Purpose of Report

This is the Corporate Plan Performance report that details how the Council is performing against its priority performance indicators that were agreed at the inception of the Corporate Plan. It provides an analysis of performance as at the end of September 2021 against the Council's key performance indicators (KPIs), providing a detailed performance update against the Corporate Plan priorities.

This report forms part of the Council's Delivery and Performance Framework and is a key part of our aim to achieve a 'golden thread' from the Corporate Plan and its KPIs and delivery plans, through to service and team level business plans, and ultimately to individual objectives.

Key areas of good performance in this report include:

- Recycling rate improving and achieving target
- Continued good performance on completing carriage defects in time
- Improvement in free school meal take up
- Continued good performance around council tax collection which is achieving target.

Performance Challenges are:

- Small decrease in small medium enterprise spend and PL postcode spend (still achieving target).
- Slight increase in repeat referrals to Children's Social Care.
- A decrease in homelessness prevention.
- Number on multiple child protection plans has increased

There are a small number of indicators that are presented as narrative, this is due to indicators still being subject to due diligence prior to reporting, or it is not possible to report data due to COVID-19.
