Purpose of Report

The Plymouth Report provides an overview of the needs and issues facing the city – with an accompanying narrative about the shared challenges and opportunities that we face. To understand the health of the city, it is essential to also understand the city's geography, its population and the environment within which its residents live and work. We also need to understand the economic context of the city such as jobs, wages, infrastructure and economic growth.

Recommendations and Reasons
1. Note the content of the Plymouth Report
2. Use the Plymouth Report to inform business activities.
3. Acknowledge the key issues, questions and challenges facing the city highlighted in the report and commit to work in partnership to address them.

Alternative options considered and rejected

Relevance to the Corporate Plan and/or the Plymouth Plan
The Plymouth Report plays a crucial part in the review cycle of the Plymouth Plan, the city's strategic plan, and aims to stimulate debate and discussion as to whether city plans and resources are aligned with meeting the needs of its residents and communities. Along with other key local documents such as the Corporate Plan monitoring reports, Director of Public Health Annual Report, JLP Annual Monitoring Report and the Plymouth Plan indicator set, the Plymouth Report provides a summary of evidence to inform the refresh of the Plymouth Plan.

Implications for the Medium Term Financial Plan and Resource Implications:

* When considering these proposals members have a responsibility to ensure they give due regard to the Council's duty to promote equality of opportunity, eliminate unlawful discrimination and promote good relations between people who share protected characteristics under the Equalities Act and those who do not.

The report is compiled using the best available evidence from a wide range of existing data sources and reports. As such, the Plymouth Report 2018/19 will be used to inform a number of these issues. The Plymouth Report also meets the locally defined requirement to produce a Joint Strategic Needs Assessment (JSNA).
