V** ".." denotes a nil or negligible number of claimants or award amount based on a nil or negligible number of claimants.

**p** Figures marked "p" are provisional. These figures will be subject to revision in subsequent releases. It is expected that overall provisional figures will be within two per cent of their revised figure in future releases.
