

## **1. Background**

- 1.1 The Planning Committee Terms of Reference and Code of Good Practice form part of the Council's Constitution and are reviewed on a regular basis. The last review was agreed at the Constitutional Review Group on 20<sup>th</sup> April 2017.
- 1.2 As with any terms of reference and its supporting codes of practice for a strategic committee such as Planning, making key decisions that affect the city as a whole and individual communities and neighbourhoods, a balance has to be struck between the inherently democratic nature of the planning process, and its efficient and effective operation.
- 1.3 A review has taken place of the current Terms of Reference and Code of Practice having assessed the operation of the Planning Committee over the years since the code was last updated, considering any changes in legislation, drawing lessons from experience, and undertaken benchmarking and other analysis to suggest further modernisation and improvements to how it operates.
- 1.4 The proposed new Planning Committee Terms of Reference and Code of Good Practice, including tracked changes, are outlined in appendix 1 and 2.
