## **Purpose of Report**

The Prevention Green Paper, published on 22<sup>nd</sup> July 2019, sets out a direction of travel for prevention into the 2020's. The proposals aim to help to deliver a government mission to: "ensure that people can enjoy at least 5 extra healthy, independent years of life by 2035, while narrowing the gap between the experience of the richest and poorest".

This report provides a summary of the Prevention green paper along with a narrative giving some of the context for Plymouth.

## **Relevance to the Corporate Plan and/or the Plymouth Plan**
